Fultz Heads Wellsville Democrat Ticket

Bush Beats Knepper In Solicitor Bid

Republicans Trail In Total Vote With 526 Against 646 Of Foe

Clifford Fultz, city party chairman, won the Democratic nomination for mayor in a four-way race at Wellsville in Tuesday's primary, according to complete but unofficial returns.

Fultz, operator of the Blue Top Restaurant on Routes 7-30, won easily by almost 200 votes over his nearest opponent, Charles A. Lewis. The other candidates were Charles R. Donaldson and Oliver P. McAdoo. Their vote was:

Fultz	**321**
Donaldson	**61**
Lewis	**137**
McAdoo	**113**

Fultz will face incumbent Mayor William J. Shoub at the November general election. Shoub, who was unopposed, polled 462 votes yesterday.

The interest on the Republican slate was for city solicitor with incumbent William L. Bush defeating Atty. Raymond Knepper, city fiscal agent. Their vote was:

Bush	**285**
Knepper	**223**

Mrs. Margaret Baldwin, 1708 Maple Ave., was unopposed on the Democratic ticket for treasurer. She received 445 votes. The Democrats had no candidates for auditor or solicitor.

Mrs. Mary C. Rahter, former Council president, was unopposed on the Democratic ticket for renomination. She polled 499 votes.

With no race for Council-at-large, the three nominated were incumbent Robert E. Taggart, 1927 Chester Ave.; Roy L. Keister of Aten Ave. Ext., and Wilmer B. Ralston, 1712 Clark Ave. Floyd D. Hall, 807 Buckeye Ave., withdrew earlier. Taggart polled 411 votes, Ralston received 271 and Keister received 183.

Wellsville Approves Police Levy Renewal

Wellsville's 1-mill police levy passed easily at Tuesday's primary. A 55 per cent favorable vote was needed and it received 64. The levy, a renewal, received 720 favorable votes while only 398 opposed it. It provides the salaries of three officers.

Defeated at the November general election, it is for the tax years of 1959-60.

Union Presses Steel Producers

Everybody Getting Raises, Why Not Us? USW Argues

NEW YORK (AP) — The Steelworkers Union today pressed on seven more major steel producers its argument that "everybody else is getting new wage boosts, so why not us?"

That's the argument the union threw at United States Steel Corp. and three other top industry firms with which the union opened formal contract talks here Tuesday.

Seven more sets of talks start with different companies today and one Thursday so that an even dozen separate, though correlated bargaining sessions will be under way before the week is out.

These are only preliminaries. Four-man teams for the industry and union soon will settle down to the hard bargaining.

Out of a maze of conflicting industry and union economic statements—the union claiming it is entitled to a big new wage boost and other concessions, and the steelmakers claiming these would only upset an otherwise presently balanced economy—one major contention stood out.

The union said many other industries are granting sizable wage boosts to workers. So why, it asked in effect, all the fuss about this also happening in steel?

"In a number of industries where hourly earnings approximate earnings in steel," union economist Otis Brubacher told U.S. Steel, "wage increases have already been negotiated for 1959.

Brubacher said the Steelworkers don't intend to be left behind in a wage boost parade that is going on unhampered in the rest of the economy.

President Eisenhower is calling for a stop in that parade in steel. He hinted at a Washington news conference the government may intervene in some fashion if the steel talks veer toward another wage-price spiral.

Wages in the basic steel industry now average $3.03 an hour. The average steel price is estimated at $150 a ton. The current three-year contract brought the workers a package gain of 62½ cents an hour. Steel prices went up $24.50 a ton during the contract term.

R. Conrad Cooper, chief U.S. Steel negotiator who will also head the bargaining team for the entire industry, told the union that industry profits actually are not so lush as the union contends. They are inadequate, he said, to finance needed industry expansion and reward stockholders for their investment.

The whole argument boiled down to the classic one underlining every labor negotiation—what will workers sell their labor for in a stated period ahead? Economic arguments are collateral, though not conclusive.

Both sides in the crucial steel battle pledged to study the other's argument and do everything possible to reach a new agreement ahead of the June 30 expiration of present contracts, thus avoiding a July 1 shutdown.

Franko Crushes Kryzan

Suspended Judge Victor In Youngstown Mayor Bid

By The Associated Press

A former municipal judge and lawyer, suspended from the practice of law for acts the bar association branded as unethical, beat out the incumbent mayor for the Democratic nomination for mayor of Youngstown Tuesday.

Frank R. Franko's victory in the primary election added spice to otherwise normal balloting in Ohio.

Another highlight was the passage of a 4-million-dollar school bond issue in Lancaster—largest money-raising proposal of its type on any ballot in the state.

Franko, suspended as an attorney by the Ohio Supreme Court for unethical practices, crushed Youngstown Mayor Frank X. Kryzan's bid for an unprecedented fourth term.

In fact, Kryzan was dealt probably the worst blow of his political career by running last in a field of three Democratic contenders.

The Democratic nomination, from recent past experience, is practically tantamount to election in Youngstown, a steel center with a large labor vote. In the November election, Franko's opponent will be Edward J. Gilronan, a Republican who had no primary competition.

Franko had the backing of rebel Democrats and cornered 11,837 votes. Samuel Gould Jr., Mahoning County engineer, was a close second with 11,372 in the unofficial tally. Kryzan had 10,813.

The Supreme Court's decree in the Franko case was handed down last May 28. The court acted on the 16-1 recommendation of a panel of lawyers it had appointed to study the case.

At a hearing conducted by three members of the panel, it was brought out that while Franko was

Fire Sweeps Ancient Home

$6,000 Loss Seen At Highlandtown

The interior of a 19th Century home just west of Highlandtown was burned out late Tuesday afternoon, causing damage estimated at around $6,000.

The combination frame, brick and shingled home of Mrs. Victoria Jenkins, 81, was swept by flames about 4 p. m. while she was visiting a daughter.

Highlandtown volunteer firemen extinguished the blaze with the aid of Salineville volunteers, who arrived in two trucks.

Sterling Jenkins, a son of Mrs. Jenkins who resides in a newer home nearby, said the blaze was first discovered by some of his sons who were playing ball in a adjacent field.

Neither Jenkins nor firemen could determine the cause of the fire which may have spread from a bedroom. A refrigerator and deep freeze unit, both scorched, were removed from the kitchen, along with a breakfast set.

But other downstairs furniture, along with furniture stored on the second floor, were lost Jenkins said. He said the loss is covered by insurance. Jenkins, who was at work at the time, said the house is close to 100 years old.

Record Fast Count Made Of Primary

Light Vote, Quick Returns Aid; Voting Machines Get Trial

A combination of factors, particularly a light vote and a quick, flawless count, helped the Columbiana County Election Board set a 20-year record Tuesday night in tabulating returns from the primary elections.

Instead of working bleary-eyed into the wee hours of this morning, the staff had completed the job and was ready to head home for bed at 10:15 p. m. Although no accurate records exist on the speed of counts many years ago, it was the quickest tabulation in at least 20 years and it may have established a new all-time record.

—:—

THE COUNT AFTER the 1957 municipal election was considered rapid, but it was not finished until shortly before midnight. In the more complicated Presidential and statewide elections, the staff expects to work until at least 2 a. m. and sometimes is on duty as late as 4. It cannot quit until the last precinct has reported and the final figure has been entered onto charts and added into the totals.

Voting machines demonstrated their speed in trials in East Palestine and Lisbon, contributing to the rapid caluculation of totals. When the polls closed, the precinct staffs pulled a lever like an adding machine to obtain totals—a far cry from laborious counting of paper ballots.

The East Palestine totals were complete 20 minutes after the polls closed. Lisbon's totals were ready 30 minutes after the voting ended.

The count was almost as quick in other communities using paper ballots. The light vote contributed to the quick count. By 9 last night, the Election Board had final reports from Salineville, East Palestine, Wellsville, Lisbon and Lee-

Warner Defeats Tullis In Council President's Race

Council President B. E. Warner won nomination to a second term on the Republican ticket in the municipal primaries Tuesday, defeating the only Council member who voted against re-enactment of the municipal income tax, H. A. Tullis of the First Ward.

The five other GOP councilmen who sought renomination also were successful. But Council will have at least two new faces in the 1960-61 term because Tullis gave up his seat to oppose Warner and Councilman W. E. Kaiser of the Third Ward did not run for a second term.

Although Tullis made his opposition to the income tax a campaign issue, Warner defeated him by a margin of 462 votes. Complete but unofficial returns showed:

Warner	**1,129**
Tullis	**667**

Warner, manager of the Milligan Hardware & Supply Co. store, became Council president Jan. 1, 1958, succeeding Bert H. Goodballet, Democrat, who gave up the post to run unsuccessfully for mayor. Tullis also was elected to Council two years ago, succeeding Robert Owen, Democrat, who ran unsuccessfully for the Council presidency.

Three veteran councilmen-at-large won renomination in a five-man race. Republicans also renominated William Y. Orr of the Second Ward for a fourth term and Samuel B. Webber of the Fourth Ward for a second term.

Councilmen A. Stanley Kidder, Robert W. Sample Jr. and George E. Willshaw were renominated as at-large members of the GOP, defeating J. E. Curry, former president of the Board of Education, and Harry Wilson, operator of a neighborhood grocery and a former four-term councilman.

The vote showed:

Sample	**1,187**
Willshaw	**985**
Kidder	**838**
Curry	**743**
Wilson	**690**

In the Nov. 2 general election, Warner will oppose Charles N. Edwards, veteran Mulberry St. barber, who won the Democratic nomination for Council president over

2 Sides In Ware Strike To Meet With Mediator

Spokesmen for pottery industry labor and management indicated today they will meet Thursday at 10 a. m. with a federal mediator, who requested the session after wage negotiations between the two sides broke down for the second time Tuesday morning.

A strike that halted production in 11 dinnerware plants became 3 weeks old today. Affecting 5 plants in the East Liverpool area, it has idled about 3,500. The sessions tomorrow evidently will be separate, with the mediator conferring alternately with the two sides. The meeting will be in the USPA office.

John M. Cabot Seen As Next Brazil Envoy

WASHINGTON (AP) — John M. Cabot, a career foreign service officer, reportedly is in line to be ambassador to Brazil, the job Clare Boothe Luce quit three days after the Senate confirmed her.

Mrs. Luce won Senate confirmation last week in spite of a bitter fight against her nomination by Sen. Wayne Morse (D-Ore). But she could not resist a parting shot that her troubles began when Morse was kicked in the head by a horse.

That brought a new uproar in the Senate and on Friday she resigned, saying Morse would continue to harass her in the ambassadorship.

There has been considerable feeling in the Senate that the job should go to a career State Department officer. Tuesday night an authoritative source reported that President Eisenhower will submit Cabot's name in the next few days.

Lindner Loses 6th Term Bid At Salineville

Leishman Captures GOP Nomination To Run For Mayor Post

SALINEVILLE — Mayor Karl Lindner's bid for nomination to a sixth term was halted by Kenneth Leishman, who won by 6 votes in the Republican primary Tuesday, according to complete but unofficial returns. The vote was:

Lindner	**140**
Leishman	**146**

Leishman, a lumber operator who lost to Lindner 2 years ago by 38 votes, won in 3 of the 4 village precincts.

The breakdown in voting was: Precinct A — Lindner 21, Leishman 24; Precinct B — Lindner 59, Leishman 31; Precinct C — Lindner 37, Leishman 41, and Precinct D — Lindner 23, Leishman 50.

Stanley Fitch defeated James Pastore for the Democratic mayoralty nomination, and will face Leishman in November. The vote was:

Fitch	**95**
Pastore	**31**

Fitch, of the West End, an employe of MacCombers, Inc., at Canton, won all four precincts over Pastore, a former councilman;

GOP Contest At Lisbon Won By Hempstead

Clerk-Treasurer Incumbent Defeats Hiscox By 94 Votes

LISBON — Incumbent Clerk-Treasurer Ray Hempstead won the Republican primary Tuesday, posting a 94-vote margin over Twing Hiscox, according to complete but unofficial returns. The vote was:

Hempstead	**350**
Hiscox	**256**

Councilmen Richard Bloor and Robert Kelm won renomination in the seven-way GOP contest for six Council seats which saw Robert Lower, Alfred Steele, Joseph Dornan and Raymond Dixon also win, posting more votes than the incumbents. John D. England trailed.

Lower	**426**
Steele	**424**
Dornan	**398**
Dixon	**398**

Despite Course Of Talks

There Will Be No Trouble In Berlin, Reds Chief Says

FRANKFURT, Germany (AP) —Soviet Premier Nikita Khrushchev says there won't be any trouble in Berlin, whatever length and course forthcoming international talks may take.

He made the remarks to a group of visiting West German Socialist editors in Moscow. The interview was carried in several German and Austrian newspapers today.

Khrushchev reiterated; however, that if no agreement on a German peace treaty were reached, the Soviet Union would go ahead and sign a separate one with East Germany.

Then, said Khrushchev, the Allied occupation of West Berlin would come to an end, and control over Western access routes to Berlin must be exercised by East Germans.

It was Khrushchev's warning that the Soviets would cede control rights over Allied communications with Berlin that brought on the German crisis and led to the calling of an East-West foreign ministers conference in Geneva to start next Monday.

Khrushchev said the problem of a European security system should not be linked with a peace treaty for Germany. This was an apparent rejection of a package plan for settling European problems that the West has ready to present at Geneva.

He said that a German peace treaty was the top issue for the present.

He said the Soviet Union was agreeable to the withdrawal of all foreign troops from East and West Germany. And, if the NATO members withdrew their forces behind the boundaries of their own countries, then, said Khrushchev, the Soviet Union would withdraw its forces from Hungary and Poland.

Finally, the Soviet leader told the editors that the German question was a problem of war or peace.

Democrats Pick Cooper For Solicitor

Former Councilman And Lawrence To Be Opponents Nov. 3

East Liverpool's Democratic voters Tuesday named Bert H. Goodballet, a veteran of 16 years in City Council, to oppose Mayor Fred P. Lawrence, Republican, in the Nov. 3 general election. Lawrence was nominated for a second term without opposition.

Goodballet, a Martin St. potter, scored a comparatively easy victory over Robert Owen, a Mulberry St. hardware store proprietor and former First Ward councilman, and James Moore, operator of a River Rd. diner.

Complete but unofficial returns from the 32 precincts showed:

Goodballet	**988**
Owen	**797**
Moore	**478**

Goodballet's margin over Owen was 191. Thanks to the three-way mayoralty race, and the fact Lawrence was unopposed, the Democratic turnout at the polls yesterday exceeded the Republican's vote for the first time in many years.

Lawrence received 1,594 complimentary votes in his unopposed bid. He was nominated with write-in votes at the 1957 municipal primaries and won his current term the following November with a victory over Goodballet, also the Democratic nominee two years ago. In the 1957 voting, Lawrence polled 4,379 to Goodballet's 2,121.

Goodballet left public office two years ago, when he stepped down from the Council presidency to run for mayor. He served 11 years as First Ward councilman and 5 years as president.

Mayor Lawrence took office Jan. 1, 1958, succeeding Arnold W. Devon, Democrat. He operates Sayre Electric Contracting, Inc., and Sayre Electric Retailing, Inc., on Market St.

Another Democratic race took second billing in the citywide voting. Solicitor Joseph W. Cooper won nomination — actually re-election because he will be unopposed in November — by defeating Lawrence W. Smith Jr., a practicing attorney since 1941.

Cooper virtually is assured of election, as Republicans had no candidate for solicitor, although there was a scattering of write-ins.

The unofficial total showed:

Cooper	**1,180**
Smith	**1,015**

Cooper is seeking his fifth term.

Ex-Officeholder Wins At Steubenville

STEUBENVILLE—Former Mayor Samuel S. McCormick edged out — by 60 votes — his Democratic opposition — Andrew Soltis Jr. — for the mayoralty nomination in Tuesday's primary, according to complete but unofficial results.

McCormick will battle it out with incumbent Republican Mayor Michael J. Cody in the November election. Cody was unopposed Tuesday. The vote was:

McCormick	**2,665**
Soltis	**2,605**

Two upsets marked the primary as Republican incumbent Fifth Ward Councilman Robert Bell — currently serving his 10th consecutive term — was defeated by Charles Sterling, a newcomer.

The vote was:

Sterling	**406**
Bell	**367**

The other upset was recorded when another newcomer, William Sullivan, defeated First Ward Democratic Council incumbent, Anthony DiVittorio.

The vote was:

Sullivan	**576**
DiVittorio	**357**

LeRoy G. Schell, Democratic city solicitor, won renomination by polling 2,929 votes to 2,076 for Alvin Savinell.

Lindner Loses 6th Term Bid At Salineville

Leishman Captures GOP Nomination To Run For Mayor Post

SALINEVILLE — Mayor Karl Lindner's bid for nomination to a sixth term was halted by Kenneth Leishman, who won by 6 votes in the Republican primary Tuesday, according to complete but unofficial returns. The vote was:

Lindner	**140**
Leishman	**146**

Leishman, a lumber operator who lost to Lindner 2 years ago by 38 votes, won in 3 of the 4 village precincts.

The breakdown in voting was: Precinct A — Lindner 21, Leishman 24; Precinct B — Lindner 59, Leishman 31; Precinct C — Lindner 37, Leishman 41, and Precinct D — Lindner 23, Leishman 50.

Stanley Fitch defeated James Pastore for the Democratic mayoralty nomination, and will face Leishman in November. The vote was:

Fitch	**95**
Pastore	**31**

Fitch, of the West End, an employe of MacCombers, Inc., at Canton, won all four precincts over Pastore, a former councilman;

GOP Contest At Lisbon Won By Hempstead

Clerk-Treasurer Incumbent Defeats Hiscox By 94 Votes

LISBON — Incumbent Clerk-Treasurer Ray Hempstead won the Republican primary Tuesday, posting a 94-vote margin over Twing Hiscox, according to complete but unofficial returns. The vote was:

Hempstead	**350**
Hiscox	**256**

Councilmen Richard Bloor and Robert Kelm won renomination in the seven-way GOP contest for six Council seats which saw Robert Lower, Alfred Steele, Joseph Dornan and Raymond Dixon also win, posting more votes than the incumbents. John D. England trailed.

Lower	**426**
Steele	**424**
Dornan	**398**
Dixon	**398**
Kelm	**388**
Bloor	**298**
England	**295**

Mayor John Todd heads the Democratic slate but there was no primary for the party because of the lack of contests.

Mayoral Race Proves Close

Ex-Officeholder Wins At Steubenville

STEUBENVILLE—Former Mayor Samuel S. McCormick edged out — by 60 votes — his Democratic opposition — Andrew Soltis Jr. — for the mayoralty nomination in Tuesday's primary, according to complete but unofficial results.

McCormick will battle it out with incumbent Republican Mayor Michael J. Cody in the November election. Cody was unopposed Tuesday. The vote was:

McCormick	**2,665**
Soltis	**2,605**

Two upsets marked the primary as Republican incumbent Fifth Ward Councilman Robert Bell — currently serving his 10th consecutive term — was defeated by Charles Sterling, a newcomer.

The vote was:

Sterling	**406**
Bell	**367**

The other upset was recorded when another newcomer, William Sullivan, defeated First Ward Democratic Council incumbent, Anthony DiVittorio.

The vote was:

Sullivan	**576**
DiVittorio	**357**

LeRoy G. Schell, Democratic city solicitor, won renomination by polling 2,929 votes to 2,076 for Alvin Savinell.

Despite Course Of Talks

There Will Be No Trouble In Berlin, Reds Chief Says

FRANKFURT, Germany (AP) —Soviet Premier Nikita Khrushchev says there won't be any trouble in Berlin, whatever length and course forthcoming international talks may take.

He made the remarks to a group of visiting West German Socialist editors in Moscow. The interview was carried in several German and Austrian newspapers today.

Khrushchev reiterated; however, that if no agreement on a German peace treaty were reached, the Soviet Union would go ahead and sign a separate one with East Germany.

Then, said Khrushchev, the Allied occupation of West Berlin would come to an end, and control over Western access routes to Berlin must be exercised by East Germans.

It was Khrushchev's warning that the Soviets would cede control rights over Allied communications with Berlin that brought on the German crisis and led to the calling of an East-West foreign ministers conference in Geneva to start next Monday.

Khrushchev said the problem of a European security system should not be linked with a peace treaty for Germany. This was an apparent rejection of a package plan for settling European problems that the West has ready to present at Geneva.

He said that a German peace treaty was the top issue for the present.

He said the Soviet Union was agreeable to the withdrawal of all foreign troops from East and West Germany. And, if the NATO members withdrew their forces behind the boundaries of their own countries, then, said Khrushchev, the Soviet Union would withdraw its forces from Hungary and Poland.

Finally, the Soviet leader told the editors that the German question was a problem of war or peace.

Fire Sweeps Ancient Home

$6,000 Loss Seen At Highlandtown

The interior of a 19th Century home just west of Highlandtown was burned out late Tuesday afternoon, causing damage estimated at around $6,000.

The combination frame, brick and shingled home of Mrs. Victoria Jenkins, 81, was swept by flames about 4 p. m. while she was visiting a daughter.

Highlandtown volunteer firemen extinguished the blaze with the aid of Salineville volunteers, who arrived in two trucks.

Sterling Jenkins, a son of Mrs. Jenkins who resides in a newer home nearby, said the blaze was first discovered by some of his sons who were playing ball in a adjacent field.

Neither Jenkins nor firemen could determine the cause of the fire which may have spread from a bedroom. A refrigerator and deep freeze unit, both scorched, were removed from the kitchen, along with a breakfast set.

But other downstairs furniture, along with furniture stored on the second floor, were lost Jenkins said. He said the loss is covered by insurance. Jenkins, who was at work at the time, said the house is close to 100 years old.

Local 131. Due to the strike we will not have our regular meeting tonight. Our next meeting will be Wed., April 13. All members please attend. By order of Pres.—Ad.

Franko Crushes Kryzan

Suspended Judge Victor In Youngstown Mayor Bid

By The Associated Press

A former municipal judge and lawyer, suspended from the practice of law for acts the bar association branded as unethical, beat out the incumbent mayor for the Democratic nomination for mayor of Youngstown Tuesday.

Frank R. Franko's victory in the primary election added spice to otherwise normal balloting in Ohio.

Another highlight was the passage of a 4-million-dollar school bond issue in Lancaster—largest money-raising proposal of its type on any ballot in the state.

Franko, suspended as an attorney by the Ohio Supreme Court for unethical practices, crushed Youngstown Mayor Frank X. Kryzan's bid for an unprecedented fourth term.

In fact, Kryzan was dealt probably the worst blow of his political career by running last in a field of three Democratic contenders.

The Democratic nomination, from recent past experience, is practically tantamount to election in Youngstown, a steel center with a large labor vote. In the November election, Franko's opponent will be Edward J. Gilronan, a Republican who had no primary competition.

Franko had the backing of rebel Democrats and cornered 11,837 votes. Samuel Gould Jr., Mahoning County engineer, was a close second with 11,372 in the unofficial tally. Kryzan had 10,813.

The Supreme Court's decree in the Franko case was handed down last May 28. The court acted on the 16-1 recommendation of a panel of lawyers it had appointed to study the case.

At a hearing conducted by three members of the panel, it was brought out that while Franko was

John M. Cabot Seen As Next Brazil Envoy

WASHINGTON (AP) — John M. Cabot, a career foreign service officer, reportedly is in line to be ambassador to Brazil, the job Clare Boothe Luce quit three days after the Senate confirmed her.

Mrs. Luce won Senate confirmation last week in spite of a bitter fight against her nomination by Sen. Wayne Morse (D-Ore). But she could not resist a parting shot that her troubles began when Morse was kicked in the head by a horse.

That brought a new uproar in the Senate and on Friday she resigned, saying Morse would continue to harass her in the ambassadorship.

There has been considerable feeling in the Senate that the job should go to a career State Department officer. Tuesday night an authoritative source reported that President Eisenhower will submit Cabot's name in the next few days.

2 Sides In Ware Strike To Meet With Mediator

Spokesmen for pottery industry labor and management indicated today they will meet Thursday at 10 a. m. with a federal mediator, who requested the session after wage negotiations between the two sides broke down for the second time Tuesday morning.

A strike that halted production in 11 dinnerware plants became 3 weeks old today. Affecting 5 plants in the East Liverpool area, it has idled about 3,500. The sessions tomorrow evidently will be separate, with the mediator conferring alternately with the two sides. The meeting will be in the USPA office.

Special meeting Local 4, Thurs., May 7, 7:30 p. m. IBOP Bldg., Room 4, to sign for strike benefits. By order of Pres.—Ad.

Early	557
Patton	525
Smith	490
Grappo	316

Second Ward Councilman Paul Adams defeated John A. Davis for renomination in the only other Republican contest:

Adams	165
Davis	46

On the Democratic slate, Homer Freer, unopposed for the mayoralty nomination, received 221 votes, in the first party primary in this city in several years.

In a six-way race for three Council-at-large posts, winners were Ernest Coff, Robert Figley and Mrs. Sylvia Hartman over Paul Geiger, Donald Gallatin and George Malena. The vote was:

Coff	171
Figley	113
Hartman	103
Geiger	99
Gallatin	66
Malena	56

For the Democratic First Ward Council nomination, James McCarthy defeated William Cope:

McCarthy	44
Cope	18

In the Third Ward, Joseph Colella won by three votes over incumbent Clarence E. Freer:

Colella	32
Freer	29

Ernest Gotthardt won the Fourth Ward Council nomination over John H. Davis:

Gotthardt	43
Davis	24

Joseph Hill, unopposed Democratic candidate for Second Ward Councilman, received 41 votes.

Other party candidates unopposed were Milton Breckenridge for Council president, 200 votes; Richard Keating for auditor, 146 votes, and Donald Young for treasurer, 208 votes. The Democrats had no candidate for solicitor.

On the rest of the Republican slate, where candidates were unopposed, Robert Morris received 620 votes for Council president; incumbent Auditor George Archibald, 622 votes; incumbent Treasurer Charles Gandy 613, and incumbent Solicitor Atty. Jack Cohen, 698.

First Ward Councilman Howard Moore received 136 token votes, John Dean received 101 for the Third Ward Council post, and incumbent Charles Kelley received 211 for renomination.

A total of 794 Republicans voted, a little below the average election, observors noted. A total of 246 Democrats cast ballots.

Striking Dredge Workers Resume Cleveland Work

CLEVELAND (AP) — Striking dredge workers removed their picket line from the new West Sixth Street pier and work on the pier was resumed Tuesday.

Work on the pier had been halted since the strike of four unions against dredging companies started April 15. Construction workers and truck drivers refused to cross the picket line.

The pier itself is not involved in the strike, but a picket line was established because of scheduled dredging operations there.

The pickets were removed at the request of Port Director William J. Rogers, who assured the unions that dredging would not be attempted at the pier while the strike is in progress.

The unions, all affiliates of the AFL-CIO International Brotherhood of Longshoremen, are seeking higher wages. Negotiations in Detroit are in recess. About 1,200 union members are involved in the strike, here and in other great lakes ports.

Rail Hearing Set

COLUMBUS, Ohio (AP)—A June 10 hearing has been scheduled here for arguments of the Nickel Plate Railroad on why it should be allowed to discontinue two passenger trains between Cleveland and the Indiana State line.

Club To Sponsor Youth To Camp

Sponsorship of a boy or girl to a summer camp was approved by the Chester Kiwanis Club Board of Directors following a meeting of the club Tuesday night at the City Hall auditorium.

The club will underwrite expenses of sending a young person to Camp Horseshoe June 14-20.

Eugene Seeley announced the 14th annual charter program and "Ladies Night" will be held May 19 at the Durbin Memorial Center of the Methodist Church. Reservations should be made by May 15.

Atty. T. Jackson Hawkins of New Martinsville spoke on the history of the West Virginia Insurance Management Corp., of which he is a director.

Guests were Bob Elphinstone and Sam Pipes of the high school Key Club, John Hunter of Wheeling and the Rev. Robert Backstrom.

R. M. McFarland, president, announced 16 honor students from the high school will be guests at the next meeting Tuesday night.

School Head Talks To Pughtown PTA

Robert H. Hall, superintendent of Hancock County schools, pointed out the need for an extensive improvement program in the county school system at the meeting of the Parent - Teacher Association Monday night in the Pughtown School.

The county superintendent explained how the plan will be financed if voters approve a 50 per cent school levy at a special election May 19.

The proposed program would include additional training for teachers, a physical fitness program in all grades, and guidance and remedial reading programs.

Officers elected last meeting were installed by Mrs. James Arehart. Mrs. Lester Hill was appointed new president to succeed Leo Weyrich. Weyrich was elected president but could not accept the position because of other commitments.

It was the final meeting of the term.

Bakery Union May Join Teamsters, Report Says

NEW YORK (AP)—The Bakery and Confectionery Workers International Union may merge with the Teamsters Union headed by James R. Hoffa, it was reported today.

The possibility was aired in a Washington dispatch to the New York Times, which quoted Hoffa as saying merger talks were far advanced.

This union, like the Teamsters, was expelled from the AFL-CIO on charges of corruption. The AFL-CIO subsequently set up its own such organization, the American Bakery and Confectionery Workers Union.

3 Midland Teachers To Be Cited At Dinner

Three veteran teachers in Midland schools will be honored at the annual Board of Education-faculty dinner tonight at 6 at the Serbian Club. Some 80 are expected to attend.

Ben Kaye, Miss Karin Oberg and Mrs. Margaret Blumac will receive certificates for 20 years' service during the program.

Lawrence D. Smith, Beaver Falls school superintendent, will be the speaker. Ralph H. Jewell, Midland superintendent, will preside.

Officers Are Inducted By Music Association

New officers for the Civic Music Association were installed Monday night at a meeting in the office of Asst. Supt. Paul Blair at the high school.

Seated were Ernest Lowe, president; Mrs. William H. Vodrey, vice president; Mrs. William Malkin, secretary, and Frank Richmond, treasurer.

The period from Sept. 14-26 was set tentatively for the annual membership campaign.

The pier itself is not involved in the strike, but a picket line was established because of scheduled dredging operations there.

The pickets were removed at the request of Port Director William J. Rogers, who assured the unions that dredging would not be attempted at the pier while the strike is in progress.

The unions, all affiliates of the AFL-CIO International Brotherhood of Longshoremen, are seeking higher wages. Negotiations in Detroit are in recess. About 1,200 union members are involved in the strike, here and in other great lakes ports.

School Head Talks To Pughtown PTA

Robert H. Hall, superintendent of Hancock County schools, pointed out the need for an extensive improvement program in the county school system at the meeting of the Parent - Teacher Association Monday night in the Pughtown School.

The county superintendent explained how the plan will be financed if voters approve a 50 per cent school levy at a special election May 19.

The proposed program would include additional training for teachers, a physical fitness program in all grades, and guidance and remedial reading programs.

Officers elected last meeting were installed by Mrs. James Arehart. Mrs. Lester Hill was appointed new president to succeed Leo Weyrich. Weyrich was elected president but could not accept the position because of other commitments.

It was the final meeting of the term.

Bakery Union May Join Teamsters, Report Says

NEW YORK (AP)—The Bakery and Confectionery Workers International Union may merge with the Teamsters Union headed by James R. Hoffa, it was reported today.

The possibility was aired in a Washington dispatch to the New York Times, which quoted Hoffa as saying merger talks were far advanced.

This union, like the Teamsters, was expelled from the AFL-CIO on charges of corruption. The AFL-CIO subsequently set up its own such organization, the American Bakery and Confectionery Workers Union.

3 Midland Teachers To Be Cited At Dinner

Three veteran teachers in Midland schools will be honored at the annual Board of Education-faculty dinner tonight at 6 at the Serbian Club. Some 80 are expected to attend.

Ben Kaye, Miss Karin Oberg and Mrs. Margaret Blumac will receive certificates for 20 years' service during the program.

Lawrence D. Smith, Beaver Falls school superintendent, will be the speaker. Ralph H. Jewell, Midland superintendent, will preside.

Officers Are Inducted By Music Association

New officers for the Civic Music Association were installed Monday night at a meeting in the office of Asst. Supt. Paul Blair at the high school.

Seated were Ernest Lowe, president; Mrs. William H. Vodrey, vice president; Mrs. William Malkin, secretary, and Frank Richmond, treasurer.

The period from Sept. 14-26 was set tentatively for the annual membership campaign.

Hitting A Nail On The Head

United Steelworkers can promise at the outset of negotiations for a new contract this year to demolish every argument against a round of wage-price boosting, but one argument is going to take a lot of demolition.

It is the argument that the U.S. steel industry must be concerned about its competitive position relative to steel produced abroad. If employment costs in the United States get wholly out of line with employment costs in other steel - producing nations, the United States will be at a hopeless disadvantage in selling steel both abroad and at home.

"In the past we could meet such disparities in employment costs because of abundant capital, better tools and methods," explained Roger M. Blough, chairman of the board of U.S. Steel Corp. at the annual stockholders' meeting this week. "Today, however, foreign producers are adopting the latest and very best of equipment and methods."

Hence, the steel industry's stress on the importance of making enough profit to keep its equipment and methods up to date. Hence, its belief that another boost in wage rates and prices would be a foolish thing to do in 1959. Mr. Blough "nailed down" his argument with an illustration.

"This box contains American nails," he said, showing his audience an ordinary nail box. "The sales price for 100 pounds of American nails is $10.30. But the price for 100 pounds of European nails is $6.90, delivered in America. Why? . . . Since 1950 the American steelworker has received more in wage increases than the total wages received by a German steelworker in 1957. In 1957 the estimated total employment cost per hour in Germany was $1; in the United Kingdom it was 90 cents. In Japanese mills the total employment cost per hour was 46 cents. The United States figure of $3.22 in 1957 was three to seven times higher than these foreign employment costs."

There is no way to know what negotiators in the steel industry talk about in their sessions. Come to think of it, the public never knows what goes on in these meetings, whether they're in steel, automobiles, rubber, or coal. The public learns only what spokesmen for the contending parties want it to hear.

It would be interesting to hear something—anything—about foreign competition in 1959 as negotiating teams for management and the steelworkers' big union settle down to business.

Presidency Took A Beating, Too

It is of small consequence that Harry Truman has added his voice to the critics of the third-term amendment.

The amendment is not likely to be repealed. Even those who believe it was a mistake have no real hope for getting rid of it. From now on, all presidents will point to it as a source of trouble and many other policians will deplore its existence, but the damage has been done.

Nor was the damage confined to the thing Congress was aiming at in 1948 when it started the 22nd amendment on its way to ratification, which was to be delayed until 1951. The target then was the possibility some future president might follow Franklin D. Roosevelt's precedent of running until he ran out of steam.

But as it has turned out, the effect has been to weaken the presidency as the symbol of executive power. Even a first-term president is affected by the knowledge that his authority will be limited to eight years at the most and that he will be a political "lame duck" in his second term.

This presidential limitation is in contrast with the unlimited terms of members of Congress, especally from one-party Southern districts and states where party wheelhorses pile up seniority.

With their seniority they drill into the bedrock of Washington until they are anchored for life. They watch presidents and executive appointees come and go. Only the members of the judiciary can match them in jobholding security and the know-how that comes from long familiarity with the inside workings of the government.

Now that the politicians in Congress have done away with the possibility that a president might become as secure in office as they are, the presidency is undergoing a change that may be a milestone in its evolution. It is changing by slow degrees into a position of honor, with the real power of government residing in the chairmen of the powerful committees of Congress—a panel of prime ministers, so to speak, who deal first-hand with the functions of government while the president presides over its formalities—for a limited term only.

'Father May I Have The Whatzis?'

The possibility that individuals may do something important while governments are marching up and down hill and dissipating the people's strength is brightened by a contraption that will run on land, on water and in the air.

Ogden L. Martin of Fremont, Neb., has put such a whatzis together and obtained Federal Aviation Agency approval to test it. It is a variation of a flying wing, with adaptations to make it suitable for operation on highways and on water. Judged by appearance, it also would make a snug overnight shelter, a small chicken coop, or a portable summer house.

The idea is not to make light of it but to give a boost to the most logical development awaiting the touch of genius in transportation.

Millions now consider automobiles to be indispensable.

Many of these millions would feel the same way about an airplane if two things could be changed about planes as they exist now—high cost and high risk.

Meanwhile, other millions have been taking up boating, to the extent that it is the fastest - growing thing of its kind.

The well equipped American these days may require both an automobile and a boat to support his version of Gracious Living. He could be talked into an airplane, too, if he could afford it and risk it.

This is where Ogden L. Martin can make his impact. Eventually, someone will do it, and it might as well be Ogden Martin of Fremont, Neb., as two or three other fellows. The vehicle of the future will be three in one just as sure as they finally learned to put the pork, the beans and the catsup into the same tin can.

The Once Over

By H. I. Phillips

Field Marshal Montgomery and Khrushchev have had a conference and here goes with another imaginary tape recording:

Khrush: Do you wish to tell me what's wrong with everybody, unassisted or shall I help?

Monty: Placing blame is a matter I can handle alone.

Khrush: You are for world peace?

Monty: I am for it if it takes my last broadside of criticism.

Khrush: What's the real difficulty over the summit meeting?

Monty: People don't understand summits. They have no summit blueprints. If I had been doing this summit job I would have identified the summit, analyzed the ascent and guaranteed the results.

Khrush: Why is the free world distrustful of me?

Monty: That's a hard question to answer so I shall answer it at once. There is no one great leader in charge of the free world; no single man who has the outstanding ability to analyze the situation. Its leaders differ in opinions. This is a regular "dogs breakfast." The free world should put the entire matter in charge of one competent man about 5 feet, 10, British, a writer of memoirs and a fellow who wears a distinctive hat. This goes for Russia, too.

Khrush: Why am I so opposed in my West Berlin stand?

Monty: You're a little too old, you know, and not in the pink. You tire easily writing notes. Your top men are not too well. Gromyko doesn't look good. Zorin is taking aspirin. I hear Malinovsky watches TV commercials showing what goes on in the human digestive tract after taking certain medicines. You are not your old self at cocktail parties, to be quite frank. On both sides everybody is sick, sick, sick, BUT ME!

PROPOSED MERGER of Lackawanna with Erie brings to mind famous Phoebe Snow jingles, with new version called for:

Says Phoebe Snow about to go
Upon the Road of Anthracite,
If I come through as clean as new
The Erie, too, helps keep me white.

II

With dimpled face, all full of grace
Fair Phoebe joins the snow-white list;
Her journey bright now makes it right
To give the Erie one "assist."

ONE THING nobody will ever say to Harry Truman: "So you WON'T TALK!"

Panama invasion is being held up by failure of one member of the army to show up.

Mayor Wagner says New York subways are not for sale. The decision came so late hizzoner must have been taking a local.

A Long Island lawyer has shot two huge polar bears in Alaska. Bears should have counsel in contacts with any attorney. If smart they would have at least asked for change of venue. They could have retained Bennett Williams to prove (1) they were peaceful polar bears waiting for a trolley; (2) they were unarmed, kindly and left their ice cave because it had been "bugged"; (3) they had a constitutional right to expect the lawyer would present his arguments before shooting.

DEBBIE REYNOLDS is making a great personal triumph in "Mating Game," her new movie, which brings cheers from folks who were moved by rough break in domestic life. She's delightful in a very funny pix. Gov. Rockefeller has asked a public inquiry of Commissioner Monaghan's acts as harness racing czar. Both sides must now stop horsing around, so to speak.

Castro denies he knows anything about those Cubans in the Panama invasion. Maybe its hard for him to see clearly through the cigar smoke. Incidentally Bobby Clark, famous comedian, claims Castro is stealing that cigar routine.

In Brigette Bardot film jealous lover cuts her clothes to bits. Where does he find them and how?

Harry Truman can go pretty far into the outfield for a wisecrack and he made a lot of folks wince when, with ex-Secretary Dulles on a bed of pain, he said, "If I had been President I would have been glad to let those three go," in response to question whether he thought Ike would have it tougher through retirement of Humphrey, Adams and Dulles. How cruel can you get?

And Not A Gas Station In Sight

House Readies Labor Reform Bill

By Victor Riesel

Fireworks in July will not all explode on the Fourth. About two weeks later, labor leaders will be sending up flares from Capitol Hill, summoning their friends back from the lakes and European inspection trips, because it now appears that the union reform bill which will be placed on President Eisenhower's desk will be a lot tougher than even he wants.

Victor Riesel

This will be the result of what the angered senator from Arkansas told the resolved representative from North Carolina during a month of conferences on how to smash the rackets inside labor and industry.

For more than four weeks early in this session, Sen. McClellan worked closely and privately with Rep. Graham Barden, chairman of the House Labor Committee. Each then wrote a bill. As Mr. Barden put it to me the other day, those "bills are kissin' cousins." John McClellan stormed the Senate and pushed through part of his proposals against the crime syndicate's invasions.

NOW THE FIGHT for a tougher law is a sort of subdued rage deep in the House. The battling is over the Barden bill. Among other things, this bill would have the unions register with the secretary of labor, who can withhold a certification if the records filed are crooked. No certificate — no tax exemption for the union and no rights before the National Labor Relations Board.

Furthermore, this bill gives the secretary of labor the right to cancel a certificate of union operation if crooks take over. The Cabinet member can also oust wrongdoing union officials.

The Barden bill would prevent any union from using dues, union expense accounts, autos or other property or salaried officials for politicking or lobbying in Washington or state capitals. There are sections which could end industry-wide, coast-to-coast strikes and charge unions with monopoly power.

And there is a bill of rights similar to what Sen. McClellan pasted onto the Kennedy - Erwin bill passed by the Senate last week.

OTHER representatives will attempt to outlaw all picketing except during an actual strike. A push will be made to prevent a union from striking against a company handling goods of another firm which is on strike. This is the secondary boycott.

There will even be a drive for a national right-to-work law — which means a federal ban on collective bargaining contracts which call for workers to join unions and have their dues checked off.

Certainly all this won't be in the final draft when it's laid before the President. But those who know how the House of Representatives operates say that some of the toughness will be forced on the Senate version. Here's why:

A majority of the House, which includes many Democrats of course, is far more conservative and neutral on labor than the Senate. New York, for example, has two Republican senators, Jack Javits and Kenneth Keating. After conferencing with labor officials, they voted for an easier Senate bill.

BUT THERE ARE 43 representatives in the House from the Empire State. Of these, some 16 to 18 are for tough anti-racket laws. Multiply this by many states.

Alabama and Texas, for example, have senators friendly to labor. But there are many times that many representatives from those states who are neutral and more determined than the upper house men.

All this will become apparent sometime between May 15 and June 1. Rep. Barden tells me that during those weeks his committee will begin discussing the bill it hopes to send out on the House floor. By July, the House should have a go at it. By mid-July the House document will be put alongside the Senate bill. The consensus is that the Senate will have to bend in conference.

"We'll have a bill for the President's signature," Rep. Barden says. "Everybody knows the public wants one that will keep law and order. If we don't get one now, it will be another five or 10 years before we do. So one will pass — but a good one."

Three Names, One Idea

By Raymond Moley

Harassed congressmen and senators must be utterly distracted in trying to discover what they are asked to vote upon. Certainly the innocent bystander, the taxpayer who must pay the bills, is completely in the dark. And this writer, whose business is to follow and comment upon current legislaton, has until recently been greatly confused about the distinctions, if any, among three costly schemes before Congress. These are Urban Renewal, Area Redevelopment and Community Facilities.

At first glance, they all mean the same thing. All would pour billions of federal money into cities. All have to do with building and all are the assumption of responsibilities by the federal government of activities which used to be financed and promoted by local governments and local private corporations and individuals.

Together, they would impose federal planning involving the whole economy. And this assumption of a local function is eagerly sought by mayors and local private promoters.

Let us see just what they are.

URBAN RENEWAL has been going on for 10 years. It has a bureaucracy of its own, the Urban Renewal Administration, which is a division of the Federal Housing and Home Finance Agency.

It lends money to local authorities for city planning and makes grants for Federally approved slum clearance, including collateral matters such as the construction of streets, water service, and sewerage.

The federal government pays two-thirds of the cost, and the local authority one-third of the cost.

Since these grandiose projects involve moving people from their existing places of residence or business, Uncle Sam must find and pay for relocation.

The tremendous Omnibus Housing bill which has already passed Senate would provide for Urban Renewal $2,100,000,000 over six years for federal capital grants. The House committee would provide 1½ billion over three years, while the President has asked for 1½ billion over a longer period, with provision for gradually getting the federal government out of the business.

This bill may be stopped in the House, as it was last year. And if passed, it might be vetoed by the President. But whatever happens, the senators who voted for it have paid the first installment on their promises to the voters who elected them.

The Community Facilities Administration might, if it were justified at all, seem to fall within the same area as Urban Renewal. But it has its own bureaucracy, a division of the Federal Housing Agency. It advances money to small communities for public works.

The present bill would expand and extend the operations of this giving and loaning agency by a billion dollars.

The Area Redevelopment bill which has passed the Senate is a pet of Sen. Paul Douglas. It would set up another bureaucracy called the Area Redevelopment Administration. This would designate places for "redevelopment" in both industrial and rural areas, move plants and businesses, set up all sorts of public facilities, and provide for vocational training (another educational agency). This would cost around 300 million dollars.

SINCE ALL THREE of these projects, if justified at all, could be done under one bill and one administration, the sponsorship shows how much mere semantics is involved in legislation.

All have their sponsors, which spreads the credit for handouts and since each has its own setup of bureaucrats, much new work is provided for ever-increasing bureaucracy.

All involve large spending now and once bureaus are set up and precedent established, they would go on for an indefinite time, with ever-increasing new grants. Also, all would weaken the capacity of local governments and private investors to do the job themselves.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Charles Martin Perrott, first East Liverpool youth to enroll in the United States Coast Guard Academy graduated with the rank of ensign.

The Columbiana County Motor Club, with the assistance of municipal and county authorities and Boy Scouts, launched a "365 day safety campaign."

TWENTY YEARS AGO — Some 1,500 witnessed the dedication of the new $75,000 brick postoffice at Midland.

Some 250 WPA workers returned to work on street and sidewalk projects here after being idle one week because of lack of funds.

TEN YEARS AGO — Oscar Johnston of Louisiana Ave., Chester, employed in the Sales Department of the Weirton Steel Co. for 12 years, was transferred to St. Louis (Mo.) office.

A driverless auto drifted backwards onto E. 6th St., turned itself, and coasted down the sidewalk, clipping a mail box, parked car and ending up against a utility pole.

Odd Facts

Unchanging World

By David Lawrence

Churchill Points Up Lessons Of History

What memories Winston Churchill can bring to Washington this week! If he is philosophically inclined, he can point up the fallacies of our times in terms of the lessons of history.

David Lawrence

Just 40 years ago in Paris, while writing about the peace conference, this correspondent learned about the already famous British statesman who had occupied during the latter days of World War I the position of first lord of the admiralty, corresponding to secretary of the Navy in the United States. Alongside him was another young man—Franklin D Roosevelt, then assistant secretary of the Navy—who spent much of his time in London working out the details of the all-important blockade of the English Channel against enemy submarines. Mr. Roosevelt was proud of that assignment and of what was accomplished. He once talked to me at a luncheon in the White House about the true significance of that military maneuver which helped to shorten World War I.

But, going back before that war to the days of 1912, the newspapers were filled with comments about Mr. Churchill's suggestion of a "naval holiday." It was my first experience with the concept that armament might be limited by international agreement.

The proposal, of course, failed because the dictatorship in Berlin then wouldn't agree, just as there is no chance of agreement today with the dictatorship in Moscow.

OVER THE YEARS "bold and imaginative ideas" have been many and, when World War I ended and President Wilson went to France, some of us mistook the thunderous applause on the boulevards of Paris as a sign that the world was ready for idealism and mutual trust.

Oddly enough, the big discussion then was between a system of rival alliances or a "balance of power," on the one hand and a universal system or League of Nations to be governed by international law, on the other.

There were doubts expressed then by the British and the French that any league could succeed but they bowed to the American President in a gesture of gratitude over what the United States had done to ensure victory by way of military sacrifice and economic aid during World War I. It was the American Senate, led by Republicans of the "isolationist" school, which prevented American entry into the League of Nations.

Maybe it was the difficulties encountered by this organization in the 1930's which led Winston Churchill, when World War II was nearing its end in Europe just 14 years ago this week, to suggest in an article in "The Saturday Evening Post" that perhaps there should be a return to the system of alliances and that "spheres of influence" might well be recognized. But the pressure for a United Nations finally prevailed in 1945, only to be superseded soon in large part by a system of alliances now known as the North Atlantic Treaty Organization, on one side and, on the other, as the Warsaw Pact set up by Moscow to form a defensive alliance among the "captive" countries behind the Iron Curtain.

Today it is a "balance of power" which again keeps the peace of the world and, in a sense, the old European theory has been vindicted. But some of the newer ideas show signs of even bigger momentum. Thus, President Wilson proclaimed the ideal of "self-determination" for all nations and this tended to encourage the smaller countries to gain their independence from the big powers.

The sentiment persists today in Africa and in Asia as nationalism moves on painfully, though persistently, to achieve its ends.

UNFORTUNATELY, many of the new nations are helpless pawns in the hands of a big power—the Soviet Union—and this in turn has only brought the need for more alliances and regional combinations that in theory at least violate the spirit of any effective system of international organization such as it was hoped the United Nations would become.

Two paragraphs from the dispatches I wrote from Paris in 1919 struck my eye as I reread my scrapbook the other day:

"The British do not believe that a perfect system is obtainable immediately and desire to bring about a common concert or council, possibly through annual conferences of foreign ministers of all the powers for an open discussion of the problems affecting the world situation in the course of a year.

"The idea seems to be to accomplish, by annual or more frequent actions in world diplomacy, using the public opinion of mankind as the great background to keep the peace. . . .

"Any move which means to treat with the Soviet as de facto authority, as was proposed recently by Prime Minister Lloyd George—not as an act of condoning Bolshevist terrorism, but to get some central authority with which to deal effectively—means naturally deep antagonism of the anti-Bolshevist factions which are struggling to overthrow the Soviet.

"The leaders of the armies fighting the Soviets are appealing for arms and ammunition, not Allied forces, as necessary, but this policy is beset with many dangers, too, because of the ease with which the cry of intervention can be raised as a means of antagonizing people against the Allies."

SO THE PROBLEM presented not so long ago in Hungary and even today in Tibet is much the same as it used to be. The underlying hostility against dictatorships and against the enslavement of whole nations of people remains in a world that is still far from peaceful after two world wars.

Maybe also Sir Winston will soliloquize on the strange vicissitudes of life. For on his 25th birthday, while a correspondent in the Boer War in 1900, he wrote to a relative in New York: "There is so much I want to do in the world and so little time for me to do it."

For Sir Winston, because of his father's frail health, never thought he himself would live to a ripe old age.

Letter To The Editor

I am writing this letter after reading the Review of May 4. It told of a 2-year-old child being run over at E. 2nd St. and Washington St.

I wonder just how many citizens of East Liverpool recall that particular corner? If not, I might mention it as the location of what used to be a playground.

At the present time, the city of East Liverpool is using this area as a dumping ground for old bricks and large timber. And as I came home from work last evening, the children were making houses, etc., from these timbers and bricks.

After some investigation, I talked to a small boy who lives in the vicinity and he told me that the Playground Commission has abandoned this playground.

I have been an employe of the Milliron Co. for 10 years and I am the father of five children. Although I am not a resident of this particularly affected area, I do have an interest in these children.

Just where are these children to play? The river, which is close by; the Pennsylvania Railroad, which is close by; or the truck routes which are also close by?

The city has designated the River Rd. as a truck route, and where else in our city are there so many hazards?

The past few weeks there have been an increasing number of boys and girls before our juvenile court and many suggestions have been made to parents as to the answer to these problems. I sincerely and honestly feel that right here in our backyard we have the real problem.

I realize the city may have to economize in its program, but why has this particular playground been abandoned? This is a heavily-populated section of the city and very few yards are available for these children.

I feel certain if the person or persons responsible for this condition would tour this area and see the only facilities available to these children that they, too, would feel that the 2nd St. playground is a necessity and must be put back in use if we are to provide any real protection for the young people who live in this area.

Hitting A Nail On The Head

United Steelworkers can promise at the outset of negotiations for a new contract this year to demolish every argument against a round of wage-price boosting, but one argument is going to take a lot of demolition.

It is the argument that the U.S. steel industry must be concerned about its competitive position relative to steel produced abroad. If employment costs in the United States get wholly out of line with employment costs in other steel - producing nations, the United States will be at a hopeless disadvantage in selling steel both abroad and at home.

"In the past we could meet such disparities in employment costs because of abundant capital, better tools and methods," explained Roger M. Blough, chairman of the board of U.S. Steel Corp. at the annual stockholders' meeting this week. "Today, however, foreign producers are adopting the latest and very best of equipment and methods."

Hence, the steel industry's stress on the importance of making enough profit to keep its equipment and methods up to date. Hence, its belief that another boost in wage rates and prices would be a foolish thing to do in 1959. Mr. Blough "nailed down" his argument with an illustration.

"This box contains American nails," he said, showing his audience an ordinary nail box. "The sales price for 100 pounds of American nails is $10.30. But the price for 100 pounds of European nails is $6.90, delivered in America. Why? . . . Since 1950 the American steelworker has received more in wage increases than the total wages received by a German steelworker in 1957. In 1957 the estimated total employment cost per hour in Germany was $1; in the United Kingdom it was 90 cents. In Japanese mills the total employment cost per hour was 46 cents. The United States figure of $3.22 in 1957 was three to seven times higher than these foreign employment costs."

There is no way to know what negotiators in the steel industry talk about in their sessions. Come to think of it, the public never knows what goes on in these meetings, whether they're in steel, automobiles, rubber, or coal. The public learns only what spokesmen for the contending parties want it to hear.

It would be interesting to hear something—anything—about foreign competition in 1959 as negotiating teams for management and the steelworkers' big union settle down to business.

Presidency Took A Beating, Too

It is of small consequence that Harry Truman has added his voice to the critics of the third-term amendment.

The amendment is not likely to be repealed. Even those who believe it was a mistake have no real hope for getting rid of it. From now on, all presidents will point to it as a source of trouble and many other politicians will deplore its existence, but the damage has been done.

Nor was the damage confined to the thing Congress was aiming at in 1948 when it started the 22nd amendment on its way to ratification, which was to be delayed until 1951. The target then was the possibility some future president might follow Franklin D. Roosevelt's precedent of running until he ran out of steam.

But as it has turned out, the effect has been to weaken the presidency as the symbol of executive power. Even a first-term president is affected by the knowledge that his authority will be limited to eight years at the most and that he will be a political "lame duck" in his second term.

This presidential limitation is in contrast with the unlimited terms of members of Congress, especally from one-party Southern districts and states where party wheelhorses pile up seniority.

With their seniority they drill into the bedrock of Washington until they are anchored for life. They watch presidents and executive appointees come and go. Only the members of the judiciary can match them in jobholding security and the know-how that comes from long familiarity with the inside workings of the government.

Now that the politicians in Congress have done away with the possibility that a president might become as secure in office as they are, the presidency is undergoing a change that may be a milestone in its evolution. It is changing by slow degrees into a position of honor, with the real power of government residing in the chairmen of the powerful committees of Congress—a panel of prime ministers, so to speak, who deal first-hand with the functions of government while the president presides over its formalities—for a limited term only.

'Father May I Have The Whatzis?'

The possibility that individuals may do something important while governments are marching up and down hill and dissipating the people's strength is brightened by a contraption that will run on land, on water and in the air.

Ogden L. Martin of Fremont, Neb., has put such a whatzis together and obtained Federal Aviation Agency approval to test it. It is a variation of a flying wing, with adaptations to make it suitable for operation on highways and on water. Judged by appearance, it also would make a snug overnight shelter, a small chicken coop, or a portable summer house.

The idea is not to make light of it but to give a boost to the most logical development awaiting the touch of genius in transportation.

Millions now consider automobiles to be indispensable.

Many of these millions would feel the same way about an airplane if two things could be changed about planes as they exist now—high cost and high risk.

Meanwhile, other millions have been taking up boating, to the extent that it is the fastest - growing thing of its kind.

The well equipped American these days may require both an automobile and a boat to support his version of Gracious Living. He could be talked into an airplane, too, if he could afford it and risk it.

This is where Ogden L. Martin can make his impact. Eventually, someone will do it, and it might as well be Ogden Martin of Fremont, Neb., as two or three other fellows. The vehicle of the future will be three in one just as sure as they finally learned to put the pork, the beans and the catsup into the same tin can.

The Once Over

By H. I. Phillips

Field Marshal Montgomery and Khrushchev have had a conference and here goes with another imaginary tape recording:

Khrush: Do you wish to tell me what's wrong with everybody, unassisted or shall I help?

Monty: Placing blame is a matter I can handle alone.

Khrush: You are for world peace?

Monty: I am for it if it takes my last broadside of criticism.

Khrush: What's the real difficulty over the summit meeting?

Monty: People don't understand summits. They have no summit blueprints. If I had been doing this summit job I would have identified the summit, analyzed the ascent and guaranteed the results.

Khrush: Why is the free world distrustful of me?

Monty: That's a hard question to answer so I shall answer it at once. There is no one great leader in charge of the free world; no single man who has the outstanding ability to analyze the situation. Its leaders differ in opinions. This is a regular "dogs breakfast." The free world should put the entire matter in charge of one competent man about 5 feet, 10, British, a writer of memoirs and a fellow who wears a distinctive hat. This goes for Russia, too.

Khrush: Why am I so opposed in my West Berlin stand?

Monty: You're a little too old, you know, and not in the pink. You tire easily writing notes. Your top men are not too well. Gromyko doesn't look good. Zorin is taking aspirin. I hear Malinovsky watches TV commercials showing what goes on in the human digestive tract after taking certain medicines. You are not your old self at cocktail parties, to be quite frank. On both sides everybody is sick, sick, sick, BUT ME!

PROPOSED MERGER of Lackawanna with Erie brings to mind famous Phoebe Snow jingles, with new version called for:

Says Phoebe Snow about to go
Upon the Road of Anthracite,
If I come through as clean as new
The Erie, too, helps keep me white.

II

With dimpled face, all full of grace
Fair Phoebe joins the snow-white list;
Her journey bright now makes it right
To give the Erie one "assist."

ONE THING nobody will ever say to Harry Truman: "So you WON'T TALK!"

Panama invasion is being held up by failure of one member of the army to show up.

Mayor Wagner says New York subways are not for sale. The decision came so late hizzoner must have been taking a local.

A Long Island lawyer has shot two huge polar bears in Alaska. Bears should have counsel in contacts with any attorney. If smart they would have at least asked for change of venue. They could have retained Bennett Williams to prove (1) they were peaceful polar bears waiting for a trolley; (2) they were unarmed, kindly and left their ice cave because it had been "bugged"; (3) they had a constitutional right to expect the lawyer would present his arguments before shooting.

DEBBIE REYNOLDS is making a great personal triumph in "Mating Game," her new movie, which brings cheers from folks who were moved by rough break in domestic life. She's delightful in a very funny pix. Gov. Rockefeller has asked a public inquiry of Commissioner Monaghan's acts as harness racing czar. Both sides must now stop horsing around, so to speak.

Castro denies he knows anything about those Cubans in the Panama invasion. Maybe its hard for him to see clearly through the cigar smoke. Incidentally Bobby Clark, famous comedian, claims Castro is stealing that cigar routine.

In Brigette Bardot film jealous lover cuts her clothes to bits. Where does he find them and how?

Harry Truman can go pretty far into the outfield for a wisecrack and he made a lot of folks wince when, with ex-Secretary Dulles on a bed of pain, he said, "If I had been President I would have been glad to let those three go," in response to question whether he thought Ike would have it tougher through retirement of Humphrey, Adams and Dulles. How cruel can you get?

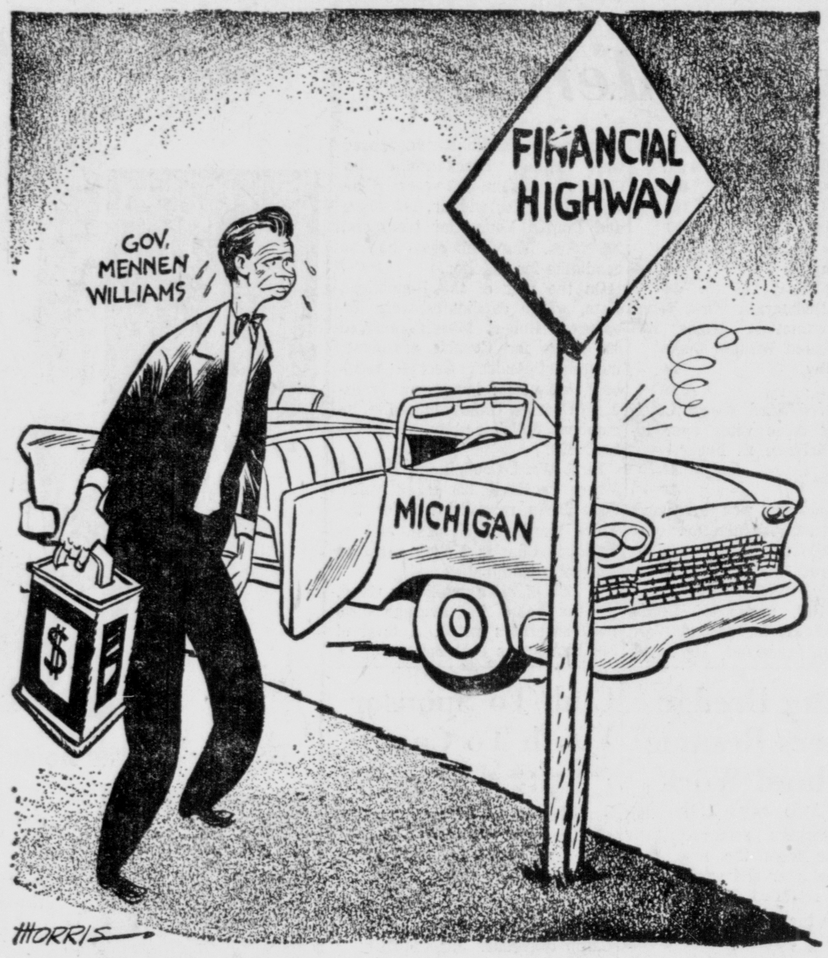
And Not A Gas Station In Sight



House Readies Labor Reform Bill

By Victor Riesel

Fireworks in July will not all explode on the Fourth. About two weeks later, labor leaders will be sending up flares from Capitol Hill, summoning their friends back from the lakes and European inspection trips, because it now appears that the union reform bill which will be placed on President Eisenhower's desk will be a lot tougher than even he wants.

Victor Riesel

This will be the result of what the angered senator from Arkansas told the resolved representative from North Carolina during a month of conferences on how to smash the rackets inside labor and industry.

For more than four weeks early in this session, Sen. McClellan worked closely and privately with Rep. Graham Barden, chairman of the House Labor Committee. Each then wrote a bill. As Mr. Barden put it to me the other day, those "bills are kissin' cousins." John McClellan stormed the Senate and pushed through part of his proposals against the crime syndicate's invasions.

NOW THE FIGHT for a tougher law is a sort of subdued rage deep in the House. The battling is over the Barden bill. Among other things, this bill would have the unions register with the secretary of labor, who can withhold a certification if the records filed are crooked. No certificate — no tax exemption for the union and no rights before the National Labor Relations Board.

Furthermore, this bill gives the secretary of labor the right to cancel a certificate of union operation if crooks take over. The Cabinet member can also oust wrongdoing union officials.

The Barden bill would prevent any union from using dues, union expense accounts, autos or other property or salaried officials for politicking or lobbying in Washington or state capitals. There are sections which could end industry-wide, coast-to-coast strikes and charge unions with monopoly power.

And there is a bill of rights similar to what Sen. McClellan pasted onto the Kennedy - Erwin bill passed by the Senate last week.

OTHER representatives will attempt to outlaw all picketing except during an actual strike. A push will be made to prevent a union from striking against a company handling goods of another firm which is on strike. This is the secondary boycott.

There will even be a drive for a national right-to-work law — which means a federal ban on collective bargaining contracts which call for workers to join unions and have their dues checked off.

Certainly all this won't be in the final draft when it's laid before the President. But those who know how the House of Representatives operates say that some of the toughness will be forced on the Senate version. Here's why:

A majority of the House, which includes many Democrats of course, is far more conservative and neutral on labor than the Senate. New York, for example, has two Republican senators, Jack Javits and Kenneth Keating. After conferencing with labor officials, they voted for an easier Senate bill.

BUT THERE ARE 43 representatives in the House from the Empire State. Of these, some 16 to 18 are for tough anti-racket laws. Multiply this by many states.

Alabama and Texas, for example, have senators friendly to labor. But there are many times that many representatives from those states who are neutral and more determined than the upper house men.

All this will become apparent sometime between May 15 and June 1. Rep. Barden tells me that during those weeks his committee will begin discussing the bill it hopes to send out on the House floor. By July, the House should have a go at it. By mid-July the House document will be put alongside the Senate bill. The consensus is that the Senate will have to bend in conference.

"We'll have a bill for the President's signature," Rep. Barden says. "Everybody knows the public wants one that will keep law and order. If we don't get one now, it will be another five or 10 years before we do. So one will pass — but a good one."

Three Names, One Idea

By Raymond Moley

Harassed congressmen and senators must be utterly distracted in trying to discover what they are asked to vote upon. Certainly the innocent bystander, the taxpayer who must pay the bills, is completely in the dark. And this writer, whose business is to follow and comment upon current legislaton, has until recently been greatly confused about the distinctions, if any, among three costly schemes before Congress. These are Urban Renewal, Area Redevelopment and Community Facilities.

At first glance, they all mean the same thing. All would pour billions of federal money into cities. All have to do with building and all are the assumption of responsibilities by the federal government of activities which used to be financed and promoted by local governments and local private corporations and individuals.

Together, they would impose federal planning involving the whole economy. And this assumption of a local function is eagerly sought by mayors and local private promoters.

Let us see just what they are.

URBAN RENEWAL has been going on for 10 years. It has a bureaucracy of its own, the Urban Renewal Administration, which is a division of the Federal Housing and Home Finance Agency.

It lends money to local authorities for city planning and makes grants for Federally approved slum clearance, including collateral matters such as the construction of streets, water service, and sewerage.

The federal government pays two-thirds of the cost, and the local authority one-third of the cost.

Since these grandiose projects involve moving people from their existing places of residence or business, Uncle Sam must find and pay for relocation.

The tremendous Omnibus Housing bill which has already passed Senate would provide for Urban Renewal $2,100,000,000 over six years for federal capital grants. The House committee would provide 1½ billion over three years, while the President has asked for 1½ billion over a longer period, with provision for gradually getting the federal government out of the business.

This bill may be stopped in the House, as it was last year. And if passed, it might be vetoed by the President. But whatever happens, the senators who voted for it have paid the first installment on their promises to the voters who elected them.

The Community Facilities Administration might, if it were justified at all, seem to fall within the same area as Urban Renewal. But it has its own bureaucracy, a division of the Federal Housing Agency. It advances money to small communities for public works.

The present bill would expand and extend the operations of this giving and loaning agency by a billion dollars.

The Area Redevelopment bill which has passed the Senate is a pet of Sen. Paul Douglas. It would set up another bureaucracy called the Area Redevelopment Administration. This would designate places for "redevelopment" in both industrial and rural areas, move plants and businesses, set up all sorts of public facilities, and provide for vocational training (another educational agency). This would cost around 300 million dollars.

SINCE ALL THREE of these projects, if justified at all, could be done under one bill and one administration, the sponsorship shows how much mere semantics is involved in legislation.

All have their sponsors, which spreads the credit for handouts and since each has its own setup of bureaucrats, much new work is provided for ever-increasing bureaucracy.

All involve large spending now and once bureaus are set up and precedent established, they would go on for an indefinite time, with ever-increasing new grants. Also, all would weaken the capacity of local governments and private investors to do the job themselves.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — Charles Martin Perrott, first East Liverpool youth to enroll in the United States Coast Guard Academy graduated with the rank of ensign.

The Columbiana County Motor Club, with the assistance of municipal and county authorities and Boy Scouts, launched a "365 day safety campaign."

TWENTY YEARS AGO — Some 1,500 witnessed the dedication of the new $75,000 brick postoffice at Midland.

Some 250 WPA workers returned to work on street and sidewalk projects here after being idle one week because of lack of funds.

TEN YEARS AGO — Oscar Johnston of Louisiana Ave., Chester, employed in the Sales Department of the Weirton Steel Co. for 12 years, was transferred to St. Louis (Mo.) office.

A driverless auto drifted backwards onto E. 6th St., turned itself, and coasted down the sidewalk, clipping a mail box, parked car and ending up against a utility pole.

Odd Facts

Although the highlands of Scotland are more famed in song and story, it is the central lowlands which have the rich agricultural farms and the profitable coal mines.

Placed on a map of the United States, Ethiopia, the African kingdom, would stretch from Maine to South Carolina and from New York City to Iowa.

Earliest known record of a theatrical production performed in English in the American colonies was "Beare and Ye Cub, Ye" in Virginia in 1665.

Unchanging World

By David Lawrence

Churchill Points Up Lessons Of History

What memories Winston Churchill can bring to Washington this week! If he is philosophically inclined, he can point up the fallacies of our times in terms of the lessons of history.

David Lawrence

Just 40 years ago in Paris, while writing about the peace conference, this correspondent learned about the already famous British statesman who had occupied during the latter days of World War I the position of first lord of the admiralty, corresponding to secretary of the Navy in the United States. Alongside him was another young man—Franklin D Roosevelt, then assistant secretary of the Navy—who spent much of his time in London working out the details of the all-important blockade of the English Channel against enemy submarines. Mr. Roosevelt was proud of that assignment and of what was accomplished. He once talked to me at a luncheon in the White House about the true significance of that military maneuver which helped to shorten World War I.

But, going back before that war to the days of 1912, the newspapers were filled with comments about Mr. Churchill's suggestion of a "naval holiday." It was my first experience with the concept that armament might be limited by international agreement.

The proposal, of course, failed because the dictatorship in Berlin then wouldn't agree, just as there is no chance of agreement today with the dictatorship in Moscow.

OVER THE YEARS "bold and imaginative ideas" have been many and, when World War I ended and President Wilson went to France, some of us mistook the thunderous applause on the boulevards of Paris as a sign that the world was ready for idealism and mutual trust.

Oddly enough, the big discussion then was between a system of rival alliances or a "balance of power," on the one hand and a universal system or League of Nations to be governed by international law, on the other.

There were doubts expressed then by the British and the French that any league could succeed but they bowed to the American President in a gesture of gratitude over what the United States had done to ensure victory by way of military sacrifice and economic aid during World War I. It was the American Senate, led by Republicans of the "isolationist" school, which prevented American entry into the League of Nations.

Maybe it was the difficulties encountered by this organization in the 1930's which led Winston Churchill, when World War II was nearing its end in Europe just 14 years ago this week, to suggest in an article in "The Saturday Evening Post" that perhaps there should be a return to the system of alliances and that "spheres of influence" might well be recognized. But the pressure for a United Nations finally prevailed in 1945, only to be superseded soon in large part by a system of alliances now known as the North Atlantic Treaty Organization, on one side and, on the other, as the Warsaw Pact set up by Moscow to form a defensive alliance among the "captive" countries behind the Iron Curtain.

Today it is a "balance of power" which again keeps the peace of the world and, in a sense, the old European theory has been vindicted. But some of the newer ideas show signs of even bigger momentum. Thus, President Wilson proclaimed the ideal of "self-determination" for all nations and this tended to encourage the smaller countries to gain their independence from the big powers.

The sentiment persists today in Africa and in Asia as nationalism moves on painfully, though persistently, to achieve its ends.

UNFORTUNATELY, many of the new nations are helpless pawns in the hands of a big power—the Soviet Union—and this in turn has only brought the need for more alliances and regional combinations that in theory at least violate the spirit of any effective system of international organization such as it was hoped the United Nations would become.

Two paragraphs from the dispatches I wrote from Paris in 1919 struck my eye as I reread my scrapbook the other day:

"The British do not believe that a perfect system is obtainable immediately and desire to bring about a common concert or council, possibly through annual conferences of foreign ministers of all the powers for an open discussion of the problems affecting the world situation in the course of a year.

"The idea seems to be to accomplish, by annual or more frequent actions in world diplomacy, using the public opinion of mankind as the great background to keep the peace. . . .

"Any move which means to treat with the Soviet as de facto authority, as was proposed recently by Prime Minister Lloyd George—not as an act of condoning Bolshevist terrorism, but to get some central authority with which to deal effectively—means naturally deep antagonism of the anti-Bolshevist factions which are struggling to overthrow the Soviet.

"The leaders of the armies fighting the Soviets are appealing for arms and ammunition, not Allied forces, as necessary, but this policy is beset with many dangers, too, because of the ease with which the cry of intervention can be raised as a means of antagonizing people against the Allies."

SO THE PROBLEM presented not so long ago in Hungary and even today in Tibet is much the same as it used to be. The underlying hostility against dictatorships and against the enslavement of whole nations of people remains in a world that is still far from peaceful after two world wars.

Maybe also Sir Winston will soliloquize on the strange vicissitudes of life. For on his 25th birthday, while a correspondent in the Boer War in 1900, he wrote to a relative in New York: "There is so much I want to do in the world and so little time for me to do it."

For Sir Winston, because of his father's frail health, never thought he himself would live to a ripe old age.

Letter To The Editor

I am writing this letter after reading the Review of May 4. It told of a 2-year-old child being run over at E. 2nd St. and Washington St.

I wonder just how many citizens of East Liverpool recall that particular corner? If not, I might mention it as the location of what used to be a playground.

At the present time, the city of East Liverpool is using this area as a dumping ground for old bricks and large timber. And as I came home from work last evening, the children were making houses, etc., from these timbers and bricks.

After some investigation, I talked to a small boy who lives in the vicinity and he told me that the Playground Commission has abandoned this playground.

I have been an employe of the Milliron Co. for 10 years and I am the father of five children. Although I am not a resident of this particularly affected area, I do have an interest in these children.

Just where are these children to play? The river, which is close by; the Pennsylvania Railroad, which is close by; or the truck routes which are also close by?

The city has designated the River Rd. as a truck route, and where else in our city are there so many hazards?

The past few weeks there have been an increasing number of boys and girls before our juvenile court and many suggestions have been made to parents as to the answer to these problems. I sincerely and honestly feel that right here in our backyard we have the real problem.

I realize the city may have to economize in its program, but why has this particular playground been abandoned? This is a heavily-populated section of the city and very few yards are available for these children.

I feel certain if the person or persons responsible for this condition would tour this area and see the only facilities available to these children that they, too, would feel that the 2nd St. playground is a necessity and must be put back in use if we are to provide any real protection for the young people who live in this area.

feated William Briggs, 513 Broadway, for First Ward Council nomination. Their vote was:

Lawton	67
Briggs	56

Clarence T. Cartwright, resident of 930 Appian Way and a former Councilman, was unopposed for the Second Ward nomination. He received 62 votes.

Donald E. Miller, resident of 496 14th St. and also a former councilman, was unopposed for the Third Ward seat. He received 87 votes.

William Stroble, 714 Aten Ave., defeated Edward E. Patzsch, 1515 Clark Ave., for the Fourth Ward post. Both are newcomers to politics. The vote was:

Stroble	152
Patzsch	97

On the Republican slate, Myron Weis, 1505 Buckeye Ave., was unopposed for Council president. The incumbent, he collected 406 token votes.

Incumbent Edgar S. Davidson was unopposed for auditor. He received 461 votes. Treasurer Charles W. Stewart of Wells Ave. was unopposed for nomination and polled 450 votes.

With no race for Council-at-large posts, Byron Q. Carter, 311 Wells Ave.; incumbent Paul A. Nelson, 1013 Main St., and W. S. Swearingen, 1019 Center St., were nominated. Carter received 232 votes, Nelson 363 and Swearingen 291.

Aguin Bowling, 421 Broadway, defeated incumbent Ancel Moore, 333 Highland Ave., and John E. Porter, 217 Wells Ave., for the First Ward seat. Bowling nosed out Moore by 3 votes. The results:

Bowling	63
Moore	60
Porter	20

Incumbent J. Frederick Russell, 957 Main St., polled 124 votes for Second Ward councilman. He was unopposed.

Incumbent Robert L. Runyon, 1030 Main St., and Incumbent Richard H. Brown, 1714 Buckeye Ave., won nominations for Third and Fourth Wards respectively. Both were unopposed. Runyon polled 72 and Brown drew 106 votes.

More Democrats than Republicans voted. The total vote was 1,172 with 646 Democrats and 526 Republicans.

tonia. Salem's totals were reported shortly after 9.

—:—

BECAUSE IT HAS the largest number of precincts, East Liverpool's count was a little slower. The final totals were ready on both tickets at 10:15 — about two hours ahead of expectations.

"This was probably one of the fastest-compiled elections in the history of Columbiana County," Frank R. O'Hanlon, Election Board clerk, commented. "No doubt the record could be attributed principally to the comparatively light vote."

"It was a very orderly election," O'Hanlon added. "We had no complaints from East Palestine and Lisbon, where the machines were used on a trial basis. The people apparently took easily to the operation of the machines. There were no mechanical difficulties.

"Election Board members and representatives of the Shoup Voting Machine Co. stood by from the time the polls opened until the tabulation was made, but nothing untoward developed."

—:—

EAST LIVERPOOL'S vote totaled 4,163 — off 1,667 from the 5,830 recorded in the 1957 municipal primaries. For the first time in many years, Democrats out-voted Republicans.

The Democrats cast 2,303 to the 1,860 Republicans who went to the polls. Lack of a mayoralty contest made the difference. The GOP had no contest to settle for nomination to the city's top office, but Democrats had a three-man race.

As the GOP generally casts by far the greater number of primary votes here, its lack of a mayoralty contests also contributed to the comparatively light overall vote. Two years ago, Republicans cast 4,200 votes.

Here's the primary vote back over the years when city offices were at stake: 1955, 3,672; 1953, 4,311; 1951, 4,297; 1949, 3,670; 1947, 4,458, and 1945, 3,416.

—:—

IN ITS WORK here, the board concentrated on individual reports from each of the 32 city precincts. A flash count on the mayoralty vote was completed shortly after 8, as precinct officials reported the returns by telephone on the top of the two tickets.

By 9:40, figures from 30 of the 32 precincts had been received and tabulated.

At 9:40, the last two—1-G and 4-H — had been received. Another half hour was required to add up the citywide totals of all the candidates.

The Election Board will meet Thursday morning at its office here to begin the official canvass of the returns. The tabulations made last night are unofficial. The official canvass, confirming the results, produces the figures that are certified to Secretary of State Ted W. Brown at Columbus.

—:—

THE OFFICIAL count will be completed sometime Friday, O'Hanlon estimated.

The board is at its office in the Courthouse at Lisbon today, receiving the poll books and summary sheets from areas outside the East Liverpool-Wellsville district.

Five Republicans ran for the six Council seats. They were incumbents Orvel Tolson, who received 214 token votes, Harold Merriner 173, and Joseph Knight 168, along with newcomers Donald Lewis 190 and John Beadnell 186.

Incumbent Democrat Councilman John Hull, sole party candidate for Council, received 97 token votes.

S. R. Davis, incumbent GOP clerk, received 238 token votes for renomination. Incumbent Democratic Treasurer Miss Myrtle Strabley received 119 token votes.

C. R. Carter, Howard Goddard and Eugene Yohst, incumbent members of the Board of Trustees of Public Affairs, were without opposition for renomination on the GOP ticket. The Democrats had no candidates for the board.

a municipal judge, he often did not mark minor traffic offenses on the back of drivers' licenses. Such marking is required by law.

Franko decided to run for the office of Mahoning County prosecutor in 1956. That touched off a turmoil in which the county bar association brought disbarment proceedings against him.

The bar association said Franko was acting unethically, and that he used the prestige and power of his judicial office in his campaign for prosecutor.

Franko countered that nothing in the law specifically banned him from running.

After Franko's suspension as an attorney, the Supreme Court also had to decide whether he could still take office as a judge. The law requires a jurist to be in good standing as a lawyer for several months prior to taking judicial office. The court ruled against him on that point also.

In another mayoralty race, incumbent Anthony J. Celebrezze of Cleveland climbed the first hurdle in his bid for a fourth straight term by swamping three Democratic opponents. It was Cleveland's first partisan primary since the city's adoption of its home rule charter in 1913.

In the November general election, Celebrezze will face Republican Tom Ireland, nominated without opposition.

Lancaster's $4,190,000 school bond issue needed a 60 per cent plurality and gained 60.49 per cent. The vote was 3,850 to 2,514 for passage. The issue will finance construction of a senior high school, two elementary schools, and additions and improvements to elementary schools.

It was the second step in the city's long-range school building program. In 1954, voters approved a $2,490,000 bond issue to build two junior high schools and an elementary school.

School tax levies defeated included:

Massillon, five mills for two years; Wheelersburg, Scioto County, two mills.

City operating expense tax levies approved included:

Delaware, five mills for two years; Oregon, Lucas County, one per cent income tax to finance construction of a water system.

Mayors nominated include (R-Republican, D-Democrat, I-incumbent, NP-non-partisan election, U-unopposed):

Oregon: (NP) Erwin C. Hagedorn (I) and Jesse Brown.

Massillon: Edgar L. Lash (D-I-U) and Archie Brinker (R).

Conneaut: Tom Perkio (D-I-U) and Walter Pestrak (D).

Canton: Charles L. Babcock (D-I) and Raymond Barrett (R).

Wooster: Dr. William Lytle (R) and Oscar Martin (D).

New Philadelphia: Fred Schneider (D) and Harold W. Evans (R).

Newark: Fred T. Long (R-I) and Richard V. Fortune (D).

Cambridge: Russell B. Diehl (R) and James G. Granitsas (D).

Lancaster: John H. Weis (R-I) and Al Brasseur (D-U).

Lorain: John C. Jaworski (D-I) and John J. Grasso (R).

Elyria: Michael J. Lotko Jr. (D) and Oscar G. Dunn (R).

The five acts of Eugene O'Neill's Pulitzer Prize Play, "Strange Interlude," opened on Broadway in 1928. It ran for 426 nights.

Dean Stockman, GOP candidate for mayor, was also unopposed and received 448 token votes.

Also unopposed on the GOP ticket were three incumbent members of the Board of Trustees of Public Affairs—Dean Beck, who received 492 votes, Paul Kuhns 470 and Russell Shaw 446.

A total of 660 Republicans cast ballots, a small vote, poll officials said.

With the trial of voting machines, tabulations were made in fast time, the earliest return reported at 7:39 and all returns were in by 8:15.

The rest of the Democratic slate for the election in November includes six Council candidates—incumbents A. J. Blocksom and William J. Loudon along with Leonard Warner, John A. Novak, William D. Peterson and George Vokovich.

Christian Women's Groups Set Attendance At 2 Events

Plans to attend area events were discussed at meetings of Circles of the Christian Women's Fellowship of the First Church of Christ Monday night. Four circles met at the church and one at the home of a member.

Invitations were read to attend the meeting of the CWF of the Wellsville Christian Church Thursday night and the District 7 workshop to be held May 20 at Uhrichsville.

Mrs. Opal Patton was worship chairman for Circle 1 and used as her theme, "The Pilgrim Journeys Well Equipped," reading Scripture from Psalms.

Mrs. Dorothy Wright led the discussion on churches in the Middle East with Mrs. Mary E. Fowler speaking on ancient Rome; Mrs. Edna Winland, Eastern Orthodox and Protestant churches; Mrs. Cecile Bennett, relations between the Eastern Orthodox and the Disciples of Christ, and Mrs. Helen Chapman on their worship services.

Mrs. Kurt Bergner gave the opening prayer and Mrs. Charlotte Keller, leader, presided for business. Mrs. Patton gave the secretary's report and Miss Jean Scott the treasurer's.

Mrs. Charlotte Tracey reported on the service projects and sick and shut-in calls were given.

Refreshments were served 16 by Mrs. Edith Price and Mrs. Wright.

Mrs. Vallie Mostoller conducted devotions for Circle 2, reading Scripture from Isaiah 41:10-13, and told of the pilgrim journeys.

Mrs. June Jackson spoke on the relations between the Eastern churches and the Disciples of Christ today, Mrs. Ruth Wolfe told of what it would be like worshipping in one of the Eastern churches and Miss Jean Williams discussed the relationship between the Eastern and the Protestant churches.

Mrs. Doris Marshall, leader, read a poem, "Not for a Single Day" for the opening prayer and presided for business. Mrs. Jackson gave the secretary's report and Mrs. Mary Bayley the treasurer's.

Plans were made for the social hour when circle members will be hostesses for the meeting June 8 of the general fellowship.

Lunch was served 14 by Miss Williams and Mrs. Mildred Hawkins.

Members repeated Ps. 19 as part of the worship service presented by Mrs. Hattie Schneider for the meeting of Circle 3. Using "The Path of Pilgrimage" as her theme, she read Scripture from Ps. 103: 1-5 and Matt. 10:5-15.

Mrs. Rachel Shingler, program chairman, used as her topic, "Christian Witness In the Middle East Today" and participants included Mrs. Rhoda Jammison, Mrs. Geraldine Grimm, Mrs. Verlie Fry, Mrs. Schneider, Mrs. Nellie Osborn, Mrs. Violet Torrence, Mrs. Laura Weiford and Mrs. Juanita Clendenning.

Mrs. Shingler, leader, conducted business with reports given by Mrs. Weiford, secretary, and Mrs. Grimm, treasurer. The CFW executive meeting will be held Monday night at the church. A card was signed for Mrs. Esther Torrence, former member now residing in California.

Refreshments were served nine by Mrs. Shingler and Mrs. Fry.

Mrs. Bess Skelly read Scripture from Eph. 6:10-20 for the worship service of Circle 4, along the pilgrim journeys theme.

Mrs. Verna Boulton spoke on the churches in the Middle East, Mrs. Wilma Hilditch talked on the relationship of the Eastern Church and the Disciples of Christ and Mrs. Blanche O'Hara told of the differences between the Eastern and Protestant churches.

Mrs. Boulton, leader, conducted business and Mrs. Helen Waggoner gave the secretary - treasurer report. Blessing boxes will be turned at the general meeting.

Lunch was served seven by Mrs. Wanda Greenwood and Mrs. Waggoner.

Mrs. Louise Applegate of Oliver St. was hostess for Circle 5 and the meeting was opened with the group hymn, "Purer In Heart, O God."

Mrs. Agnes McSwegin read Scripture from Matt.10: 5-15 for devotions, using "Paths of Pilgrimage" as her theme.

Mrs. Roberta Yontz, Mrs. Betty Davis and Mrs. Mildred Alley spoke on churches in the Middle East, showing the various relationships.

Mrs. Bonnie Smith, vice president, conducted business with reports given by Mrs. Alley, secretary, and Mrs. Mary Dailey, treasurer.

Officers elected were: Mrs. Smith, president; Mrs. Ila Pietsch, vice president; Mrs. Davis, secretary; Mrs. Mabel Hall, treasurer, and Mrs. McSwegin, assistant secretary and treasurer.

Refreshments were served 17 by the hostess, assisted by Mrs. Pietsch, co-hostess.

The next meetings will be June 1 and hostesses will be: Circle 1, Mrs. Blanche Curry and Mrs. Phyllis Glenn; Circle 2, Mrs. Mostoller and Mrs. Jackson; Circle 3, Mrs. Ernest Torrence; Circle 4; Mrs. Edna Jones and Mrs. May Roberts, and Circle 5 will meet with Mrs. Hazel Miller of St. Clair Ave. with Miss Jean Orr and Mrs. Jane Hobbs as co-chairmen.

Unyielding Segregationists

3 On Little Rock Board Vote To Fire 44 Teachers

LITTLE ROCK, Ark. (AP) — The Little Rock School Board's three unyielding segregationists Tuesday disregarded a walkout by three moderate members and voted to fire 44 teachers in the city's integration-troubled school system.

Twenty-six of those whose contracts would not be renewed are employed at the closed Central High School where a handful of Negroes attended under protection of federal troops in 1957-58.

The moderates—Ted Lamb, Russell Matson and Everett Tucker Jr.,—left a board meeting called to consider teacher contracts after announcing they would vote to re-hire all or none of the system's 800 teachers. They said they would consider any action by the remaining members as illegal for lack of a quorum.

Lamb later said Tuesday's decisions would be challenged in court. Lamb said the trio had adopted the "all or none" attitude because they feared a purge by the segregationists. He said they wanted to strip the system of teachers so none would be available to operate the city's four closed high schools if federal courts ordered them re-opened on an integrated basis.

Among those to be fired are the top officials at Central—Principal J. W. Matthews and Vice Principals J. O. Powell and Mrs. Elizabeth Huckaby. Gov. Orval E. Faubus, who shut the high schools against integration Sept. 12, has criticized these three for "showing favoritism to Negro students" while Central was integrated.

Also on the list were L. M. Christophe, principal of the Horace Mann School for Negroes, and principals of several elementary and junior high schools. None of these has been openly active in the integration dispute.

Boy Stabs Girl To Death, Slashes Her Companion

NEW ORLEANS (AP)— A boy killed a pretty girl by stabbing her 48 times and seriously slashed her girl companion Tuesday, police said, in a wooded area where they were picking berries.

The dead girl was Kathy Fehler, 12. Her companion was Judy Guillot, 11.

The boy, identified as Edward A. Herty, 13, told police in a signed statement he was helping the girls pick berries when they tried to rob him. Police quoted him as saying he took the knife from one of the girls and stabbed them with it.

All three were white.

The wounded child, when Herty, wearing a blood-splattered T-shirt, was brought before her at the hospital, said, "That's him. All I want to know is why he did it."

Herty, about 5-9 and 170 pounds, appeared exceptionally calm.

Judy refused to answer the pleas of her mother, Juanita Guillot Struber, to tell her what happened.

"Mother, I don't want to discuss it, I just don't want to discuss it with anyone—not even you. It's too horrible."

Herty was turned over to juvenile authorities to be held for delinquency by "reason of murder and attempted murder."

A friend of the boy's family described him as an honor student and a Boy Scout.

Dynamics Corp. Will Supervise Rocket Building

WASHINGTON (AP)—The government today hired General Dynamics Corp. to supervise construction of powerful Vega space rockets to be used in explorations of the moon and the planets.

The National Aeronautics and Space Administration announced the award of a 33½-million-dollar contract to General Dynamics' Convair Division for the design, constructing, tests and launching. Convair is to build eight of the Vegas by the end of 1961.

NASA said Vega should be able to push aloft a two-ton space laboratory that could carry several men in a 300-mile orbit around the earth for several weeks.

The Atlas talking satellite this country sent up last December had a total weight of about 8,000 pounds including the rocket carrier, but only 150 pounds of instruments.

"Vega represents the first of our more advanced boosters," NASA Administrator T. Keith Glennan said in a statement. "Its principal job will be lunar and planetary investigation."

Newly Found Blythe Painting Shown At Carnegie Institute

A recently discovered painting by David Blythe, city-born painter of the 19th Century, is featured in the current exhibit of his works at the Carnegie Institute at Pittsburgh.

"Abraham Lincoln Writing the Emancipation Proclamation," thought to have been lost since 1879 but recently found, is among the 16 paintings by Blythe, considered by many as the most outstanding Pittsburgh painter of the 1800's.

The Lincoln painting, a gift of Mr. and Mrs. John F. Walton to the Institute, is one of three major works in the Bicentennial grouping. All have political themes, depicted with a naturalness and detail characteristic of Blythe who was born here in 1815.

Lincoln is shown in an attic room of the White House, seated in his shirtsleeves and surrounded by petitions and letters.

"The Higher Law" portrays a cowering figure of Liberty, wrapped in a flag, along with symbolic figures of Slavery, the South, and the Union.

"Foreign Loans" embodies a contrast between Uncle Sam and Europe. Other works include "The First Mayor of Pittsburgh," "The Blair Family," "Overturned Carriage," "Temperance Pledge," "Bobbie Burns In Auld Clay Biggen" and others, one a self-portrait pencil drawing, three small harvest scenes and a sketch of an innkeeper.

The exhibition continues through June 14. There are 39 Blythe pictures in East Liverpool, including about 15 at the East Liverpool Historical Society Museum at the Carnegie Library.

Dies During Race

LEBANON, Ohio (AP)—A veteran trotting horse driver suffered a heart attack and died in the middle of a race at Lebanon Raceway Tuesday night. Track officials said Lawrence Greene of Dayton, at the reins of Wonder Bomb in the third race, apparently suffered a coronary seizure on the first turn and tumbled off his vehicle.

Boyce Methodist Men Pick Officers

Arnold McDowell was elected president of the Methodist Men of the Boyce Methodist at a meeting Tuesday night at Peterson's Restaurant. He succeeds Howard Tice.

Other officers are: Mike Vohar, first vice president; Tice, secretary; Delmar Kane, treasurer, and Ralph Stanley, publicity chairman. Ted Nussar was appointed program chairman.

The Rev. Gail McQueen, pastor, gave the invocation, installed the officers.

Elmer Ralston, retiring program chairman, introduced the guest speaker, the Rev. Robert Turner of the First Baptist Church.

There will be no meeting in June. The next is July 7.

Rural Group To Meet

LISBON — A program on mechanics and apron making will be presented at the meeting of the Franklin Township Home Demonstration Group Tuesday from 10 a. m. to 3 p. m. at the home of Mrs. George McPherson of Hanoverton R. D. 1, according to Miss Julia Shank, county extension agent in home economics.

Unyielding Segregationists

3 On Little Rock Board Vote To Fire 44 Teachers

LITTLE ROCK, Ark. (AP) — The Little Rock School Board's three unyielding segregationists Tuesday disregarded a walkout by three moderate members and voted to fire 44 teachers in the city's integration-troubled school system.

Twenty-six of those whose contracts would not be renewed are employed at the closed Central High School where a handful of Negroes attended under protection of federal troops in 1957-58.

The moderates—Ted Lamb, Russell Matson and Everett Tucker Jr.,—left a board meeting called to consider teacher contracts after announcing they would vote to re-hire all or none of the system's 800 teachers. They said they would consider any action by the remaining members as illegal for lack of a quorum.

Lamb later said Tuesday's decisions would be challenged in court. Lamb said the trio had adopted the "all or none" attitude because they feared a purge by the segregationists. He said they wanted to strip the system of teachers so none would be available to operate the city's four closed high schools if federal courts ordered them re-opened on an integrated basis.

Among those to be fired are the top officials at Central—Principal J. W. Matthews and Vice Principals J. O. Powell and Mrs. Elizabeth Huckaby. Gov. Orval E. Faubus, who shut the high schools against integration Sept. 12, has criticized these three for "showing favoritism to Negro students" while Central was integrated.

Also on the list were L. M. Christophe, principal of the Horace Mann School for Negroes, and principals of several elementary and junior high schools. None of these has been openly active in the integration dispute.

Boy Stabs Girl To Death, Slashes Her Companion

NEW ORLEANS (AP)— A boy killed a pretty girl by stabbing her 48 times and seriously slashed her girl companion Tuesday, police said, in a wooded area where they were picking berries.

The dead girl was Kathy Fehler, 12. Her companion was Judy Guillot, 11.

The boy, identified as Edward A. Herty, 13, told police in a signed statement he was helping the girls pick berries when they tried to rob him. Police quoted him as saying he took the knife from one of the girls and stabbed them with it.

All three were white.

The wounded child, when Herty, wearing a blood-splattered T-shirt, was brought before her at the hospital, said, "That's him. All I want to know is why he did it."

Herty, about 5-9 and 170 pounds, appeared exceptionally calm.

Judy refused to answer the pleas of her mother, Juanita Guillot Struber, to tell her what happened.

"Mother, I don't want to discuss it, I just don't want to discuss it with anyone—not even you. It's too horrible."

Herty was turned over to juvenile authorities to be held for delinquency by "reason of murder and attempted murder."

A friend of the boy's family described him as an honor student and a Boy Scout.

Dynamics Corp. Will Supervise Rocket Building

WASHINGTON (AP)—The government today hired General Dynamics Corp. to supervise construction of powerful Vega space rockets to be used in explorations of the moon and the planets.

The National Aeronautics and Space Administration announced the award of a 33½-million-dollar contract to General Dynamics' Convair Division for the design, constructing, tests and launching. Convair is to build eight of the Vegas by the end of 1961.

NASA said Vega should be able to push aloft a two-ton space laboratory that could carry several men in a 300-mile orbit around the earth for several weeks.

The Atlas talking satellite this country sent up last December had a total weight of about 8,000 pounds including the rocket carrier, but only 150 pounds of instruments.

"Vega represents the first of our more advanced boosters," NASA Administrator T. Keith Glennan said in a statement. "Its principal job will be lunar and planetary investigation."

Newly Found Blythe Painting Shown At Carnegie Institute

A recently discovered painting by David Blythe, city-born painter of the 19th Century, is featured in the current exhibit of his works at the Carnegie Institute at Pittsburgh.

"Abraham Lincoln Writing the Emancipation Proclamation," thought to have been lost since 1879 but recently found, is among the 16 paintings by Blythe, considered by many as the most outstanding Pittsburgh painter of the 1800's.

The Lincoln painting, a gift of Mr. and Mrs. John F. Walton to the Institute, is one of three major works in the Bicentennial grouping. All have political themes, depicted with a naturalness and detail characteristic of Blythe who was born here in 1815.

Lincoln is shown in an attic room of the White House, seated in his shirtsleeves and surrounded by petitions and letters.

"The Higher Law" portrays a cowering figure of Liberty, wrapped in a flag, along with symbolic figures of Slavery, the South, and the Union.

"Foreign Loans" embodies a contrast between Uncle Sam and Europe. Other works include "The First Mayor of Pittsburgh," "The Blair Family," "Overturned Carriage," "Temperance Pledge," "Bobbie Burns In Auld Clay Biggen" and others, one a self-portrait pencil drawing, three small harvest scenes and a sketch of an innkeeper.

The exhibition continues through June 14. There are 39 Blythe pictures in East Liverpool, including about 15 at the East Liverpool Historical Society Museum at the Carnegie Library.

Dies During Race

LEBANON, Ohio (AP)—A veteran trotting horse driver suffered a heart attack and died in the middle of a race at Lebanon Raceway Tuesday night. Track officials said Lawrence Greene of Dayton, at the reins of Wonder Bomb in the third race, apparently suffered a coronary seizure on the first turn and tumbled off his vehicle.

Boyce Methodist Men Pick Officers

Arnold McDowell was elected president of the Methodist Men of the Boyce Methodist at a meeting Tuesday night at Peterson's Restaurant. He succeeds Howard Tice.

Other officers are: Mike Vohar, first vice president; Tice, secretary; Delmar Kane, treasurer, and Ralph Stanley, publicity chairman. Ted Nussar was appointed program chairman.

The Rev. Gail McQueen, pastor, gave the invocation, installed the officers.

Elmer Ralston, retiring program chairman, introduced the guest speaker, the Rev. Robert Turner of the First Baptist Church.

There will be no meeting in June. The next is July 7.

Rural Group To Meet

LISBON — A program on mechanics and apron making will be presented at the meeting of the Franklin Township Home Demonstration Group Tuesday from 10 a. m. to 3 p. m. at the home of Mrs. George McPherson of Hanoverton R. D. 1, according to Miss Julia Shank, county extension agent in home economics.

Mayor Smith And Cranmer Win At Salem

SALEM — The Democratic and Republican opponents for mayor in the 1957 general election will oppose each other again in November as a result of Tuesday's primaries.

Incumbent Harold D. Smith (R) and Dean B. Cranmer (D) who served two consecutive terms before his defeat two years ago by Smith, rode roughshod over their respective foes, Norman W. B. Houger (R) and Paul W. Astry (D).

The vote was:

Smith 604
Houger 248
Cranmer 596
Astry 136

In the only other contest, Fred Koenreich, incumbent, James E. Feiler and Lloyd Morrison won the three Democratic Council-at-large posts. The other aspirants in the five-way race were Webb V. Goodchild and Mrs. Jerry Layton. The vote was:

Koenreich 480
Feiler 320
Morrison 308
Layton 282
Goodchild 240

A total of 1,604 persons cast ballots—861 Republicans and 743 Democrats. The total was 585 more than the 1,019 who voted in 1955, the last comparable primary. In 1957, when only two offices were contested, the total vote was 317.

The mayoralty contests were never in doubt after the returns from the city's 21 precincts began coming in. Cranmer led his opponent in every precinct, and Smith polled more votes than Houger in all but Precinct F of the First Ward where the count was 8-5 for the loser.

Resignation Accepted

CINCINNATI (AP)—The village council of nearby Fairfax accepted the resignation Tuesday of Police Chief Lonnie V. Auterson, who was charged April 23 with drunken driving. The council also stripped Auterson of his other job as village street commissioner.

Wardens Name Ohioan

RENO, Nev. (AP)—R. B. Eckle, superintendent of the London, Ohio, Prison Farm, was elected secretary-treasurer of the West-Central Wardens' Assn. at the group's annual meeting here Tuesday.

Project Costs $345,000

Work Speeded On Pughtown School

Recent warm weather has enabled workmen to proceed rapidly with construction of the new $345,000 elementary school at Pughtown, a section of which is shown here as erection of the steel frame begins to give the building shape.

The Harry Trushel Construction Co. of Weirton has the general construction phase of the 10-classroom building, which is scheduled for completion sometime next fall, or shortly after the start of the 1960 school term.

Trushel bid $210,774 for general contract. The Hall Plumbing & Heating Co., of East Liverpool bid $67,725 for installing plumbing and heating facilities.

The school will serve some 300 pupils now attending classes in both New Cumberland and Chester High Schools. Pughtown grade school pupils now attend a small, crowded building.

Funds for the project came with the passage of a $1 million bond issue in May 1958. Other building projects are under way or contemplated by Hancock County officials, including additions to Weir High School in Weirton and Wells High School at Newell.

Wells for the Pughtown school have been drilled by the Potts Well Drilling Co. of Hookstown, which bid $2,274.25. A New Cumberland firm, Fuccy Hauling & Excavating, will begin installing walks and areas when the building reaches near completion.

2 At Weirton In Mayor Race

WEIRTON — David T. Frew and Joseph Ference were nominated for mayor in the city's nonpartisan primary Tuesday.

Voters also nominated 14 councilmen from 7 wards, and rejected proposed pay increases for the mayor and Council offices.

Frew, former director of the Recreation Council, and Ference, an auto dealer, will battle it out for the city's highest office in the June 2 municipal election.

Mayor Samuel Kusic did not seek re-election.

Others in the four-way race for the mayoralty nomination were Glenn T. Ferguson and Steve Barron. The vote:

Frew	**5,226**
Ference	**2,849**
Ferguson	**2,375**
Barron	**1,405**

Councilmen nominated were Ward 1 — Joseph Hill, 321, and Peter Sokoloski, 310; Ward 2 — George Rodak, 479, and Samuel Iaquinta, 285; Ward 3 — Robert I. Leach, 523, and John C. Moore, 335.

Ward 4 — Bernard Kelly, 437, and Andy Olenick, 305; Ward 5 — Ed Rowland, 1,118, and Ray Gillette, 564; Ward 6 — Milan Ralich, 668, and Edward Zagula, 658, and Ward 7 — Patsy Cortez, 569, and R. M. Warren, 454.

Proposed salary increases for the mayor's office from $500 to $1,200, and from $100 to $600 a year for Councilmen were rejected by a vote of 4,452 and 3,505.

The earth ranks third among the planets in distance from the sun.

New Cumberland Mayor Is Candidate

NEW CUMBERLAND — Reversing a previous decision, Mayor Albert (Jakie) Fuccy Tuesday filed as a candidate for his fourth consecutive term for mayor in the June 9 biennial nonpartisan election.

He explained that he had reconsidered his previous refusal to seek re-election because of contemplated community projects including the construction of a riverfront sewage disposal plant. Other candidates who filed Tuesday were Raymond L. Bailey for First Ward councilman, and Welty Vulgamore, an incumbent, for Third Ward.

To Take Strike Vote

AKRON, Ohio (AP) — General Tire & Rubber Co.'s 3,000 employes at plants here and in Waco, Tex. will take a strike vote Friday. Negotiations covering a new master contract have been in recess since Saturday. The old contract with the United Rubber Workers Union expired at the start of April.

Helicopters are used to herd reindeer in Sweden.

Kaycees To Take Part In Memorial Service

Plans were completed for participation in the city celebration of Memorial Day at the meeting of Carroll Council 509, Knights of Columbus, Tuesday night at the K. of C. Home.

A committee was also appointed to arrange for the observance of the council's 59th anniversary. The council was organized June 10, 1900.

It includes Fr. Thomas Mulhearn, chairman, and W. T. McIntyre, J. E. Johnston and James McGowan.

James Buchheit, grand knight, presided.

The next meeting will be Tuesday at 8 p. m. in the K. of C. Home.

Father Of H-Bomb May Give Strauss Support For Position

WASHINGTON (AP)—Lewis L. Strauss has sat in a Senate hearing room and heard himself called vindictive, boastful, unethical, the next thing to a liar.

Today, for a change, he appeared likely to get some strong support for his nomination as secretary of commerce from the man called the father of the H-bomb, Dr. Edward Teller.

Teller was brought in as a witness by the Senate Commerce Committee, which has heard two days of caustic criticism of Strauss from Sen. Clinton P. Anderson (D-NM).

Teller, of the University of California's Radiation Laboratory, generally supported Strauss down the line in his stormy years as chairman of the Atomic Energy Commission.

No Cabinet appointment of President Eisenhower has evoked such a volcano of charges and recriminations against the nominee.

Anderson told the committee that Strauss had taken god-like credit for developing the hydrogen bomb although the real decisions and work on the weapon were done by others.

Anderson's enmity against Strauss stems from their clashes while Strauss was AEC chairman and Anderson was chairman of Senate-House Atomic Energy Committee, a post he again holds.

Rust can be removed from steel by covering it with sweet oil, rubbing it in thoroughly, and allowing to stand for a few days. Then rub briskly with powdered unslacked lime until the spot disappears.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax or scrub; just apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

Cranmer 596
Astry 136

In the only other contest, Fred Koenreich, incumbent, James E. Feiler and Lloyd Morrison won the three Democratic Council-at-large posts. The other aspirants in the five-way race were Webb V. Goodchild and Mrs. Jerry Layton. The vote was:

Koenreich 480
Feiler 320
Morrison 308
Layton 282
Goodchild 240

A total of 1,604 persons cast ballots—861 Republicans and 743 Democrats. The total was 585 more than the 1,019 who voted in 1955, the last comparable primary. In 1957, when only two offices were contested, the total vote was 317.

The mayoralty contests were never in doubt after the returns from the city's 21 precincts began coming in. Cranmer led his opponent in every precinct, and Smith polled more votes than Houger in all but Precinct F of the First Ward where the count was 8-5 for the loser.

Resignation Accepted

CINCINNATI (AP)—The village council of nearby Fairfax accepted the resignation Tuesday of Police Chief Lonnie V. Auterson, who was charged April 23 with drunken driving. The council also stripped Auterson of his other job as village street commissioner.

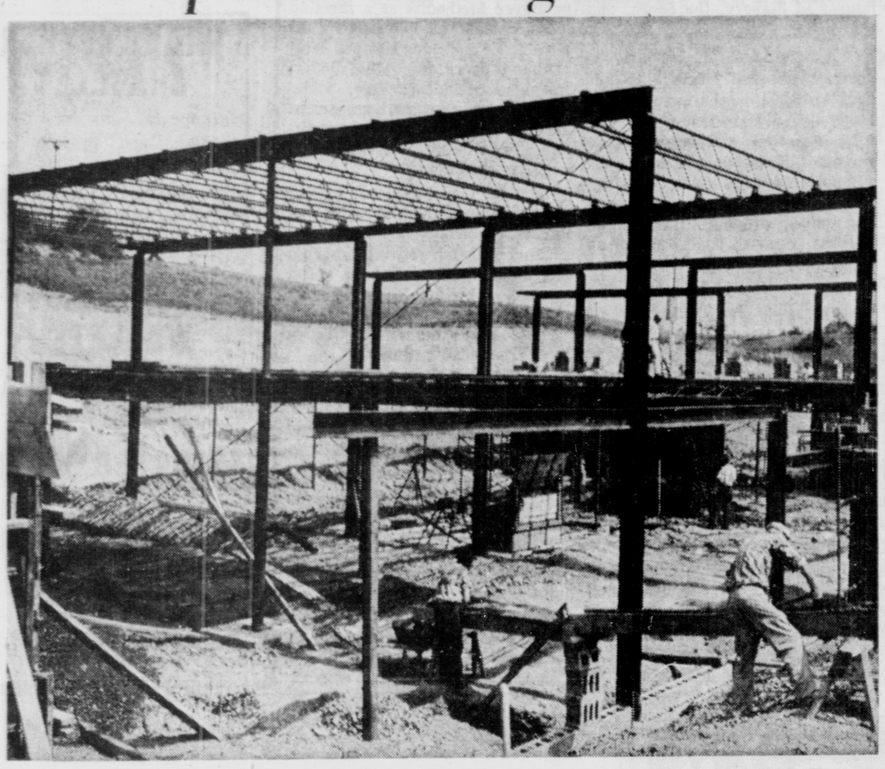
Project Costs $345,000

Work Speeded On Pughtown School



Recent warm weather has enabled workmen to proceed rapidly with construction of the new $345,000 elementary school at Pughtown, a section of which is shown here as erection of the steel frame begins to give the building shape.

The Harry Trushel Construction Co. of Weirton has the general construction phase of the 10-classroom building, which is scheduled for completion sometime next fall, or shortly after the start of the 1960 school term.

Trushel bid $210,774 for general contract. The Hall Plumbing & Heating Co., of East Liverpool bid $67,725 for installing plumbing and heating facilities.

The school will serve some 300 pupils now attending classes in both New Cumberland and Chester High Schools. Pughtown grade school pupils now attend a small, crowded building.

Funds for the project came with the passage of a $1 million bond issue in May 1958. Other building projects are under way or contemplated by Hancock County officials, including additions to Weir High School in Weirton and Wells High School at Newell.

Wells for the Pughtown school have been drilled by the Potts Well Drilling Co. of Hookstown, which bid $2,274.25. A New Cumberland firm, Fuccy Hauling & Excavating, will begin installing walks and areas when the building reaches near completion.

2 At Weirton In Mayor Race

WEIRTON — David T. Frew and Joseph Ference were nominated for mayor in the city's nonpartisan primary Tuesday.

Voters also nominated 14 councilmen from 7 wards, and rejected proposed pay increases for the mayor and Council offices.

Frew, former director of the Recreation Council, and Ference, an auto dealer, will battle it out for the city's highest office in the June 2 municipal election.

Mayor Samuel Kusic did not seek re-election.

Others in the four-way race for the mayoralty nomination were Glenn T. Ferguson and Steve Barron. The vote:

Frew	**5,226**
Ference	**2,849**
Ferguson	**2,375**
Barron	**1,405**

Councilmen nominated were Ward 1 — Joseph Hill, 321, and Peter Sokoloski, 310; Ward 2 — George Rodak, 479, and Samuel Iaquinta, 285; Ward 3 — Robert I. Leach, 523, and John C. Moore, 335.

Ward 4 — Bernard Kelly, 437, and Andy Olenick, 305; Ward 5 — Ed Rowland, 1,118, and Ray Gillette, 564; Ward 6 — Milan Ralich, 668, and Edward Zagula, 658, and Ward 7 — Patsy Cortez, 569, and R. M. Warren, 454.

Proposed salary increases for the mayor's office from $500 to $1,200, and from $100 to $600 a year for Councilmen were rejected by a vote of 4,452 and 3,505.

New Cumberland Mayor Is Candidate

NEW CUMBERLAND — Reversing a previous decision, Mayor Albert (Jakie) Fuccy Tuesday filed as a candidate for his fourth consecutive term for mayor in the June 9 biennial nonpartisan election.

He explained that he had reconsidered his previous refusal to seek re-election because of contemplated community projects including the construction of a riverfront sewage disposal plant. Other candidates who filed Tuesday were Raymond L. Bailey for First Ward councilman, and Welty Vulgamore, an incumbent, for Third Ward.

Kaycees To Take Part In Memorial Service

Plans were completed for participation in the city celebration of Memorial Day at the meeting of Carroll Council 509, Knights of Columbus, Tuesday night at the K. of C. Home.

A committee was also appointed to arrange for the observance of the council's 59th anniversary. The council was organized June 10, 1900.

It includes Fr. Thomas Mulhearn, chairman, and W. T. McIntyre, J. E. Johnston and James McGowan.

James Buchheit, grand knight, presided.

The next meeting will be Tuesday at 8 p. m. in the K. of C. Home.

Father Of H-Bomb May Give Strauss Support For Position

WASHINGTON (AP)—Lewis L. Strauss has sat in a Senate hearing room and heard himself called vindictive, boastful, unethical, the next thing to a liar.

Today, for a change, he appeared likely to get some strong support for his nomination as secretary of commerce from the man called the father of the H-bomb, Dr. Edward Teller.

Teller was brought in as a witness by the Senate Commerce Committee, which has heard two days of caustic criticism of Strauss from Sen. Clinton P. Anderson (D-NM).

Teller, of the University of California's Radiation Laboratory, generally supported Strauss down the line in his stormy years as chairman of the Atomic Energy Commission.

No Cabinet appointment of President Eisenhower has evoked such a volcano of charges and recriminations against the nominee.

Anderson told the committee that Strauss had taken god-like credit for developing the hydrogen bomb although the real decisions and work on the weapon were done by others.

Anderson's enmity against Strauss stems from their clashes while Strauss was AEC chairman and Anderson was chairman of Senate-House Atomic Energy Committee, a post he again holds.

New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax or scrub; just apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

Churchill Visits Two Sick Friends—Dulles, Marshall

WASHINGTON (AP) — It was a visit that tugged at the heart-strings — timeworn Sir Winston Churchill paying a call on two gravely ill old friends.

Accompanied by President Eisenhower, his host, Britain's former prime minister went to Walter Reed Army Hospital Tuesday afternoon to see cancer-stricken John Foster Dulles and Gen. George C. Marshall, who has suffered two strokes.

Marshall, now retired, was U.S. Army chief of staff in World War II and worked closely with Churchill. Dulles, whose illness forced his resignation as secretary of state last month, also had participated in many a conference with the grand old man from England.

Churchill now is 84 and — as Eisenhower put it at his news conference Tuesday is showing the wear and tear of advancing age. So it was something of a physical effort for him to go to the hospital from the White House.

He and the President first spent about two minutes with Marshall, who recognized them but could say little. Mrs. Marshall told the visitors, however, that her husband was delighted they had come.

Newsmen were not permitted to accompany Churchill and Eisenhower. White House press secretary James C. Hagerty gave reporters an account of the sessions.

It was Hagerty who supplied the picture of deep emotion—a picture of the President escorting one somewhat enfeebled old friend on the visit with two others who are critically sick.

Dulles, wearing a blue and white robe over pajamas, was brought into the room in a wheelchair. It was the first public disclosure that he no longer is doing much walking when out of bed. A State Department spokesman said Dulles still can walk, but finds the wheel chair more convenient.

"It was so good, Sir Winston, of you to come and visit me," Dulles said in shaking hands with Churchill.

"I wouldn't come to Washington without seeing you," Churchill assured him.

Ohio Officials Seek $525,000 In Flood Control

WASHINGTON (AP)—A group of Ohio officials sought a $525,000 flood control appropriation here Tuesday.

Jack W. Mybell, Mahoning County, Ohio, administrator, asked for the funds to build the West Branch Reservoir on the Mahoning River.

The crippling effects of the January-February floods on the steel industry were cited as a basis for the request. Nybell said if the reservoir had been in operation when the floods hit, about 16 million dollars could have been saved.

The seven-man delegation expressed optimism over the possibility of getting the amount, which is $325,000 more than President Eisenhower budgeted.

The group was composed of county commissioners from Trumbull and Mahoning counties.

Testimony Set To Begin In Murder Trial

COLUMBUS, Ohio (AP)—Testimony begins today in the first-degree murder trial of David S. Smith, 21. The prosecution has summoned 24 witnesses in an attempt to prove the state's charge that Smith shot an expectant mother after trying to rape her.

The jury of eight men and four women Tuesday was shown through the home where Mrs. Janice Ora Porter, 24, was tied, gagged and blindfolded when a bullet tore through her brain.

Mrs. Porter, wife of an Ohio State University dental student, had been momentarily expecting the birth of her first child when she was slain last Dec. 16.

Smith accompanied the jurors on their tour, nonchalantly smoking a pipe and smiling on occasions.

In contrast, outside the Porter ranch home near here sat the victim's mother-in-law, Mrs. Sarah Porter, weeping.

The jury also was taken through a farmhouse, almost directly across the road, where Smith and his school teacher-mother had lived. The mother has since moved out.

The defendant, a part-time university student when arrested, has pleaded innocent by reason of insanity. Officials of Lima State Hospital, however, declared him legally sane.

The trial is in its second week. Selection of a jury took seven days. The last of two alternate jurors was picked Tuesday, allowing testimony to begin.

Secrecy Clouds Lynching Case In Mississippi

POPLARVILLE, Miss. (AP)—A mantle of secrecy hung over the Mack Charles Parker case today as officers continued to look for clues that might lead to the lynch mob that shot the 23-year-old Negro truck driver to death.

A six-man coroner's jury ruled Tuesday that two bullet wounds killed Parker. He was awaiting trial on a charge of raping a pregnant white woman when a band of eight or 10 masked men kidnaped him from an unguarded jail here April 25.

No bullets were in the body when an FBI agent and a highway patrolman pulled it from the Pearl River near Bogalusa, La., Monday. But FBI Agent Joseph Myers told the jury there were two holes in the body, one in the side and the other near the breastbone.

Two hours after the inquest about 100 Negroes attended funeral services for Parker in a cemetery about one mile from his home outside Lumberton.

After 6 Months On Tribunal

Stewart Finally Confirmed As Supreme Court Justice

WASHINGTON (AP) — After more than six months on the Supreme Court, Potter Stewart has been confirmed as an associate justice by a 70-17 vote of the Senate.

All the opposition votes were cast by southern Democrats, who thus showed their resentment against the court's unanimous 1954 decision declaring racially segregated public schools unconstitutional.

A 44-year-old Republican from Cincinnati, Stewart testified at hearings on his nomination that he is in basic agreement with the reasoning behind the court's ruling.

Stewart has been serving on the court since last October, when Justice Harold Burton, also of Ohio, retired. President Eisenhower gave him a recess appointment then and formally submitted his nomination on Jan. 17.

For four years before being elevated to the Supreme Court, he had been a judge on the U.S. Sixth Circuit Court of Appeals.

Ohio Democratic Sens. Frank J. Lausche and Stephen Young both voted for confirmation.

Sen. Sam J. Ervin Jr. (D-NC) voted as a member of the Judiciary Committee to recommend confirmation of Stewart's nomination, but in the Senate Tuesday he voted against confirmation.

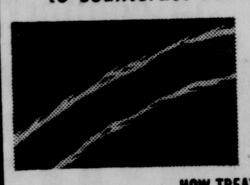
You can Look Lovelier!

Only NUTRI-TONIC permanent waves deep down—yet gentler

9 OUT OF 10 NEED LIFE LOTION HAIR TREATMENT by NUTRI-TONIC®

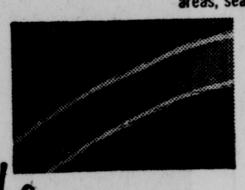
to counteract damage, restore natural beauty!



HERE'S HOW YOU CAN WORK MIRACLES ...IN JUST 60 SECONDS

BEFORE TREATMENT—Dark areas represent internal decomposition as hair ages. Protruding scale causes tangling.

HOW TREATMENT WORKS—New LIFE LOTION HAIR TREATMENT is absorbed instantly, counteracts damage inside and out. Lotion penetrates internal damaged areas, seals scale.



AFTER TREATMENT—With LIFE LOTION HAIR TREATMENT absorbed, hair combs and styles easily...doesn't fight back. Further internal damage is inhibited.

Life LOTION HAIR TREATMENT is not a conditioner, not a rinse... not a mere surface coating. It's a wonderful new lotion-treatment that penetrates deep down to give new radiance, new luster, new manageability to all hair—no matter how badly damaged by bleaching, coloring, over-waving, or exposure to sun, wind and water. Start your hair on the road to health today with LIFE LOTION HAIR TREATMENT. Just rub it in...your hair absorbs only the amount it needs...then rinse thoroughly. Use it after each shampoo!

Friends may call at the funeral home Friday from 2 to 4 and 7 to 9 p. m.

Memorial Day Events Slated

Midland American Legion Post 481 Monday night discussed plans for Memorial Day events, which will include placing about 150 flags and potted geraniums on graves of servicemen in 5 Midland area cemeteries.

Taps in a memorial service for H. T. McKnight, adjutant, who died recently, will be played by the buglers of Midland's Lincoln High School Band before the evening invitational track meet, sponsored by the post May 20 at the school.

The post will have a float in the July 4th parade. At the next meeting May 18, a chairman will be named and the type of float decided.

Plans have been started for the Countywide Legion program to be held Nov. 11—Veterans Day — in Midland. Harry Hulton is general chairman.

Reservations for delegates to the state convention in Pittsburgh in July were made.

Newell Promised More Patroling By Sheriff Deputies

Additional deputy protection for Newell was promised as a result of a meeting Tuesday night in New Cumberland of a delegation from the Lions Club with Sheriff Clayton H. Hobbs and Hancock County commissioners.

Five members of the club were promised additional protection in Newell "as far as possible" this summer between the hours of 7 p. m. and 1 a. m., apparently to curb juvenile crimes and possible burglaries of business places.

Although three deputies reside in Newell, the club pointed out that their duties take them to other sections of the county most of the time.

Sheriff Hobbs explained that the three — Arnie Durham, Arnold Anderson and Clayton Stine—are on call 24 hours a day but promised more frequent patroling whenever possible.

Seven other civic organizations in Newell had pledged support of the Lions movement to obtain additional protection.

The club delegation included R. D. Brenneman, president, J. Fred Allison, Edwin Carson, Clarence Barnett and R. D. Stanford.

Toronto Race Features Tie For Council Post

TORONTO — A tie resulted in a two-way race for councilman from the second ward in the city's primary Tuesday, according to the complete but unofficial tabulation.

William Candoo and King Russell each received 75 votes. It was the only Republican contest as the Democratic candidates had no opposition in the First, Third and Fourth wards.

There was no contest for nomination for mayor in either party. Oscar H. Burchfield, Republican, will oppose incumbent Democratic Mayor Oliver K. Fleischer in the Nov. 3 general election.

Fleisher received 231 votes Tuesday. Burchfield's father and grandfather are both former mayors of Toronto.

Woman Given $8,200 Verdict

A Common Pleas Court jury Tuesday awarded $8,200 to a Wellsville area woman as a result of injuries suffered in a chain reaction auto accident Nov. 24, 1956, on Pennsylvania Ave. at the intersection with Walnut St. in East Liverpool.

Mrs. Esther Mae Wilson had asked $15,000 from Nick Manfredi, 2208 Ohio Ave., and Climmie Robinson, 1171 Harker Ave.

Mrs. Wilson was driving west on Pennsylvania Ave. and stopped for the red light at Walnut St. when she was struck by Manfredi's car, which was pushed by Robinson's car. All were headed west. The verdict was against Robinson.

The jury included: Minnie Silliance of East Liverpool, Charles Reese and Velma Joseph of Wellsville; Marie Pasco, John Pridon, Calvin Funk, Russell Pearson, Milford Landwert, Walter Alesi and Charleston Dunlap of Salem; Frank Rudibaugh of Lisbon and Graydon Metz of Columbiana.

Cumberland Autoist Fined And Sentenced

NEW CUMBERLAND — Thomas Lamb, 37, of New Cumberland was fined $100 and costs and sentenced to 30 days in Hancock County Jail at a hearing Tuesday before Squire John D. Herron.

Lamb was charged with driving an auto after his operator's license had been revoked for driving while intoxicated, the squire said.

Squire Herron also fined Melvin Miller, 43, of R. D. 1 $10 and costs for driving with no West Virginia operator's license. Lamb was cited by sheriff's deputies. State Police arrested Miller.

BIG DIFFERENCE IN ECONOMY

Plymouth, traditional economy champ, again won its class in the Mobilgas Economy Run for the *third straight year!* In this recognized competitive test for economy, a Plymouth V-8 averaged 21.15 miles per gallon. Proof of Plymouth's Big Difference in economy!

BIG DIFFERENCE IN FEATURES

Only Plymouth in its field offers such low-extra-cost options as rear Sport Deck, Push-Button heating and transmission. Standard features include Total-Contact Brakes, electric windshield wipers, Lustre-Bond finish, Tyrex tires, and many more.

BIG DIFFERENCE IN PERFORMANCE

Plymouth's superb handling is unmatched in its field. Torsion-Aire virtually eliminates roll and sway. And Plymouth's V-8 engines are the biggest in their class. Tops is the New Golden Commando 395, available at low extra cost.

Take Plymouth's "Two-Mile Try-Out" Now!

See any Plymouth dealer or salesman. He'll prove that all low-price cars cost about the same... but that only Plymouth gives you the Big Difference for your money. And ask him for your "Two-Mile Try-Out." You'll enjoy yourself putting Plymouth through its paces!

So much the same in price... so different on the road

Out Of The Air

By JOHNNY CARSON

No Attack From This Direction

John Crosby is on vacation. While he is away his column will be written by guest columnists from television.

By JOHNNY CARSON
Host of "Who Do You Trust?"

Robert Benchley once said that he often resorted to the following device for writing a newspaper column:

Early in the morning, when the mind has not yet started to function, he would insert a sheet of paper in the typewriter and type one word: "The." He then would put on his hat, leave the office and return at the end of the day, adding to the initial word—"hell with it."

If I could adapt Mr. Benchley's technique this one time I would be happy.

For those of you are hoping this piece will be a condemnation of television—sorry. Personally, I'm growing a little weary of reading articles such as "What's Wrong With TV?", "The Sad Plight of TV Comics," "Does TV Produce Potential Criminals?" Ad infinitum.

-:-

IN THE EVENT you missed the above stories, nothing is wrong with TV that the public couldn't cure, the plight of comedians is more temporary than permanent, and TV does produce criminals—but most of them are in television.

Any medium which has had the fantastic growth in the last 10 years that television has had must be vulnerable to attack. Today there seems to be a tendency in some quarters to stand back with a scatter-gun, whirl and fire. What you might hit is fair game.

Some personalities, as soon as they acquire even a modicum of success in TV, begin to tear it apart. Personally, I refuse to harpoon an industry that has been good to me. I don't intend, however, to play the town crier and chant, "All is well!" Obviously, things could be better.

-:-

DURING a cab ride the other day, the subject of television came up. (It always does.) The cab driver, a master of innuendo, growled, "Television stinks." My clever rejoinder was, "Cab drivers stink." (I was alone, no writers.)

So the original question, "What's Wrong with TV," might be extended to "What's Wrong With TV Audiences?"

My friend (sic), the cab driver, thought television stank because it was the same old thing. My milkman is darn glad that "Playhouse 90" isn't going to be on every week bececause he's tired of it. A neighbor lady of ours has several unique but physically impossible methods as to how to dispose of TV's Westerns.

But yet, at one time, these people were all avid fans of what they now condemn.

-:-

IF TV DOES one thing for an audience, it spoils them. It's impossible to hope that the viewer will be like the wide-eyed country boy watching the girlie show at the carnival. Not when the carnival appears in the living room seven days a week.

Pretty soon the country boy wants to see the special show in the small tent. And so it goes. There are no rubes in the TV audience.

I think that most people connected with the industry hope to make it better. Many reliable oritics, including your regular reporter in this space, can, and do, make fair appraisal of what they see. If only a small segment of the millions of viewers would do the same, the results could be astounding.

I sometimes hear parents complaining about certain programs they believe are corrupting their offspring. But I know of no one personally who has written a letter protesting. For myself, I don't think there are many programs that will turn my three boys into ax murderers.

TV can be a welcome baby sitter at times but, like the sitter you hire to watch the children, check the references. If they don't come up to your taste, don't invite them in.

-:-

A WORD about comedy on TV, although I'm not sure why I should add my thoughts to the better ones expressed.

Ed Wynn probably gave me the best advice I ever had in 1952. He said, "Save your money." Possibly a facetious remark but, considering the turnover in comedy personalities, not far wrong.

It is impossible for a comedian to be all things to all people. The viewers who hail the new comedy discovery his first season are lamenting his unfunniness the second year.

There are exceptions. Jack Benny and Red Skelton seem to hold their audience from season to season. But those two great performers have something that a personality making his initial success in TV does not have: Twenty years of acceptance by the public.

Currently the Westerns are dominating the TV scene. A few short seasons ago musicals were abundant; before that, comedians. Audience moods and tastes change rapidly in TV and the cycle may come full wheel again.

If it doesn't, as Robert Benchley succintly put it, "The Hell With It!"

Board For Junior Fair To Reorganize Tonight

LISBON—The Columbiana County Junior Fair Board will hold an organization meeting tonight at 8:30 at the County Extension Office, according to Don Myers, county extension agent in 4-H work.

Election of officers, assignment of Junior Fair activities and responsibilities and planning of special events will be the main business.

This will be the first of several meetings of the group before the Columbiana County Fair Aug. 25-29.

Body Identified

NEW PHILADELPHIA, Ohio (AP)—The body of Mrs. Thelma Sherrell, 30-year-old mother of six who had been missing since February, was identified Tuesday. The decomposed body had been pulled from the Tuscarawas River near here April 18.

Film On Lead Mining Shown

A movie on mining and mill production of lead was screened when the Rotary Club met Tuesday noon in the Travelers Hotel.

Produced by the Bureau of Mines of the U. S. Department of Interior, the 20-minute sound-color film showed scenes from the mines and mills of the St. Joseph Lead Co. in Missouri.

The growing importance of lead in production of essentials for modern living was emphasized in the film documentary. The film pointed to lead's growing importance in production of television equipment, electronics, telephones and containers, in addition to its use by medical men in X-raying patients and recreational uses such as shotgun shells.

The film also stressed how modern mining equipment is speeding up lead production and making jobs of miners easier, and the tremendous task of mining tons of lead-bearing ore to produce the pure metal.

C. Major Lampman was program chairman. John Watson of East Liverpool High School was projectionist.

Dean Wilhelm, president, presided and presented a brief report on a district Rotary conference held Friday and Saturday in Canton. Guests included C. I. McAllister of Massillon, O. D. Bechtel of Reading, Pa., and G. D. Agnew of Cambridge, and two others from the Midland Rotary Club.

Church At Grant's Hill Will Dedicate Organ

Dedication of a new electric organ will be held Sunday afternoon at 2:30 at the Grant's Hill Presbyterian Church, with the Rev. Harry Rose of Akron in charge.

The new organ, a gift of Claude Foster of Cleveland, was delivered about a month ago to the church located between Irondale and Salineville.

Worship will be held Sunday at 10 a. m. Sunday School will convene at 11.

Plans New Plant

CLEVELAND (AP)—The Wall Street Journal plans to build a publishing plant in Cleveland at a cost of one million dollars, it was announced Tuesday. The new plant will supplement one in Chicago for printing midwest editions of the newspaper.

Pre-School Children's Registration Slated

A pre-school registration clinic will be held Friday from 3 to 4:30 p. m. in Jefferson School in Newell for children planning to enter school for the first time next fall.

Ernest John, principal, said children who will be 6 by Jan. 31 are requested to attend and bring their birth certificates — if available — and immunization records.

A tea will be held for parents of children attending. Parents may meet the teachers and inspect the building at that time. The tea is sponsored each year by the Parent-Teacher Association.

Mrs. James Ryan is chairman. Homeroom mothers will be aides. Notices of the registration clinic were sent to parents in the community, the principal said.

Give an occasional coat of white varnish to all articles made of straw to preserve them.

Can Withdraw Service

COLUMBUS, Ohio (AP) — Because no rate increase is involved and 97 per cent of the area's subscribers are in favor, Ohio Bell Telephone Co. can withdraw four-party residence service in its Upper Sandusky exchange, the State Utilities Commission said today. Ohio Bell contends that two-party residence service should be offered because the exchange is being converted to dial operation in August.

Girl Receives Grease Burns

A Glenmoor girl burned by hot grease and a restaurant worker injured in a fall were treated at City Hospital Tuesday, along with four youngsters and adults hurt in other mishaps.

Linda Thompson, 17, daughter of Mr. and Mrs. Henry Thompson of Glenmoor, suffered second degree burns of the right hand when grease spilled last night.

Mrs. Kay Gilkinson of the Smiths Ferry-Calcutta Rd. was treated for a laceration of the right foot received in a fall while at work at the Sky Bar Restaurant near Calcutta.

Richard Johnston, 6, son of Mr. and Mrs. James Johnston, 1129 Vine St., was treated last night for a possible fracture of the ankle received while at play.

At work for the Golden Star Dairy, Jay Kirkbride, 23, of Foulks Dr., suffered a laceration of the right cheek.

Earl Doughty, 14, son of Mr. and Mrs. Earl Doughty of Smiths Ferry R. D. 1, was treated for a possible fractured foot on which a bicycle fell.

Mrs. Lena Mick of Shadyside Ave. was treated for injuries of the right hand suffered when caught in a wringer.

Arrested For Attack

CLEVELAND (AP)—John Ibos, 73, of Cleveland, was arrested Tuesday night in connection with a hatchet attack on a physician. Police said Ibos admitted attacking Dr. Joseph Kovach, 75, because he was dissatisfied with the physician's advice. Dr. Kovach was reported in fair condition at Lutheran Hospital. Ibos was held without formal charge.

Liquor Permits Of 3 Lodges Are Suspended

Private club permits of lodges at Lisbon, Leetonia and Salem have been suspended temporarily by the Ohio Board of Liquor Control for violations of liquor laws. The penalties start May 15.

The permit of the Eagles Lodge at Lisbon was suspended for two weeks for possession of gambling devices—tip tickets. The permit of the Eagles Lodge at Leetonia was suspended for three weeks on a similar charge.

The permit of the American Slovak Club of Salem has been suspended for 2 weeks for Sunday sale and consumption of intoxicating liquor on the premises.

By JOHNNY CARSON

No Attack From This Direction

John Crosby is on vacation. While he is away his column will be written by guest columnists from television.

By JOHNNY CARSON
Host of "Who Do You Trust?"

Robert Benchley once said that he often resorted to the following device for writing a newspaper column:

Early in the morning, when the mind has not yet started to function, he would insert a sheet of paper in the typewriter and type one word: "The." He then would put on his hat, leave the office and return at the end of the day, adding to the initial word—"hell with it."

If I could adapt Mr. Benchley's technique this one time I would be happy.

For those of you are hoping this piece will be a condemnation of television—sorry. Personally, I'm growing a little weary of reading articles such as "What's Wrong With TV?", "The Sad Plight of TV Comics," "Does TV Produce Potential Criminals?" Ad infinitum.

-:-

IN THE EVENT you missed the above stories, nothing is wrong with TV that the public couldn't cure, the plight of comedians is more temporary than permanent, and TV does produce criminals—but most of them are in television.

Any medium which has had the fantastic growth in the last 10 years that television has had must be vulnerable to attack. Today there seems to be a tendency in some quarters to stand back with a scatter-gun, whirl and fire. What you might hit is fair game.

Some personalities, as soon as they acquire even a modicum of success in TV, begin to tear it apart. Personally, I refuse to harpoon an industry that has been good to me. I don't intend, however, to play the town crier and chant, "All is well!" Obviously, things could be better.

-:-

DURING a cab ride the other day, the subject of television came up. (It always does.) The cab driver, a master of innuendo, growled, "Television stinks." My clever rejoinder was, "Cab drivers stink." (I was alone, no writers.)

So the original question, "What's Wrong with TV," might be extended to "What's Wrong With TV Audiences?"

My friend (sic), the cab driver, thought television stank because it was the same old thing. My milkman is darn glad that "Playhouse 90" isn't going to be on every week bececause he's tired of it. A neighbor lady of ours has several unique but physically impossible methods as to how to dispose of TV's Westerns.

But yet, at one time, these people were all avid fans of what they now condemn.

-:-

IF TV DOES one thing for an audience, it spoils them. It's impossible to hope that the viewer will be like the wide-eyed country boy watching the girlie show at the carnival. Not when the carnival appears in the living room seven days a week.

Pretty soon the country boy wants to see the special show in the small tent. And so it goes. There are no rubes in the TV audience.

I think that most people connected with the industry hope to make it better. Many reliable oritics, including your regular reporter in this space, can, and do, make fair appraisal of what they see. If only a small segment of the millions of viewers would do the same, the results could be astounding.

I sometimes hear parents complaining about certain programs they believe are corrupting their offspring. But I know of no one personally who has written a letter protesting. For myself, I don't think there are many programs that will turn my three boys into ax murderers.

TV can be a welcome baby sitter at times but, like the sitter you hire to watch the children, check the references. If they don't come up to your taste, don't invite them in.

-:-

A WORD about comedy on TV, although I'm not sure why I should add my thoughts to the better ones expressed.

Ed Wynn probably gave me the best advice I ever had in 1952. He said, "Save your money." Possibly a facetious remark but, considering the turnover in comedy personalities, not far wrong.

It is impossible for a comedian to be all things to all people. The viewers who hail the new comedy discovery his first season are lamenting his unfunniness the second year.

There are exceptions. Jack Benny and Red Skelton seem to hold their audience from season to season. But those two great performers have something that a personality making his initial success in TV does not have: Twenty years of acceptance by the public.

Currently the Westerns are dominating the TV scene. A few short seasons ago musicals were abundant; before that, comedians. Audience moods and tastes change rapidly in TV and the cycle may come full wheel again.

If it doesn't, as Robert Benchley succintly put it, "The Hell With It!"

Board For Junior Fair To Reorganize Tonight

LISBON—The Columbiana County Junior Fair Board will hold an organization meeting tonight at 8:30 at the County Extension Office, according to Don Myers, county extension agent in 4-H work.

Election of officers, assignment of Junior Fair activities and responsibilities and planning of special events will be the main business.

This will be the first of several meetings of the group before the Columbiana County Fair Aug. 25-29.

Body Identified

NEW PHILADELPHIA, Ohio (AP)—The body of Mrs. Thelma Sherrell, 30-year-old mother of six who had been missing since February, was identified Tuesday. The decomposed body had been pulled from the Tuscarawas River near here April 18.

Film On Lead Mining Shown

A movie on mining and mill production of lead was screened when the Rotary Club met Tuesday noon in the Travelers Hotel.

Produced by the Bureau of Mines of the U. S. Department of Interior, the 20-minute sound-color film showed scenes from the mines and mills of the St. Joseph Lead Co. in Missouri.

The growing importance of lead in production of essentials for modern living was emphasized in the film documentary. The film pointed to lead's growing importance in production of television equipment, electronics, telephones and containers, in addition to its use by medical men in X-raying patients and recreational uses such as shotgun shells.

The film also stressed how modern mining equipment is speeding up lead production and making jobs of miners easier, and the tremendous task of mining tons of lead-bearing ore to produce the pure metal.

C. Major Lampman was program chairman. John Watson of East Liverpool High School was projectionist.

Dean Wilhelm, president, presided and presented a brief report on a district Rotary conference held Friday and Saturday in Canton. Guests included C. I. McAllister of Massillon, O. D. Bechtel of Reading, Pa., and G. D. Agnew of Cambridge, and two others from the Midland Rotary Club.

Pre-School Children's Registration Slated

A pre-school registration clinic will be held Friday from 3 to 4:30 p. m. in Jefferson School in Newell for children planning to enter school for the first time next fall.

Ernest John, principal, said children who will be 6 by Jan. 31 are requested to attend and bring their birth certificates — if available — and immunization records.

A tea will be held for parents of children attending. Parents may meet the teachers and inspect the building at that time. The tea is sponsored each year by the Parent-Teacher Association.

Mrs. James Ryan is chairman. Homeroom mothers will be aides. Notices of the registration clinic were sent to parents in the community, the principal said.

Can Withdraw Service

COLUMBUS, Ohio (AP) — Because no rate increase is involved and 97 per cent of the area's subscribers are in favor, Ohio Bell Telephone Co. can withdraw four-party residence service in its Upper Sandusky exchange, the State Utilities Commission said today. Ohio Bell contends that two-party residence service should be offered because the exchange is being converted to dial operation in August.

Girl Receives Grease Burns

A Glenmoor girl burned by hot grease and a restaurant worker injured in a fall were treated at City Hospital Tuesday, along with four youngsters and adults hurt in other mishaps.

Linda Thompson, 17, daughter of Mr. and Mrs. Henry Thompson of Glenmoor, suffered second degree burns of the right hand when grease spilled last night.

Mrs. Kay Gilkinson of the Smiths Ferry-Calcutta Rd. was treated for a laceration of the right foot received in a fall while at work at the Sky Bar Restaurant near Calcutta.

Richard Johnston, 6, son of Mr. and Mrs. James Johnston, 1129 Vine St., was treated last night for a possible fracture of the ankle received while at play.

At work for the Golden Star Dairy, Jay Kirkbride, 23, of Foulks Dr., suffered a laceration of the right cheek.

Earl Doughty, 14, son of Mr. and Mrs. Earl Doughty of Smiths Ferry R. D. 1, was treated for a possible fractured foot on which a bicycle fell.

Mrs. Lena Mick of Shadyside Ave. was treated for injuries of the right hand suffered when caught in a wringer.

Arrested For Attack

CLEVELAND (AP)—John Ibos, 73, of Cleveland, was arrested Tuesday night in connection with a hatchet attack on a physician. Police said Ibos admitted attacking Dr. Joseph Kovach, 75, because he was dissatisfied with the physician's advice. Dr. Kovach was reported in fair condition at Lutheran Hospital. Ibos was held without formal charge.

Liquor Permits Of 3 Lodges Are Suspended

Private club permits of lodges at Lisbon, Leetonia and Salem have been suspended temporarily by the Ohio Board of Liquor Control for violations of liquor laws. The penalties start May 15.

The permit of the Eagles Lodge at Lisbon was suspended for two weeks for possession of gambling devices—tip tickets. The permit of the Eagles Lodge at Leetonia was suspended for three weeks on a similar charge.

The permit of the American Slovak Club of Salem has been suspended for 2 weeks for Sunday sale and consumption of intoxicating liquor on the premises.

Board Adopts Higher Budget At South Side

A tentative budget of $424,145 was adopted at the meeting of the South Side Board of Education Monday night.

This is an increase of approximately $15,000 over the present budget and includes funds for purchase of a training car to inaugurate driver education, Victor Thomas, supervising principal, said.

Four of the five districts in the jointure — Greene and Hanover Townships and the boroughs of Hookstown and Shippingport—also adopted their tentative budgets. The tentative budget for Frankfordt Springs has not been completed.

Final approval is scheduled at the next meeting, changed to June 8 because of a 30-day waiting period required by law.

The individual districts will set the tax rates, Thomas explained.

Two teachers informed the board they are retiring at the end of the present term and a third submitted his resignation.

Miss Zona Keifer, an elementary teacher, is retiring after 44 years' service and Mrs. Edith Swearingen, high school mathematics teacher and librarian, is retiring after 31 years.

Harry Lutton, an English teacher, resigned to accept a position with an encyclopedia publisher.

The board awarded a contract for general supplies to Kurtz Brothers of Clearfield, Pa., on a bid of $3,614. A contract for fuel oil was let to the Davis Oil Co. of Imperial on a bid of 11.6 cents per gallon.

The Problems in Democracy Class was granted permission to tour the Beaver County Courthouse on May 25 under the supervision of the teacher, Clifford Campbell.

One section of the fifth grade taught by Mrs. Anna Noll was given permission to make a field trip to Pittsburgh.

The board also fixed May 20 as a half-holiday for the annual school picnic, tentatively scheduled at Rock Springs Park.

CBS Head To Speak

COLUMBUS, Ohio (AP) — The social responsibilities of radio and television is the theme of the 1959 Institute for Education by Radio-Television, beginning here today. Nearly 600 persons are expected to attend the meeting. Frank M. Stanton, president of Columbia Broadcasting System, will give the keynote speech tonight.

BPW Selects Speaker For Anniversary Event

DR. WEBSTER
Nationally Known In Club Work.

Dr. Marjorie Fraser Webster, a member of the executive board of Business and Professional Women's Clubs, Inc., for the last 12 years, will be the principal speaker at the local club's 20th anniversary banquet May 20.

She was born in Chicago and, after completing her early education, received dramatic training at Columbia College, Chicago. She holds these degrees: A.B., George Washington University; M.A. and honorary Lh.D., American University, Washington, D.C. In 1953, Dr. Webster received the Alumni Recognition Award from the Alumni Association of American University.

She is past president of the local and state Business and Professional Women's Club of Washington and the District of Columbia; the Soroptimist club and the Women's City Club of the District of Columbia; past national chairman of the National Security Committee and immediate past national chairman of the Career Advancement Committee and a member of the national executive board for 12 years of the national BPW.

She has been a leader in the American Red Cross since World War I. An interest developed in social welfare under Jane Addams at Hull House and has continued through her activities in the Central Union Mission.

Dr. Webster frequently appears on broadcasts and telecasts for civic organizations. She is a member of Phi Delta Gamma and Delta Psi Omega.

In 1920, Dr. Webster founded the Marjorie Webster Junior College in Washington. She is the author of two books, "My Girls" and "A Corner Of My Heart". She is listed in "Who's Who In The East", "Who's Who In American Education", "Who's Who In America" and "Who's Who Of American Women".

Other honor guests at the local club's observance will include Mrs. Agnes Meritt of Columbus, president-elect of the Ohio Federation of Business and Professional Women's Clubs; Mrs. Marguerite Davis, director of District 8 of the Ohio BPW of which the local club is a part, and officials from city federated and other local women's organizations.

Other program highlights of the anniversary event will include souvenir program booklets and pictorial displays of the local BPW club's 20-year history, musical entertainment and "congratulatory" souvenirs contributed by local firms.

May 10 is the deadline for reservations for the banquet. They are to be mailed to the business & Professional Women's Club, P. O. Box 98, East Liverpool.

The banquet will be held in the St. Aloysius School Annex. Mrs. Ethel Lynn Wambaugh is president of the local club.

Texan Arrested After Shooting 2

BEAUMONT, Tex. (AP)—Two women were killed by rifle fire at an apartment house here Tuesday and police quickly arrested the man who says he fired the fatal shots.

The man, father of a local policeman, was quoted by police as saying he killed the two women because one had him arrested and both laughed at him when he was jailed.

Killed were Alpha Bell Hill, 49, a nurse's aide here; and Elsie Hufstutler, 48.

Thomas Jefferson Jones, 57, was ordered held without bond on murder charges after a daughter called police and told them "daddy says he has killed two women."

Jones was arrested at the home of the daughter, Mrs. J. O. Rexses, about an hour after the shooting in an apartment house here where Mrs. Hill lived.

$442,708 Set As Tentative School Budget

A tentative budget of $442,708 for school operations in the fiscal year starting July 1 was accepted by the Western Beaver County Board of Education Monday night.

The budget, presented by D. Robert Beglin, chairman of the finance committee, represents an increase of $66,513 over the present budget of $376,195.

Beglin said the increase is due to higher teachers' salaries, tuitions and rental on the Ray W. Snyder Elementary School now under construction.

To meet the budget, the finance committee has set 17 mills property tax, $5 per capita tax, $7 under Act 481 and a $2 a month trailer tax. The per capita, Act 481 and the trailer taxes are the same as last year while the property millage has been reduced from 35 mills last year, chiefly because of a reassessment of county property.

The board accepted the resignation of Mrs. Gertrude Jackson of Glasgow, board member, who is moving from the district, and appointed Mrs. Ruth Blackmore to fill her unexpired term ending in 1961.

It also accepted the resignation of Mrs. Olive M. Factor as school nurse. Mrs. Factor has accepted a nursing position with the Freedom area schools.

Mrs. Helen Sullivan was appointed as a janitor in the Fairview School.

Frank Meredith, supervising principal, was authorized to purchase a rotary mower.

Fay Laing, chairman of the reading committee, presented the board with a written report of the committee's activity. The report showed materials from nine companies had been evaluated and estimated the committee has evaluated approximately 400 books, workboods and teachers' manuals.

Walter Zischkau, chairman of the building and grounds committee, reported on construction progress at the Snyder school.

Bills totaling $21,451 were approved. James P. McClaskey, president, presided.

The Charles A. Lindberg Memorial Park near Little Falls, Minn., is a memorial to Congressman Lindberg, father of the aviator.

Child Injured, Drivers Cited In 2 Accidents

An East End child apparently escaped with minor injuries when struck by an auto and two motorists were arrested as an aftermath of separate traffic mishaps in East Liverpool Tuesday and early today, police said.

Bobby Jones, 4, son of Mr. and Mrs. Fred Jones, 452 1st Ave., was examined at City Hospital after he was bumped by a car about 11:30 a. m. yesterday. Police had no report on the mishap, but officers said they understood the child was struck while in Fire Alley, which connects Mulberry St. and 1st Ave.

Allen J. Wallace, 23, of Aliquippa, who walked away from his wrecked auto on Pennsylvania Ave. Ext. at 1:15 a. m. today, forfeited a $16 bond in Municipal Court on a charge of obstructing traffic. Police said Wallace permitted his car to block traffic for four hours after it crashed into an embankment along Pennsylvania Ave. Ext.

Wallace told police he was driving east about 30 miles an hour when "something happened" that caused him to lose control. He did not elaborate. The front and left side of his 1948 sedan were damaged.

Tommy Joe Renner, 20, of 1647 Pennsylvania Ave. was fined $10 and costs on a reckless driving charge today in Municipal Court as the aftermath of a crash Tuesday at 11:20 a. m. on Walnut St. 60 feet south of E. 6th St. Police said his 1948 sedan was involved in a collision with a 1958 auto driven by Earl D. Haney, 31, of 1020 Smithfield St.

A woman driver said she was blinded by sun, causing a collision with another auto on Mulberry St. Tuesday. The 1955 sedan driven by Ruby Mecomas, 1015 Pennsylvania Ave., was involved in a crash with a 1947 sedan driven by Ross J. Fiorello, 28, of 855 Ohio Ave., police said. The woman said she was driving north on Mulberry St. when she was blinded by the sun, causing her auto to drift across the center line and hit Fiorello's car.

Both the Republican and Democratic candidates for auditor and treasurer were unopposed.

Treasurer Bert A. Dawson, dean of boys at the high school, scored the highest vote on the GOP ticket in his unopposed bid for nomination to a ninth term. He was given 1,672 complimentary votes — 177 more than the mayor received in his uncontested ballot appearance.

Auditor H. J. Gallimore was nominated to a second full term by the GOP with 1,579 votes, also topping the mayor.

The unopposed Democratic candidate for auditor is Lawrence C. Applegate of St. George St., a pottery warehouseman, who received 1,769. The party's unopposed treasurer candidate is Owen D. Kountz of Erie St., a Mulberry St. grocer, who was given 1,778.

In the Democratic mayoralty race, Owen carried the First Ward —where the two leading candidates reside—but Goodballet carried the other three.

Blumenthal Will Serve As Merchant Chairman

Leslie Blumenthal of Bendheim's Shoe Store is the new chairman of the East Liverpool Merchants Association, succeeding William Kozel, proprietor of the Fabric & Sewing Center.

Blumenthal's election was announced by a tellers' committee at a meeting of the merchants' group Tuesday in the Chamber of Commerce office. The report on the balloting, conducted by mail in April, was delivered by Charles Averell and H. T. Powers. The nominees were unopposed.

Kozel served two years as head of the association. Other officers are: Ralph A. Finley, named vice chairman to succeed Thomas Phillips, and Dayton Allen, retained as treasurer. E. R. Chandler automatically remains as secretary of ELMA because of his post as secretary-manager of the Chamber.

The new officers will assume their duties at the next regular meeting June 2.

The group voted to hold a special meeting next Tuesday at 10 a. m. to discuss store hours for the week of Memorial Day. The stores will be closed Saturday, May 30, because of the holiday. In 1958, when Memorial Day fell on Friday, the stores remained open until 5 p. m. Wednesday of that week, skipping their usual mid-week half-holiday.

Meanwhile, 38 members of the merchants' group left by charter-

ed bus today for their annual spring outing in Pittsburgh.

The program includes attendance at the Pittsburgh Pirates - Chicago Cubs baseball game this afternoon at Forbes Field, followed by dinner and a trip around the Golden Triangle area in the river craft Gateway Clipper. The committee in charge is comprised of Blumenthal, Harold Allison and Edwin Maloney.

PTA Program Given By 4-H

A program was presented by the Cherokee 4-H Club at a meeting of the Grandview Parent-Teacher Association Tuesday night at the school near Chester.

A skit was given by Betty Wagner, Beverly Hulme, Patty Morris and Janet Shroades, and a project was demonstrated by Polly Hoyt. Diane Wright, Janice Allison and Betty Allison sang "The Lord's Prayer."

Mrs. Gaynell Shroades, assistant leader of the club, was in charge.

Robert Lindsay, assistant superintendent of Hancock County schools, installed officers of the PTA.

Mrs. Mable Wagner and Mrs. Mary Schladen were named delegates to a leaders' training meeting June 5-7 at Camp Caesar.

Mrs. Thelma Wright, Mrs. June Shroads and Mrs. Schladen were appointed in charge of the annual fifth grade banquet May 25 at the Lawrenceville fire station. Mrs. Gaynell Shroades and Mrs. Donald Brown were named co-chairmen of the annual school picnic May 27 at the school.

Refreshments were served by Mrs. Wright and Mrs. Brown. William Schladen, president, was in charge. The next meeting will be in September.

Annual Show Tonight

Astaire Favored To Win TV Emmy Man Of Year

HOLLYWOOD (AP) — Television's big annual show—the Emmy awards—beams tonight. Most eyes here are expected to be on Fred Astaire and an unnamed guy with a stopwatch.

The ageless Astaire is the favorite of the Vine street bettors to become Emmy's man of the year. His single program, which took months of rehearsal time to get that relaxed look, has nominations in three major categories.

Most of the so-called experts figure that Astaire will be called to the podium three times—for best single program, best special musical or variety program and best single performance by an actor.

The fellow with the stopwatch comes into his own tonight. The Television Academy doesn't want any repeat of what happened to the annual Oscar show on April 6 when 100 stars were left on stage with nothing to do—and 21 minutes of TV time to fill.

It's more likely that there won't be time enough tonight as the 90-minute show is faced with how to get rid of winners in 42 categories among 197 nominees.

The golden statuettes will be awarded by the biggest names in television — Dinah Shore, Jack Benny, Ed Sullivan, Shirley Temple and others.

Bob Hope was originally scheduled to appear on the program, which will be broadcast by the National Broadcasting Company. Hope canceled his appearance when physicians warned him to take a rest.

An interesting race has three Western stars shooting it out with three private eyes for the best dramatic series actor. They are James (Gunsmoke) Arness, Richard (Have Gun Will Travel Boone) and James (Maverick) Garner versus Raymond (Perry Mason) Burr, Craig (Peter Gunn) Stevens and Efrem (77 Sunset Strip) Zimbalist, Jr.

Airtime is 9 p.m. EST.

Hit By Pitch, Dies

DALLAS (AP) — A Boys Baseball League player died Tuesday several hours after being hit in the head by a pitched ball. Phillip Johnson, 13, was hit while batting Monday night. His father said the boy wore his plastic protective helmet inside his cap. Doctors blamed a brain injury.

Ironton Man Kills Woman

IRONTON, Ohio (AP) — A 41-year-old divorcee was slain in her room in a downtown Ironton hotel early today. Police said the hotel manager killed her and seriously wounded himself.

Lawrence County Prosecutor Harold Spears said Ruth Adkins, a waitress in an Ironton tavern, was shot several times by Charles Farmer, 58.

Farmer shot himself in the head, Spears said, but was able to walk from the room and tell the hotel desk clerk to summon an ambulance.

Spears said Mrs. Adkins' body, clad only in a slip, was found on the bed in her room. She apparently died instantly, he said, with several .38 caliber bullets in her head.

Farmer was taken to Lawrence County General Hospital, where he was reported in fair condition. Spears said the man fired one bullet into the right side of his head. The slug came out his right eye, the prosecutor added.

Spears said the desk clerk, Billy Russell, told him these events led up to the shooting:

Farmer came out of the woman's room shortly before 5 a.m. and handed Russell several personal possessions, instructing him to give them to other persons. Then he went back into the room.

Shortly thereafter, Russell said, he heard four or five shots. Farmer came out of the room again and instructed the clerk to telephone for an ambulance.

Spears said he was unable to supply a motive for the shooting immediately. Police will attempt to question Farmer later today.

The scene of the slaying is a small residence hotel, the Virginia, two blocks from the center of the city.

Farm Group To Meet

LISBON — A new committee will be selected for 1959 and power and labor requirements for the farm and home will be discussed by the extension staff at a meeting of the farm and home development group Friday at 8:30 p. m. in the extension office, according to Albert Pugh, county extension agent in agriculture.

Marie Louise of Austria was the second wife of Napoleon.

Fate Of Georgia Most Wanted Criminal In DiSalle's Hands

COLUMBUS, Ohio (AP) — The fate of one of Georgia's most wanted criminals was put in the hands of Gov. Michael V. DiSalle Tuesday.

The mother of William O. Reagin fought back tears as she pleaded with Ohio officials not to send her son back to a Georgia prison.

Georgia Gov. S. Ernest Vandiver asked for Reagin's return after the fugitive was captured April 9 at Chillicothe. Reagin escaped from prison with four others last May 9. He came to Ohio.

Reagin, who is in Ross County jail, was working as a filling station attendant in Chillicothe when he was arrested. He had remarried in the Ohio town.

About 3,200 Chillicothe area people have signed a petition asking DiSalle to keep Reagin in Ohio. Gerald E. Radcliffe, Reagin's attorney, said: "3,210 people in our community feel this is wrong to send this man back to his death."

Reagin earlier said he would be killed if he were returned to Georgia. He was among prisoners who broke their legs to attract attention to claims of mistreatment.

Georgia officials said he has 42 years left to serve on seven counts of robbery and four of auto theft.

DiSalle's administrative assistant, Rankin M. Gibson, conducted the hearing.

Reagin's mother, Mrs. Beatrice Reagin of Decatur, Ga., made her plea to Gibson. Reagin's wife, Patricia, and father-in-law sat silent.

The mother's plea came, uninvited, after the Georgia officials stated their case.

Road Widening Slated In Industry Township

The Industry Township Board of Supervisors has approved widening of the 6-Mile Rd., the Galey Hollow Rd. and the Russell Hill Rd.

Clyde Knight, chairman of the Planning Commission, reported progress in the numbering of houses in the township. The building inspector's report showed construction totaling $533,400 in the past 4 months.

The board will meet June 1 in the school.

Life Magazine Plans Price Cut By June 1

NEW YORK (AP) — Life magazine announced it will reduce its regular newsstand price to 19 cents a copy by June 1. The magazine has sold for 25 cents a copy.

Publisher Andrew Heiskell said that subscription rates would be reduced correspondingly. It will be the magazine's first reduction since it began publishing in 1936 when it was 10 cents a copy.

Competition with the "'free' media of the air" was cited as one reason for the reduction.

Not Legally Shot In Over 40 Years In Ohio

Senate Vote Due On Quail Bill

By ART PARKS

COLUMBUS, Ohio (AP) — This may be the day that the "Bob White" gets put back on Ohio hunters' shooting list.

It has been more than 40 years since the last quail was legally shot in the Buckeye State. But, 10 years ago, quail were taken off the song bird list and put on the game bird list to permit the state to spend money propagating them.

Now the Senate will vote on a House-approved bill to permit limited hunting of quail on state-owned and state-controlled lands. Senate approval would virtually complete legislative action.

Whether future legislatures would consider widening this year's action into general open seasons is, of course, problematical. But, barring the unexpected, a limited amount of legal quail shooting will start next fall.

Major legislative action Tuesday was House passage of a bill to revise Ohio's laws governing annexations of unincorporated areas to municipalities. The measure goes to the Senate.

Major changes the proposed law would make are these:

It would permit owners of real estate in an area proposed for annexation to sign petitions, including corporations. At present, only resident property owners may sign.

County commissioners considering such a petition would be required to find that a set of eight conditions are met before approving a proposed annexation.

If a municipality itself proposes the annexation, an election would be held as under present law, but with an important change. Present law permits all those in the unincorporated area of the township involved to vote on whether to relinquish the area proposed for annexation. The bill passed by the House Tuesday would limit the vote to residents of the area which would be annexed.

In cases of proposed annexation by petition, "piggy-back" amendments to the original petition would be permitted. In cases where owners of a major industry, for example, petition to join a city, next-door residents who feel they would be hurt by being left out would be permitted to insist that they, too, be included in the annexation.

The House completed action on an emergency bill to permit immediate payment of an estimated 25 million dollars in Supplemental Unemployment Benefits (SUB) accumulated during the hearing of lawsuits in the last couple of years.

The act will be effective as soon as it is signed by Gov. Michael V. DiSalle, late today or Thursday. Fred J. Milligan, head of the Ohio Information Committee, which has fought SUB from pillar to post, told newsmen he will not interfere with the release of the funds.

A possibility for today is House reconsideration of a bill to increase the state tax on horse racing wagers by three million dollars a year. The bill failed to get House approval last week by one vote.

The House passed two Senate-approved bills: To prohibit a life insurance company from requiring purchase of their insurance to get a mortgage loan and to license foot doctors under special medical services.

The Senate passed and sent to the House a bill to allow consolidation of claims of parents and children in cases where all claims arise from the same wrongful act.

The Senate also sent to the House a bill requiring every candidate for elective office to take oath that he possesses all legal and constitutional requirements for holding the office.

Deomcrats Think Johnson To Make Presidential Bid

By JACK BELL

WASHINGTON (AP) — The belief is growing among Democrats that Senate Democratic Leader Lyndon B. Johnson of Texas is quietly making himself available for the 1960 party presidential nomination.

Party members who have rallied around former President Truman on his current visit to Washington have been talking in terms of four principal candidates—Sens. Johnson, John F. Kennedy (D-Mass), Stuart Symington (D-Mo) and Adlai E. Stevenson, twice the presidential nominee.

Truman, whose influence on the outcome of the nomination scramble may not be great, has kept the situation cloudy so far as he is concerned.

He has suggested that as the likely favorite son of Missouri, Symington will be his initial candidate. But the former President has indicated he would be prepared to ride another horse if he felt he was picking a winner.

By every criterion, Kennedy is running hard. Stevenson apparently is not running at all but remains the sentimental favorite of many Democrats. Sen. Hubert Humphrey (D-Minn) is interested but seems to be having some difficulty getting under way—at least among the Democratic leaders in Washington.

For a man who says he isn't a candidate, Johnson is making a lot of moves that politicians find familiar. He is looked upon as a middle-of-the-road Democrat who might have an appeal for all party factions—especially if he succeeds in getting the Senate to pass a moderate civil rights bill.

Both houses of the Texas Legislature Tuesday passed a bill to change that state's primary elections to May and June instead of July and August. If signed by Gov. Price Daniel, it would permit Johnson to seek Senate renomination before the Democratic national convention in July next year.

The Legislature completed action April 28 on a bill which would let Johnson's name appear twice on the state's ballot—for Senate and for president or vice president.

Tuesday Johnson spoke in Harrisburg, Pa., at a Democratic victory dinner.

Possibly to offset the contention that he isn't partisan enough often enough, Johnson aimed some haymakers at the Republicans.

He said the time had come to end divided government, with one party in control of Congress and the other occupying the White House.

Ohio 5-Day Forecast

Temperatures will average near or a little higher than normal for the period Thursday through Monday. Warm Thursday, turning cooler Friday and Saturday. Normal maximum 67 north, 72 south. Normal minimum 45 north, 50 south. Rainfall will average ¾ to 1½ inches, occurring as scattered showers and thundershowers Thursday and Friday and probably again about Monday.

Lisbon School Levies Passed

LISBON — A new 3.5-mill school operating levy and a renewal of a current 8.5-mill school levy were approved by voters in Tuesday's primary, according to complete but unofficial returns.

The vote on the new levy, designed to provide some $32,000 annually for needed operating expenses, was:

For	589
Against	302

The new levy, which passed by 66 per cent, needed only 60 per cent. The three-year measure will provide funds for more teachers, a custodian and two new bus drivers along with other items which have increased costs.

The vote on the levy renewal, also requiring 60 per cent, was approved by 73 percent:

For	652
Against	233

The renewed levy is also for three years.

New Cumberland

Plans for a Buddy Poppy drive were outlined by Mrs. Gem Hill, chairman, when the auxiliary of Veterans of Foreign Wars Post 3526 met Monday night in the post home.

Sale of the flowers will be held May 22-23, with a parade as part of the activities. Mrs. Hill said the parade May 18 will include bands, town officials, a queen, and members of the VFW Post and auxiliary.

In other business conducted by Mrs. Margaret Freshwater, president, seven were named delegates to a district encampment at McMechen.

They include Mrs. Jane Mack, Mrs. Lillian Reese, Mrs. Robert Clark, Mrs. Tony Mankowski, Mrs. Mike Lengyel, Mrs. Harold Jacobs and Mrs. Denver Turley.

Alternates are Mrs. William Haynes, Miss Mary Kravolic, Mrs. Dave Hennis, Mrs. Inez Murray, Mrs. Joyce Maze, Mrs. Russell Baldwin and Mrs. Hugh Tate.

The program included an explanation by Joseph Endry of the Hancock County Education Association on the purpose of an election May 19 on a 50 per cent school levy to finance an extensive improvement program.

The next meeting will be May 18.

The original meaning of the word "idiot" was "a private citizen who does not hold office."

Hancock Clubs To Hold Public Event Tonight

A public "Home Demonstration Night" will be held at the Fairview Grange Hall at Pughtown tonight at 8 by Hancock County Home Demonstration Clubs.

The program will include a talk on Japan by a Japanese woman, along with demonstrations by Mrs. Rees Wines on cake decorating, Mrs. Charles Mills on bedspread making and Mrs. Mary Wright on dressmaking.

Mrs. W. H. Flurkey will speak on "Your Food and Your Teeth" and Mrs. Harry Chapman will also discuss Japan. The program is in observance of National Home Demonstration Week.

Refreshments will be served and there will be a recreation period during the session, for which no admission is charged. Mrs. Rudy Strauss, County Farm Women's president, will be moderator.

The committee includes Mrs. Hilary Johnston, Mrs. Ross Baker, Mrs. Walter Elliott, Mrs. Elmer Wickman and Mrs. Earl Dennis.

The county health and nutrition committee met with Miss Helen Petrakis, county extension office aide, at New Cumberland Tuesday to plan a demonstration for a Home Demonstration Council meeting May 20.

Not Legally Shot In Over 40 Years In Ohio

Senate Vote Due On Quail Bill

By ART PARKS

COLUMBUS, Ohio (AP) — This may be the day that the "Bob White" gets put back on Ohio hunters' shooting list.

It has been more than 40 years since the last quail was legally shot in the Buckeye State. But, 10 years ago, quail were taken off the song bird list and put on the game bird list to permit the state to spend money propagating them.

Now the Senate will vote on a House-approved bill to permit limited hunting of quail on state-owned and state-controlled lands. Senate approval would virtually complete legislative action.

Whether future legislatures would consider widening this year's action into general open seasons is, of course, problematical. But, barring the unexpected, a limited amount of legal quail shooting will start next fall.

Major legislative action Tuesday was House passage of a bill to revise Ohio's laws governing annexations of unincorporated areas to municipalities. The measure goes to the Senate.

Major changes the proposed law would make are these:

It would permit owners of real estate in an area proposed for annexation to sign petitions, including corporations. At present, only resident property owners may sign.

County commissioners considering such a petition would be required to find that a set of eight conditions are met before approving a proposed annexation.

If a municipality itself proposes the annexation, an election would be held as under present law, but with an important change. Present law permits all those in the unincorporated area of the township involved to vote on whether to relinquish the area proposed for annexation. The bill passed by the House Tuesday would limit the vote to residents of the area which would be annexed.

In cases of proposed annexation by petition, "piggy-back" amendments to the original petition would be permitted. In cases where owners of a major industry, for example, petition to join a city, next-door residents who feel they would be hurt by being left out would be permitted to insist that they, too, be included in the annexation.

The House completed action on an emergency bill to permit immediate payment of an estimated 25 million dollars in Supplemental Unemployment Benefits (SUB) accumulated during the hearing of lawsuits in the last couple of years.

The act will be effective as soon as it is signed by Gov. Michael V. DiSalle, late today or Thursday. Fred J. Milligan, head of the Ohio Information Committee, which has fought SUB from pillar to post, told newsmen he will not interfere with the release of the funds.

A possibility for today is House reconsideration of a bill to increase the state tax on horse racing wagers by three million dollars a year. The bill failed to get House approval last week by one vote.

The House passed two Senate-approved bills: To prohibit a life insurance company from requiring purchase of their insurance to get a mortgage loan and to license foot doctors under special medical services.

The Senate passed and sent to the House a bill to allow consolidation of claims of parents and children in cases where all claims arise from the same wrongful act.

The Senate also sent to the House a bill requiring every candidate for elective office to take oath that he possesses all legal and constitutional requirements for holding the office.

Deomcrats Think Johnson To Make Presidential Bid

By JACK BELL

WASHINGTON (AP) — The belief is growing among Democrats that Senate Democratic Leader Lyndon B. Johnson of Texas is quietly making himself available for the 1960 party presidential nomination.

Party members who have rallied around former President Truman on his current visit to Washington have been talking in terms of four principal candidates—Sens. Johnson, John F. Kennedy (D-Mass), Stuart Symington (D-Mo) and Adlai E. Stevenson, twice the presidential nominee.

Truman, whose influence on the outcome of the nomination scramble may not be great, has kept the situation cloudy so far as he is concerned.

He has suggested that as the likely favorite son of Missouri, Symington will be his initial candidate. But the former President has indicated he would be prepared to ride another horse if he felt he was picking a winner.

By every criterion, Kennedy is running hard. Stevenson apparently is not running at all but remains the sentimental favorite of many Democrats. Sen. Hubert Humphrey (D-Minn) is interested but seems to be having some difficulty getting under way—at least among the Democratic leaders in Washington.

Reducing Brings Unexpected Rewards

Why does hearing about the success of other dieters inspire you to buckle down and curb calories? There are a number of reasons. Learning of the success of others reduces your problem to life size, renewing your hope. You decide that you can banish the fat, and suddenly you are eager to get on with it.

Ida Jean Kain

An enthusiastic report helps you to regard dieting in terms of rewards instead of from the standpoint of deprivation. That change in attitude can mark the turning point toward success.

If you have felt somewhat like the woman in today's story, her frank report may stir you to take needed action.

"For the past 12 years, I had complained to my husband, 'You never take me any place. I'm always stuck in the house.' But all that time I was 80 pounds too heavy.

—:—

"MY DOCTOR finally exploded and told me that I was going to shorten my life span, and that if he were my husband, he wouldn't even go to the store with me . .

"That really jolted me! I have lost 48 pounds to date and have 32 more to go. My husband has been thinking of places we can go together . . . and is he proud of me! Before I reduced he was ashamed of me. I know, because if we met anyone with whom he worked, he would talk to them and just sort of leave me standing there. Now he proudly says, 'I would like you to meet my wife.'

"Maybe this letter will help some other heavyweight to get started on that happy road to fewer pounds."

If you have tried dieting many times only to fail miserably, you may feel defeated even before you start. This time go at reducing with a fresh approach. Determine to change your pattern of eating.

Keep a diet diary for a full week, recording all the food eaten, the time of day and your mood. From this record, your pattern will stand out sharply.

This time you are going to eat to build slimness. The new "Mr. and Mrs. Reducing Plan" will help you to apply nutrition science to meal planning. The calorie account will let you know exactly where you stand.

Successful reducing isn't so much a matter of "dieting" as it is eating intelligently. "Spend" your calories wisely. The protective foods—lean meats, fish and chicken, eggs, vegetables, fruits, skim milk and cottage cheese—are calorie bargains.

—:—

AVOID FOODS which furnish alcohol and poor quality baked goods. Change your ways of eating, then weight control is a natural.

Regard the science of nutrition as a means of reaching your goal and you will not feel deprived. Get a winning attitude.

Send a long, stamped self-addressed envelope for "Mr. and Mrs. Reducing Plan." Address your request to Ida Jean Kain in care of this newspaper. Post card requests cannot be answered.

Tomatoes can be easily skinned by placing them in a basin, pouring boiling water over them, allowing them to stand a minute. The skin can then be removed without any trouble.

Bringing Up A Family

Encourage Children To Learn To Write

Suppose your child had an interest in becoming a writer and you thought he showed some aptitude for writing. What might you—his parent, or his teacher — do to encourage his interest and talents? In the elementary grades some teachers encourage children to write of their experiences and observations. School papers print compositions by children in the grades. Children's magazines and some local newspapers do, too. At the secondary level, most high schools have school newspapers to which students contribute.

By Garry Meyers

A study by Prof. Alvin Austin of North Dakota University reveals that 67 per cent of 135 daily newspapers throughout the nation consider a "shortage of new manpower" a leading problem.

—:—

ENROLLMENT OF students in journalism schools and departments at college level has dropped 30 per cent since 1948, while total college attendance has skyrocketed.

Until recently, scholastic publications were dominated by boys, but now girls have become dominant. In high school journalism classes girls now outnumber boys two to one.

Dr. Austin, questioning 128 managing editors of newspapers, found that 91 would hire journalism graduates before general college graduates; 29 favored the latter.

I have heard newspaper and magazine editors say, "We are looking for young people who know something and can write good English, regardless of where they were educated."

—:—

SO MY advice to youths looking forward to working or writing for newspapers or magazines is this:

Get well - grounded in English, history, science and related subjects. Now and then, write to the editor of your favorite newspaper, commenting on his editorials and news items.

Send news items to your community newspaper. Its editor might welcome you as a regular correspondent from your neighborhood.

If you want your child to write well, begin reading to him when he's a mere baby. Help him to become a good reader from the primary grades upward by teaching him the pleasures of good books.

Stimulate his imagination and enjoy and applaud his best achievements in verbal and written expression.

My bulletins, "Why Read to Baby and Young Child?" and "Stimulate Your Child's Imagination," may be had by sending a self-addressed, stamped envelope to me in care of this newspaper.

The word "News" is the name, or part of the name, of more newspapers than any other.

Brick Truck Overload Costs Operator $951

A Warwood trucking firm was fined $951 Monday by Squire Arley White of Newell after one of its vehicles checked by West Virginia State Police was discovered with a load of bricks exceeding the maximum load limit by 17,020 pounds.

Tower Lines Inc., was hauling brick from the Globe Brick Co., near Newell. The driver was cited in Newell for having an overweight load exceeding the maximum gross vehicle limit of 60,800 pounds, the squire said.

Squire White also fined Mike Comer of New Cumberland $15 and costs for hazardous driving. Comer was arrested by Hancock County sheriff's deputies Sunday on Washington St., in Newell.

Brick Truck Overload Costs Operator $951

A Warwood trucking firm was fined $951 Monday by Squire Arley White of Newell after one of its vehicles checked by West Virginia State Police was discovered with a load of bricks exceeding the maximum load limit by 17,020 pounds.

Tower Lines Inc., was hauling brick from the Globe Brick Co., near Newell. The driver was cited in Newell for having an overweight load exceeding the maximum gross vehicle limit of 60,800 pounds, the squire said.

Squire White also fined Mike Comer of New Cumberland $15 and costs for hazardous driving. Comer was arrested by Hancock County sheriff's deputies Sunday on Washington St., in Newell.

The King James version of the Bible was published in 1611.

Wellsville Proposes Project

Federal Aid Eyed For Water Line

Wellsville Council Tuesday night decided to seek federal aid for an auxiliary water line from the reservoir, a project recommended by the Wellsville Community Improvement Council and other civic groups.

One line now serves the city but it crosses Little Yellow Creek at several places and is in constant danger of washout during flood conditions.

—:—

THE WCIC recently recommended the new main as the city's major need and councilmen, at a caucus Monday night, ordered a resolution presented for the federal step at the meeting last night.

The legislation authorizes Mayor William J. Shoub to request from the Federal Housing and Home Finance Agency an application for funds for preliminary engineering studies.

The project as now set up would permit expansion of the city's distribution system and the additional feed line. Extent of federal participation was not indicated.

Another resolution, also passed under suspension of the rules and ordered at the caucus, authorizes the Board of Control to contract for engineering service to prepare plans and specifications for extending water lines and service to the George Wilson property in Russell Addition near Spring Hill Cemetery.

—:—

PAUL ICE, CLERK read a letter from the Army Corps of Engineers at Pittsburgh in connection with the city's dispute over purchase of additional property needed for the flood wall pondage area.

Council wrote the engineers previously in an attempt to have them buy the property alone but the corps said it requires a 50-50 basis.

The corps' letter pointed out that when the pondage area, on Danbury Ave. in the vicinity of 21st St., is filled to a certain level, it will put one inch of water on the floor of the Homer Simms home and that any flooding beyond that point is the city's responsibility.

The engineers added that if the city forces the government to act alone, it can purchase a flowage easement from Simms. How this will solve the situation was not explained, however. The engineers' proposal was referred to the property committee and Solicior William Bush.

—:—

PARKING CAME IN for attention at the relatively brief session.

The Sterling China Co. said in a letter that parking on both sides of 11th and 12th Sts. is creating a possible fire hazard in that the congestion might prevent fire equipment from reaching the pottery in event of a blaze.

The firm recommended that Council ban parking on both sides of 12th between Commerce and White Sts. and on one side of 11th in the same area. The suggestion was referred to the street and light committee for study.

Councilman Ancel Moore, chairman of the committee, reported on an investigation of the parking situation at 14th and Center Sts. Two churches in that vicinity have asked permission to park on both sides on Sundays during services. The report was made without a recommendation.

—:—

THE CLERK READ the mayor's statement for April, showing proceeds of $2,006.15 for fees and fines, mainly from State Highway Patrol traffic cases.

Councilman Paul Nelson complimented the fire department for what he termed a "fine job" in fighting the blaze at the Miller Building Supply at Commerce St. and Aten Ave. about three weeks ago.

Myron Weis, Council president, presided. Councilman Richard Brown gave the invocation and Councilman Moore the benediction.

Starts Finger-Pointing

DiSalle Gets Little Hard With Tax Program's Foes

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle's nose got a little hard Tuesday on the subject of tax increases.

He started some finger-pointing at those, as he put it, who have "turned off" senators on crucial tax issues, but he did not identify them.

His finger was aimed at prosperous corporations which pay a fairly small amount into the state treasury. The finger also took a jab at Sen. Charles A. Mosher (R-Lorain), described by the governor as "one of the greatest advocates in Ohio for more school funds." Commented DiSalle:

"Maybe Sen. Mosher thinks we could do it with green stamps."

For the first time since he proposed his 365-million-dollar tax program, DiSalle resorted to sarcasm in discussing the opposition. He observed in a news conference:

"There will be only a few suffer from the program being held up. They will be the aged, handicapped, blind, mentally ill, education and teachers."

The governor refused to concede that his entire tax program, including his controversial 60-million-dollars-a-year sales tax increase bill, is bogged down in the Senate. "Let's say it's at least temporarily arrested," he quipped.

Apparently feeling his back is nearing the wall on the tax issues, the governor laughed off the claims of some Democratic senators that they don't have enough information on the state's money needs.

"We have given them the information in gobs," he retorted.

He charged: "The opposition to these taxes hasn't come up with one constructive suggestion. I would feel differently if someone came up with something they would accept."

The governor said 14 Ohio corporations—on the basis of their capital structures—are paying into the state treasury annual taxes which represent only a small percentage of their annual business in the state.

None of the corporations was named, but he mentioned one with a 69-million-dollar annual business in the state which paid a corporation franchise tax of only $8,120.

Will Go Into Banking

LANCASTER, Ohio (AP)—Jesse Huffman will enter the banking business in nearby Pleasantville June 1 when his resignation as Fairfield County treasurer becomes effective. Another Democrat will be named by county commissioners to serve out his term, expiring in late 1961.

4-Mill Levy Is Authorized By Leetonians

Leetonia voters approved a 4-mill levy for village operating expenses at Tuesday's primary election and voters in two townships in northwestern Columbiana County gave a favorable majority to a fiscal measure in the Mahoning Local School District, which includes their area.

The vote on the Leetonia levy showed:

For 209
Against 113

Butler and Knox Townships favored a 3-mill operating levy in the Mahoning County school district. The vote was:

For 298
Against 169

The Columbiana County board will pass the tabulation from the two townships onto the Mahoning County board, which will compile the overall result.

Leetonia's total vote was 322. The total vote in the 2 townships was 467.

Leetonia voted only on the levy. It skipped the primaries under the Ohio "no contest" law because neither of its parties had a race to settle. Columbiana village also skipped the primaries under the "no contest" law.

Candidates in uncontested primaries automatically receive certificates of nomination that give them a "free rede" onto the ballot for the November general election.

Cincinnati U. Creates 2 New Departments

CINCINNATI (AP) — Directors of the University of Cincinnati have created two new departments out of the Department of Geology and Geography in The College of Art and Sciences.

The board Tuesday named Dr. Peter Hugh Nash, now on the faculty of the University of North Carolina, chairman of the new Department of Geography. Dr. William F. Jenks, who headed the joint department, will continue as chairman of the Geology Department.

Winners Given For Loyalty Day Parade Of VFW

Winners of nine awards in the Loyalty Day parade here Sunday were announced today by W. G. (Joe) Torrence, general chairman of the two-day program sponsored by the Veterans of Foreign Wars.

Wellsville VFW Post 9285 registered a score of 94 to win the award for the best senior drill team while Canton Post 693 scored 94.1 to take the award for the best junior drill team.

Because Pvt. Eddy Post 66 was host for the event sponsored by the 6th District, the post's national championship drill team did not compete, Torrence said.

Dover Post 3463 captured the award for the best senior color guard while the Canton post's state champions won the honor's for the best junior color guard. Salem Post 892 had the best women's color guard.

The Salem post had the most men in the line of march while the auxiliary of the Canton post had the most marching women.

The Brook Park Rangerettes from Cleveland won the awards for the most colorful unit and the unit traveling the greatest distance.

Baby-Sitter, Boy, 1½, Hunted In 3 States

ALBUQUERQUE, N. M., (AP) —A search spread to three states today for a 17-year-old baby-sitter and the 1½-year-old boy she was watching.

Officers in Texas and Oklahoma, as well as New Mexico, were asked to watch for Betty Smithey and the baby, Mitchell Johnson, son of Mr. and Mrs. Paul Johnson of Placitas, a mountain village 20 miles northeast of Albuquerque.

State Police Capt. John Bradord said the girl and baby were last seen getting into a black truck loaded with cartons near Edgewood about 6 p.m. Monday. The place is on U.S. 66, 30 miles east of Albuquerque.

Seven presidents of the United States were born in Ohio.

Eiffel Tower Was Finished 70 Years Ago

PARIS (AP)—Seventy years ago today a Spanish nobleman rode a rickety elevator to the top of the Eiffel Tower to become its first public visitor.

Since then almost 35 million persons have visited the 984-foot steel skeleton, France's most popular tourist attraction.

The name of the Spanish pioneer is lost to history, but more distinguished guests include Queen Victoria, Presidents Wilson and Eisenhower and Sir Winston Churchill.

To handle the huge flow of tourists—as many as 17,000 a summer Sunday—the original elevator was replaced in 1900 by a series of lifts, with two double-deckers serving the lower two of the tower's three observation decks.

A few hardy persons still climb the 1,900 steps to the top. Amateur mountaineers from time to time have tried to make it up the outside, girder by girder. The government banned such stunts after an Austrian tourist who couldn't pay the admission price climbed 700 feet.

The 984-foot tower was built to commemorate the 100th anniversary of the French Revolution of 1789. Its designer was bridge builder Gustave Eiffel.

In 1958 France shipped to the United States 2,525,000 bottles of champagne.

Wellsville Proposes Project

Federal Aid Eyed For Water Line

Wellsville Council Tuesday night decided to seek federal aid for an auxiliary water line from the reservoir, a project recommended by the Wellsville Community Improvement Council and other civic groups.

One line now serves the city but it crosses Little Yellow Creek at several places and is in constant danger of washout during flood conditions.

—:—

THE WCIC recently recommended the new main as the city's major need and councilmen, at a caucus Monday night, ordered a resolution presented for the federal step at the meeting last night.

The legislation authorizes Mayor William J. Shoub to request from the Federal Housing and Home Finance Agency an application for funds for preliminary engineering studies.

The project as now set up would permit expansion of the city's distribution system and the additional feed line. Extent of federal participation was not indicated.

Another resolution, also passed under suspension of the rules and ordered at the caucus, authorizes the Board of Control to contract for engineering service to prepare plans and specifications for extending water lines and service to the George Wilson property in Russell Addition near Spring Hill Cemetery.

—:—

PAUL ICE, CLERK read a letter from the Army Corps of Engineers at Pittsburgh in connection with the city's dispute over purchase of additional property needed for the flood wall pondage area.

Council wrote the engineers previously in an attempt to have them buy the property alone but the corps said it requires a 50-50 basis.

The corps' letter pointed out that when the pondage area, on Danbury Ave. in the vicinity of 21st St., is filled to a certain level, it will put one inch of water on the floor of the Homer Simms home and that any flooding beyond that point is the city's responsibility.

The engineers added that if the city forces the government to act alone, it can purchase a flowage easement from Simms. How this will solve the situation was not explained, however. The engineers' proposal was referred to the property committee and Solicior William Bush.

—:—

PARKING CAME IN for attention at the relatively brief session.

The Sterling China Co. said in a letter that parking on both sides of 11th and 12th Sts. is creating a possible fire hazard in that the congestion might prevent fire equipment from reaching the pottery in event of a blaze.

The firm recommended that Council ban parking on both sides of 12th between Commerce and White Sts. and on one side of 11th in the same area. The suggestion was referred to the street and light committee for study.

Councilman Ancel Moore, chairman of the committee, reported on an investigation of the parking situation at 14th and Center Sts. Two churches in that vicinity have asked permission to park on both sides on Sundays during services. The report was made without a recommendation.

—:—

THE CLERK READ the mayor's statement for April, showing proceeds of $2,006.15 for fees and fines, mainly from State Highway Patrol traffic cases.

Councilman Paul Nelson complimented the fire department for what he termed a "fine job" in fighting the blaze at the Miller Building Supply at Commerce St. and Aten Ave. about three weeks ago.

Myron Weis, Council president, presided. Councilman Richard Brown gave the invocation and Councilman Moore the benediction.

Starts Finger-Pointing

DiSalle Gets Little Hard With Tax Program's Foes

COLUMBUS, Ohio (AP)—Gov. Michael V. DiSalle's nose got a little hard Tuesday on the subject of tax increases.

He started some finger-pointing at those, as he put it, who have "turned off" senators on crucial tax issues, but he did not identify them.

His finger was aimed at prosperous corporations which pay a fairly small amount into the state treasury. The finger also took a jab at Sen. Charles A. Mosher (R-Lorain), described by the governor as "one of the greatest advocates in Ohio for more school funds." Commented DiSalle: "Maybe Sen. Mosher thinks we could do it with green stamps."

For the first time since he proposed his 365-million-dollar tax program, DiSalle resorted to sarcasm in discussing the opposition. He observed in a news conference:

"There will be only a few suffer from the program being held up. They will be the aged, handicapped, blind, mentally ill, education and teachers."

The governor refused to concede that his entire tax program, including his controversial 60-million-dollars-a-year sales tax increase bill, is bogged down in the Senate. "Let's say it's at least temporarily arrested," he quipped.

Apparently feeling his back is nearing the wall on the tax issues, the governor laughed off the claims of some Democratic senators that they don't have enough information on the state's money needs.

"We have given them the information in gobs," he retorted.

He charged: "The opposition to these taxes hasn't come up with one constructive suggestion. I would feel differently if someone came up with something they would accept."

The governor said 14 Ohio corporations—on the basis of their capital structures—are paying into the state treasury annual taxes which represent only a small percentage of their annual business in the state.

None of the corporations was named, but he mentioned one with a 69-million-dollar annual business in the state which paid a corporation franchise tax of only $8,120.

Will Go Into Banking

LANCASTER, Ohio (AP)—Jesse Huffman will enter the banking business in nearby Pleasantville June 1 when his resignation as Fairfield County treasurer becomes effective. Another Democrat will be named by county commissioners to serve out his term, expiring in late 1961.

4-Mill Levy Is Authorized By Leetonians

Leetonia voters approved a 4-mill levy for village operating expenses at Tuesday's primary election and voters in two townships in northwestern Columbiana County gave a favorable majority to a fiscal measure in the Mahoning Local School District, which includes their area.

The vote on the Leetonia levy showed:

For 209
Against 113

Butler and Knox Townships favored a 3-mill operating levy in the Mahoning County school district. The vote was:

For 298
Against 169

The Columbiana County board will pass the tabulation from the two townships onto the Mahoning County board, which will compile the overall result.

Leetonia's total vote was 322. The total vote in the 2 townships was 467.

Leetonia voted only on the levy. It skipped the primaries under the Ohio "no contest" law because neither of its parties had a race to settle. Columbiana village also skipped the primaries under the "no contest" law.

Candidates in uncontested primaries automatically receive certificates of nomination that give them a "free rede" onto the ballot for the November general election.

Cincinnati U. Creates 2 New Departments

CINCINNATI (AP) — Directors of the University of Cincinnati have created two new departments out of the Department of Geology and Geography in The College of Art and Sciences.

The board Tuesday named Dr. Peter Hugh Nash, now on the faculty of the University of North Carolina, chairman of the new Department of Geography. Dr. William F. Jenks, who headed the joint department, will continue as chairman of the Geology Department.

Winners Given For Loyalty Day Parade Of VFW

Winners of nine awards in the Loyalty Day parade here Sunday were announced today by W. G. (Joe) Torrence, general chairman of the two-day program sponsored by the Veterans of Foreign Wars.

Wellsville VFW Post 9285 registered a score of 94 to win the award for the best senior drill team while Canton Post 693 scored 94.1 to take the award for the best junior drill team.

Because Pvt. Eddy Post 66 was host for the event sponsored by the 6th District, the post's national championship drill team did not compete, Torrence said.

Dover Post 3463 captured the award for the best senior color guard while the Canton post's state champions won the honor's for the best junior color guard. Salem Post 892 had the best women's color guard.

The Salem post had the most men in the line of march while the auxiliary of the Canton post had the most marching women.

The Brook Park Rangerettes from Cleveland won the awards for the most colorful unit and the unit traveling the greatest distance.

Woman Seeks Blood Donors For Delicate Heart Operation

An East Liverpool wife, facing a delicate heart operation, has appealed for potential blood donors whose life fluid will help her through the ordeal of long surgery while an artificial heart keeps her alive.

Mrs. Betty Fisher, 33, of 700 Minerva St., said the surgeon Dr. Edward Rambousek of Cleveland, advised her she will need 25 to 30 donors with blood typed as B positive with HRC negative.

Mrs. Fisher, mother of a 16-year-old son and a wife of a taxi driver, Herbert Fisher, suffered rheumatic fever 13 years ago, leaving her with a damaged mitral valve.

The valve guards the opening between the left auricle and ventricle and prevents the return of blood to the auricle—when it is functioning properly. Mrs. Fisher's stays open.

Mrs. Fisher has been taking continuous medication, but only surgery will cure her condition, an enlargement on one side of the organ.

Mrs. Fisher is arranging with City Hospital to take blood samples of the prospective donors for comparison with her type. The blood specimens will be forwarded to Fairview Hospital at Cleveland and those considered suitable for providing blood will be scheduled to be at Fairview for her operation. Sampling at City Hospital will screen donors without the necessity of them going to Cleveland for tests.

Her doctor said that if the donors could be obtained within a week or so, then the operation could be scheduled this month.

Ohio House Group Proposes Bill To Junk Utility Formula

COLUMBUS, Ohio (AP) — An Ohio House committee passed a double crisis as it recommended passage Tuesday night of a bill to junk the state's time-honored utility rate base formula.

The action of the Elections and Federal Relations Committee by a 12-8 vote in itself ended a long-pending crisis.

But the fact two members voted on the bill after refusing to do so in a hectic meeting a week ago lifted a threat by House Speaker James A. Lantz (D-Fairfield) to expel them from the committee.

In the showdown, the two reluctant members split their votes. Rep. Thomas L. Thomas (D-Summit) voted against it and Rep. Richard C. Malone (D-Montgomery) for it, but Malone reserved the right to oppose it on the House floor.

When Thomas and Malone refused last week to vote on the bill, the vote stood 10 for and nine against. Eleven votes are required to pass a bill out of the 21-member committee.

The controversial bill would end the 46-year life of the equally controversial rate base formula now in use. It is known as RCN — "reproduction cost new, less observed depreciation." In its place, the bill would substitute a formula giving equal weight to original net investment and an up-to-date appraisal of the firm's property.

A change in the formula was pledged by the 1958 Democratic state platform.

The utility firms have battled vigorously to retain RCN on grounds it results generally in lower utility rates for Ohio consumers.

Honor Society Has Induction Of 15 Students

The National Honor Society of Wellsville High School inducted 2 seniors and 13 juniors at a candlelight ceremony in an assembly for senior high school students Tuesday morning in the schoo auditorium.

They were: Jack Jordan and Patricia Morrell, seniors, and Clara Boyd, Pauline Craig, Pauline DeSellem, Judy Dornick, Peggy Excell, Vivian Findley, Rebecca Gatho, Emmie Lou Harris, Thomas Hoffman, Joann Malone, Kurt Schneidmiller, Jackie Smith and Diane Wilk, juniors.

David Boyd led the pledge of allegiance and Emily Johnson was announcer for the ceremony. Dan Baldwin explained the purpose of the program. The four society principals were explained by the following:

Theresa Comparetto, character; Sally Stone, scholarship; Judy Johnson, leadership, and Boyd, service. Charlotte Urie presented the meaning of the emblem and Carolyn Heffner read the names of initiates.

Bruce Falconer, president, addressed new members and Shirley McDevitt conducted the candlelight service. Robert Keeper presented the pledge and William Menough, principal, pledged the new members. Cards and pins were presented by Falconer and Miss McDevitt. Mrs. Louise Lawton, music supervisor, was the accompanist.

Keeper is vice president; Miss McDevitt, secretary, and Miss Comparetto, treasurer.

Principal Menough and Mrs. Estelle Elton are the sponsors.

Seek's Polk's Post

GEORGETOWN, Ohio (AP) — State Rep. George R. Hook Jr. (D-Brown) has announced his candidacy for the U. S. House seat left vacant by the recent death of Democratic Rep. James G. Polk. Hook, who operates a tire and real estate business here, is serving his sixth term in the Ohio House. Polk represented the nine-county Sixth District in southwestern Ohio.

Honor Society Has Induction Of 15 Students

The National Honor Society of Wellsville High School inducted 2 seniors and 13 juniors at a candlelight ceremony in an assembly for senior high school students Tuesday morning in the schoo auditorium.

They were: Jack Jordan and Patricia Morrell, seniors, and Clara Boyd, Pauline Craig, Pauline DeSellem, Judy Dornick, Peggy Excell, Vivian Findley, Rebecca Gatho, Emmie Lou Harris, Thomas Hoffman, Joann Malone, Kurt Schneidmiller, Jackie Smith and Diane Wilk, juniors.

David Boyd led the pledge of allegiance and Emily Johnson was announcer for the ceremony. Dan Baldwin explained the purpose of the program. The four society principals were explained by the following:

Theresa Comparetto, character; Sally Stone, scholarship; Judy Johnson, leadership, and Boyd, service. Charlotte Urie presented the meaning of the emblem and Carolyn Heffner read the names of initiates.

Bruce Falconer, president, addressed new members and Shirley McDevitt conducted the candlelight service. Robert Keeper presented the pledge and William Menough, principal, pledged the new members. Cards and pins were presented by Falconer and Miss McDevitt. Mrs. Louise Lawton, music supervisor, was the accompanist.

Keeper is vice president; Miss McDevitt, secretary, and Miss Comparetto, treasurer.

Principal Menough and Mrs. Estelle Elton are the sponsors.

Seek's Polk's Post

GEORGETOWN, Ohio (AP) — State Rep. George R. Hook Jr. (D-Brown) has announced his candidacy for the U. S. House seat left vacant by the recent death of Democratic Rep. James G. Polk. Hook, who operates a tire and real estate business here, is serving his sixth term in the Ohio House. Polk represented the nine-county Sixth District in southwestern Ohio.

Home Run, Errors Help Weirton To 7-6 Win Over EL

A home run by Crum off Mike Kapp in the seventh inning broke a 6-6 deadlock and gave Weirton a 7-6 victory over the Potters Tuesday at Weirton.

Crum's roundtripper came with one out in the last of the seventh after the Potters had tied the score on a home run blast by Dave Goodballet in the top of the seventh.

It was the fourth straight loss for East Liverpool and its sixth in 11 games this season.

The Potters will attempt to get back on the win trail when they meet Chester today at 4:15 on the Patterson Field diamond.

Yesterday's contest was a nip and tuck affair all the way, but six Potter errors proved the big difference. Kapp only gave up six hits but two went for home runs.

The Potters had their hitting shoes on by collecting nine safeties.

East Liverpool drew first blood with a run in the first inning, but Weirton came back to take the lead at 3-1 with three markers in the second.

The Potters tied the score with two in the third and added single runs in the fourth and fifth.

Four errors in the fifth inning opened the door wide open for three Weirton runs, which gave the Riders a 6-5 margin.

Hinerman also homered for Weirton in the second inning.

Goodballet was the hitting star for the Potters by collecting a triple and home run. Dave Zelch had three hits, including a double and single.

Clunk Sets New ELHS Record In Discus

Lincoln Ties 880 Mark In 2:04.5

A 13-year-old discus mark was smashed and another school record was tied when the East Liverpool Potter track and field squad rolled to its fourth straight duel meet victory with a 76-42 margin over United Tuesday at Patterson Field.

Jim Clunk, a senior, claimed the discus mark when he hurled the platter 127 feet, 5 inches to break Dick O'Hanlon's old mark of 126 feet, 6 inches. O'Hanlon set the school record back in 1946.

It was going to happen sometime and finally did for Warren Lincoln who has been pressing close to the record in the 880-yard run.

Lincoln tied the half-mile mark by posting a 2:04.5 to equal Tom Beadle's time which was run in 1950.

Lincoln was a double winner as the lanky distance man romped home first in the mile with a 4:51.2 clocking before equaling the school record in the 880.

East Liverpool took nine of the 14 events from previously unbeaten United as the Potters received their final tuneup before Friday's County Meet at Salem.

Bob Mackall again was the big winner in the Potter camp. The husky junior turned in one of his best times this season with a 10.3 in the 100-yard dash.

He came back a haaf hour later to take the 220-yard dash in 23 flat and then picked up his third win of the day with a leap of 19 feet, 11¾ in the broad jump.

Another first was picked up by Bob Christen in the 180-yard low hurdles. The sophomore whiz fashioned a 22.4 in the low hurdle event.

A fall kept Christen from winning the 120 yard high hurdles. Leading by two hurdles, Christen fell but got back on his feet to finish third in the race.

The 120-yard hurdle event was shared by East Liverpool's Herb Yager and Lester Blanchard of United who tied in 19:3.5.

The Potter 880-yard relay team seemed on their way to a school record Tuesday until Nick Musuraca running third came up with a pulled muscle.

Musuraca continued the race and the quartet managed to turn in a 1:37.9 clocking. The other three members were Sheridan Battestelli, Bill O'Neil and Mackall.

The mile relay team of Christen, Joe Thompson, Dave Betteridge and Bill O'Neil turned in a 3:49 to win their event.

Ray Goodman, a Potter sophomore, tied for first in the high jump with Leatherberry and Blanchard of United. The height was 5 feet, 2 inches.

Deville took first in the 440-yard dash for United in 54:3.5 while Jim Summers, who gained honorable mention in basketball this past season, won the shot put with a distance of 42 feet, 2 inches.

Cozza captured the pole vault for United at 9 feet, 2 inches while Jim Sparks was second for the Potters when he cleared the bark at 9 feet.

The results follow:

120-yard high hurdles — Yager (EL) and Blanchard (U) tied for first; Christen (EL) third. Time —19:3.5.

100-yard dash — Mackall (EL) won; Musuraca (EL) second; Deville (U) third. Time—10.3.

Mile run — Lincoln (EL) won; Golding (EL) second; Kozach (U) third. Time 4:51.2.

880-yard relay — East Liverpool won (Battestelli, O'Neil, Musuraca, Mackall). Time—1:37.9.

400-yard dash — Deville (U) won; Betteridge (EL) second; Thompson (EL) third. Time 54:3.5.

180-yard low hurdles — Christen (EL) won; Taylor (U) second; Davidson (EL) third. Time—22.4.

880-yard run—Lincoln (EL) won; Pike (U) second; C. O'Neil (EL) third. Time 2:04.5 (tied school record).

220-yard dash — Mackall (EL) won; Yager (EL) second; Woods (U) third. Time 23.

Mile relay — East Liverpool won (Christen, Thompson, Betteridge, O'Neil). Time 3:49.

Shot put — Summers (U) won; Davidson (EL) second; Shagnot (U) third. Distance 42 feet, 2 inches.

Discus — Clunk (EL) won; Summers (U) second; Anderson (EL) third. Distance 127 feet, 5 inches (new school record).

Pole vault — Cozza (U) won; Sparks (EL) second; Mayer (U) third. Height 9 feet, 2 inches.

High jump — Goodman (EL), Leatherberry and Blanchard (U) tied for first. Height 5 feet, 2 inches.

Broad jump — Mackall (EL) won; Taylor (U) second; Davidson (EL) third. Distance 19 feet, 11¾ inches.

Frederick Pitches, Bats Midland To 9-2 Victory

BEAVER — Midland tucked away its sixth Section 5 victory in eight starts by thumping Beaver, 9-2, here Tuesday.

The Leopard nine unleashed a 10-hit attack in smothering their oppponents and at the same time held second place in the Section 5 standings. New Brighton is leading the section with a 7-0 record.

Dean Frederick pitched and batted Midland to victory when he hurled four-hit ball and collected three hits in four trips to the plate.

Frederick drove in three runs and one of his base knocks went for a triple. Suchanec belted two triples for the Leopards.

On the mound, Frederick struck out 12 and allowed only four singles.

Midland broke on top with one run in the first, scored three more in the third, three in the fifth and capped the scoring with two in the sixth.

Beaver's two runs came in the fourth inning.

Ole Case Gives Television Crew 'Cold Shoulder'

KANSAS CITY (AP) — Casey Stengel isn't worried by his New York Yankees' slump but he seemed irritated Tuesday night before the game with the Kansas City Athletics.

A television camera crew approached the Yankee bench with microphone and camera.

"Get away from here," Stengel said. "You want me to come out and talk about this ball club and I ain't going to do it. This is a good ball club. I make my living here on this bench not in the movies."

When the camera crew tried to put in a dissent, Stengel jumped up and headed for the clubhouse, calling over his shoulder:

"I'll see you in Europe."

The University of Washington will have 23 football lettermen returning for the 1959 season.

On Golf Team At 42

Oldest College Athlete? Could Be Ex-Area Man

Who is the oldest "active" collegiate athlete in the nation? As far as can be determined, that distinction may belong to a former East Liverpool area man.

Charles Colvin, who learned which end of the golf club to use when he caddied at the East Liverpool Country Club more than 20 years ago, is the No. 5 man on the Florida Southern College golf team at the age of 42.

Colvin is the son of Mr. and Mrs. Thomas Colvin of the Y & O Road and attended grammar school and one year of high school here.

There is a reason why Colvin waited so long to enter college. He just finished 20 years in the Army in October and now at 42 is beginning a new life.

He is taking a four-year course in education, preparatory to entering the teaching profession.

Colvin served in World War II in Italy and Southern France and then saw combat during the Korean War.

In 1943, he joined the 45th Division overseas in Italy and stayed with that division throughout Italy and the Southern France invasion.

Finally he was sent back to the rear when he was sidelined three times by "trench foot."

During his service career he earned the Bronze Star, Combat Infantry Badge and Purple Heart.

When Colvin was a youngster in East Liverpool his family lived near the Country Club. He caddied at the club and took up the game.

CHARLES COLVIN
Age No Barrier For Him.

Colvin played golf during his tenure in the Army and won numerous base and area championships.

When he went out for the golf team at Florida Southern, his coach, Tom Greene, wasn't sure about the veteran's eligibility. But since there was nothing in his background to make him ineligible under existing NCAA rules, Colvin was allowed to stay on the team.

Colvin teams with a 20-year-old Golfer from Fort Lauderdale. When his younger teammate was born, Colvin was already in the Army.

Called "Sarge" by his teammates, Colvin has been shooting in the high 70's or low 80's.

During his military career he moved from the ranks to a wartime commission. After World War II he was dropped back to sargeant, gained a rating of warrant officer and was retired last October as a captain.

Colvin is married and has two daughters, Ann, 10 and Debby, 5. They own a home in Lakeland, Fla., and he hopes to teach in Lakeland following graduation from Florida Southern.

Middleweight Battle On TV

WASHINGTON (AP) — Title hopes of Holly Mims and Joey Giardello clash tonight in a 10-round middleweight mixture at Capitol Arena.

The even-money match of opposite styles—Mims the change of pace boxer and Giardello the socker—will be on view on the regular Wednesday night TV fight channel—ABC, 9 p.m. EST.

With Sugar Ray Robinson partly dethroned and middleweight opportunities expanding, none could be more concerned over the outcome than Mims and Giardello.

The National Boxing Assn. has ruled Robinson undeserving of its version of the title for failing to defend in more than a year. Two ex-champs, Carmen Basilio and Gene Fullmer, will meet for the NBA crown this summer.

John Caffery, an 11-game winner for Cedar Rapids, Iowa in the Class B Three I league last season, resides in Toronto, Ont. He is on the Atlanta roster this spring.

Newcombe Is Running Ahead Of Pace In 1958

By JACK HAND
Associated Press Sports Writer

CINCINNATI (AP) — Big Don Newcombe of the Cincinnati Reds is running 44 days ahead of his 1958 schedule with victory No. 1 safely tucked away in the record books. Last year he didn't break into the win column until June 18.

The former Dodger pitcher mastered San Francisco Tuesday night, 5-2, with a five-hitter. He remained fast all the way and showed superb control. He walked only one and hit one batter.

"This was a big game for us," said Manager Mayo Smith. "The guy had pretty good stuff all the way. This means so much to us because everybody knows we have been hurting for pitching."

Newk had nothing but nice things to say about Wayne Anderson, the club's trainer.

"Doc found the spot in my shoulder that used to tighten up," he said. "He worked on it all last year after I came over here in June."

Before the game, the trainer applied "hot stuff" to the arm. He repeated the application in the dugout every three innings. Newk just kept firing away. A double play pulled him out of a spot in the fifth and he fanned Felipe Alou with one run in and a man on second in the sixth.

Johnny Powers raced along the top of the terrace in right to catch Willie Mays' long drive for the final out in the eighth. After Cepeda opened the ninth with a single, Newk finished with a flourish, striking out Andre Rodgers for the game-ending out.

A triple by Frank Thomas brought in Vada Pinson with the first Redleg run in the second inning, and Thomas made it home when Willie Kirkland's throw from left field was wild.

Kirkland got back one run with a home run in the fourth. But Cincinnati got its big lead in the next inning when Johnny Temple walked, Pinson singled and Frank Robinson bagged his seventh homer of the season.

After a days' rest today, the Reds go to Minneapolis for an exhibition game Thursday.

Beaver Local Eliminated In Sectional, 7-2

The door was closed quickly on Beaver Local's tournament hopes when Youngstown East sidelined the Beavers, 7-2, Tuesday at Stambaugh field in Youngstown.

Beaver Local failed to hit in its Sectional AA tourney start.

Beaver Local Golfers Gain First Victory

The Beaver Local golf team gained its first victory of the season with a 3-2 win over Columbiana Tuesday. George Shaw won medalist for the Beavers.

Youngstown's Lewis held the Beavers to only three hits.

After East scored single runs in the first and second innings, Beaver Local came back to knot the score at 2-2 in the third. A three-run fifth inning for Youngstown East broke the game wide open and the winners added two more markers in the sixth.

Triples by Tubbs and Pasqua paced the winners while Dick Barnhart collected two of Beaver Local's three hits and drove in one run.

Zeigler started for Beaver Local, but was relieved by George Sachs in the fifth inning. Lewis struck out 11 Beavers in picking up the victory.

Beaver Local will entertain Newell Thursday.

Baily Rides 3 Winners At Lebanon Raceway

LEBANON, Ohio (AP)—Emmor Baily of Lebanon drove three winners at Lebanon Raceway Tuesday night.

Elmer F. Counsel won for him in the second race Lucinda Janes in the sixth and Betty Creed in the eighth.

Bay Miss, a fleet little bay mare, won the featured B trot with a stretch drive that just caught the early leader, Al Third, at the wire in a photo finish.

ultus Alvarez, a Cuban outfielder who played with Havana and Savannah in 1958, is on the Nashville roster this spring.

Rule Changes Going Toward Two Platoon

CHICAGO (AP)—Big Ten football coaches, most of whom favor returning to the two-platoon game, see two of the three major rule changes this year as a step in that direction.

The three NCAA rule changes include the "wild card" player which gives a coach the opportunity to substitute one player at any time; an extra timeout each half; and the widening of the goal posts.

The extra timeout each half, boosting the limit from four to five, is looked upon more as an opportunity to substitute than to give the players any added rest.

Wisconsin Coach Milt Bruhn sums it up this way:

"I wish the NCAA Rules Committee had gone two-platoon all the way. The new one-player rule is okay but it doesn't go far enough. The timeout rule is real good; it'll give us one more chance to substitute and the more we can sub the better."

Minnesota Coach Murray Warmath says the substitution rule "will give us a chance to get a specialist such as a punter in there more often. But I don't think the rule will bring about any major modification in strategy or manpower handling."

Duffy Daugherty of Michigan State says the "wild card" rule will encourage coaches to try more platooning of quarterbacks —keeping one man mainly for offense.

Home Run, Errors Help Weirton To 7-6 Win Over EL

A home run by Crum off Mike Kapp in the seventh inning broke a 6-6 deadlock and gave Weirton a 7-6 victory over the Potters Tuesday at Weirton.

Crum's roundtripper came with one out in the last of the seventh after the Potters had tied the score on a home run blast by Dave Goodballet in the top of the seventh.

It was the fourth straight loss for East Liverpool and its sixth in 11 games this season.

The Potters will attempt to get back on the win trail when they meet Chester today at 4:15 on the Patterson Field diamond.

Yesterday's contest was a nip and tuck affair all the way, but six Potter errors proved the big difference. Kapp only gave up six hits but two went for home runs.

The Potters had their hitting shoes on by collecting nine safeties.

East Liverpool drew first blood with a run in the first inning, but Weirton came back to take the lead at 3-1 with three markers in the second.

The Potters tied the score with two in the third and added single runs in the fourth and fifth.

Four errors in the fifth inning opened the door wide open for three Weirton runs, which gave the Riders a 6-5 margin.

Hinerman also homered for Weirton in the second inning.

Goodballet was the hitting star for the Potters by collecting a triple and home run. Dave Zelch had three hits, including a double and single.

Clunk Sets New ELHS Record In Discus

Lincoln Ties 880 Mark In 2:04.5

A 13-year-old discus mark was smashed and another school record was tied when the East Liverpool Potter track and field squad rolled to its fourth straight duel meet victory with a 76-42 margin over United Tuesday at Patterson Field.

Jim Clunk, a senior, claimed the discus mark when he hurled the platter 127 feet, 5 inches to break Dick O'Hanlon's old mark of 126 feet, 6 inches. O'Hanlon set the school record back in 1946.

It was going to happen sometime and finally did for Warren Lincoln who has been pressing close to the record in the 880-yard run.

Lincoln tied the half-mile mark by posting a 2:04.5 to equal Tom Beadle's time which was run in 1950.

Lincoln was a double winner as the lanky distance man romped home first in the mile with a 4:51.2 clocking before equaling the school record in the 880.

East Liverpool took nine of the 14 events from previously unbeaten United as the Potters received their final tuneup before Friday's County Meet at Salem.

Bob Mackall again was the big winner in the Potter camp. The husky junior turned in one of his best times this season with a 10.3 in the 100-yard dash.

He came back a haaf hour later to take the 220-yard dash in 23 flat and then picked up his third win of the day with a leap of 19 feet, 11¾ in the broad jump.

Another first was picked up by Bob Christen in the 180-yard low hurdles. The sophomore whiz fashioned a 22.4 in the low hurdle event.

A fall kept Christen from winning the 120 yard high hurdles. Leading by two hurdles, Christen fell but got back on his feet to finish third in the race.

The 120-yard hurdle event was shared by East Liverpool's Herb Yager and Lester Blanchard of United who tied in 19:3.5.

The Potter 880-yard relay team seemed on their way to a school record Tuesday until Nick Musuraca running third came up with a pulled muscle.

Musuraca continued the race and the quartet managed to turn in a 1:37.9 clocking. The other three members were Sheridan Battestelli, Bill O'Neil and Mackall.

The mile relay team of Christen, Joe Thompson, Dave Betteridge and Bill O'Neil turned in a 3:49 to win their event.

Ray Goodman, a Potter sophomore, tied for first in the high jump with Leatherberry and Blanchard of United. The height was 5 feet, 2 inches.

Deville took first in the 440-yard dash for United in 54:3.5 while Jim Summers, who gained honorable mention in basketball this past season, won the shot put with a distance of 42 feet, 2 inches.

Cozza captured the pole vault for United at 9 feet, 2 inches while Jim Sparks was second for the Potters when he cleared the bark at 9 feet.

The results follow:

120-yard high hurdles — Yager (EL) and Blanchard (U) tied for first; Christen (EL) third. Time—19:3.5.

100-yard dash — Mackall (EL) won; Musuraca (EL) second; Deville (U) third. Time—10.3.

Mile run — Lincoln (EL) won; Golding (EL) second; Kozach (U) third. Time 4:51.2.

880-yard relay — East Liverpool won (Battestelli, O'Neil, Musuraca, Mackall). Time—1:37.9.

400-yard dash — Deville (U) won; Betteridge (EL) second; Thompson (EL) third. Time 54:3.5.

180-yard low hurdles — Christen (EL) won; Taylor (U) second; Davidson (EL) third. Time—22.4.

880-yard run—Lincoln (EL) won; Pike (U) second; C. O'Neil (EL) third. Time 2:04.5 (tied school record).

220-yard dash — Mackall (EL) won; Yager (EL) second; Woods (U) third. Time 23.

Mile relay — East Liverpool won (Christen, Thompson, Betteridge, O'Neil). Time 3:49.

Shot put — Summers (U) won; Davidson (EL) second; Shagnot (U) third. Distance 42 feet, 2 inches.

Discus — Clunk (EL) won; Summers (U) second; Anderson (EL) third. Distance 127 feet, 5 inches (new school record).

Pole vault — Cozza (U) won; Sparks (EL) second; Mayer (U) third. Height 9 feet, 2 inches.

High jump — Goodman (EL), Leatherberry and Blanchard (U) tied for first. Height 5 feet, 2 inches.

Broad jump — Mackall (EL) won; Taylor (U) second; Davidson (EL) third. Distance 19 feet, 11¾ inches.

Frederick Pitches, Bats Midland To 9-2 Victory

BEAVER — Midland tucked away its sixth Section 5 victory in eight starts by thumping Beaver, 9-2, here Tuesday.

The Leopard nine unleashed a 10-hit attack in smothering their oppponents and at the same time held second place in the Section 5 standings. New Brighton is leading the section with a 7-0 record.

Dean Frederick pitched and batted Midland to victory when he hurled four-hit ball and collected three hits in four trips to the plate.

Frederick drove in three runs and one of his base knocks went for a triple. Suchanec belted two triples for the Leopards.

On the mound, Frederick struck out 12 and allowed only four singles.

Midland broke on top with one run in the first, scored three more in the third, three in the fifth and capped the scoring with two in the sixth.

Beaver's two runs came in the fourth inning.

The Leopards play at Rochester Thursday.

Ole Case Gives Television Crew 'Cold Shoulder'

KANSAS CITY (AP) — Casey Stengel isn't worried by his New York Yankees' slump but he seemed irritated Tuesday night before the game with the Kansas City Athletics.

A television camera crew approached the Yankee bench with microphone and camera.

"Get away from here," Stengel said. "You want me to come out and talk about this ball club and I ain't going to do it. This is a good ball club. I make my living here on this bench not in the movies."

When the camera crew tried to put in a dissent, Stengel jumped up and headed for the clubhouse, calling over his shoulder:

"I'll see you in Europe."

The University of Washington will have 23 football lettermen returning for the 1959 season.

On Golf Team At 42

Oldest College Athlete? Could Be Ex-Area Man

Who is the oldest "active" collegiate athlete in the nation? As far as can be determined, that distinction may belong to a former East Liverpool area man.

Charles Colvin, who learned which end of the golf club to use when he caddied at the East Liverpool Country Club more than 20 years ago, is the No. 5 man on the Florida Southern College golf team at the age of 42.

Colvin is the son of Mr. and Mrs. Thomas Colvin of the Y & O Road and attended grammar school and one year of high school here.

There is a reason why Colvin waited so long to enter college. He just finished 20 years in the Army in October and now at 42 is beginning a new life.

He is taking a four-year course in education, preparatory to entering the teaching profession.

Colvin served in World War II in Italy and Southern France and then saw combat during the Korean War.

In 1943, he joined the 45th Division overseas in Italy and stayed with that division throughout Italy and the Southern France invasion.

Finally he was sent back to the rear when he was sidelined three times by "trench foot."

During his service career he earned the Bronze Star, Combat Infantry Badge and Purple Heart.

When Colvin was a youngster in East Liverpool his family lived near the Country Club. He caddied at the club and took up the game.

CHARLES COLVIN
Age No Barrier For Him.

Colvin played golf during his tenure in the Army and won numerous base and area championships.

When he went out for the golf team at Florida Southern, his coach, Tom Greene, wasn't sure about the veteran's eligibility. But since there was nothing in his background to make him ineligible under existing NCAA rules, Colvin was allowed to stay on the team.

Colvin teams with a 20-year-old Golfer from Fort Lauderdale. When his younger teammate was born, Colvin was already in the Army.

Called "Sarge" by his teammates, Colvin has been shooting in the high 70's or low 80's.

During his military career he moved from the ranks to a wartime commission. After World War II he was dropped back to sargeant, gained a rating of warrant officer and was retired last October as a captain.

Colvin is married and has two daughters, Ann, 10 and Debby, 5. They own a home in Lakeland, Fla., and he hopes to teach in Lakeland following graduation from Florida Southern.

Middleweight Battle On TV

WASHINGTON (AP) — Title hopes of Holly Mims and Joey Giardello clash tonight in a 10-round middleweight mixture at Capitol Arena.

The even-money match of opposite styles—Mims the change of pace boxer and Giardello the socker—will be on view on the regular Wednesday night TV fight channel—ABC, 9 p.m. EST.

With Sugar Ray Robinson partly dethroned and middleweight opportunities expanding, none could be more concerned over the outcome than Mims and Giardello.

The National Boxing Assn. has ruled Robinson undeserving of its version of the title for failing to defend in more than a year. Two ex-champs, Carmen Basilio and Gene Fullmer, will meet for the NBA crown this summer.

John Caffery, an 11-game winner for Cedar Rapids, Iowa in the Class B Three I league last season, resides in Toronto, Ont. He is on the Atlanta roster this spring.

Newcombe Is Running Ahead Of Pace In 1958

By JACK HAND
Associated Press Sports Writer

CINCINNATI (AP) — Big Don Newcombe of the Cincinnati Reds is running 44 days ahead of his 1958 schedule with victory No. 1 safely tucked away in the record books. Last year he didn't break into the win column until June 18.

The former Dodger pitcher mastered San Francisco Tuesday night, 5-2, with a five-hitter. He remained fast all the way and showed superb control. He walked only one and hit one batter.

"This was a big game for us," said Manager Mayo Smith. "The guy had pretty good stuff all the way. This means so much to us because everybody knows we have been hurting for pitching."

Newk had nothing but nice things to say about Wayne Anderson, the club's trainer.

"Doc found the spot in my shoulder that used to tighten up," he said. "He worked on it all last year after I came over here in June."

Before the game, the trainer applied "hot stuff" to the arm. He repeated the application in the dugout every three innings. Newk just kept firing away. A double play pulled him out of a spot in the fifth and he fanned Felipe Alou with one run in and a man on second in the sixth.

Johnny Powers raced along the top of the terrace in right to catch Willie Mays' long drive for the final out in the eighth. After Cepeda opened the ninth with a single, Newk finished with a flourish, striking out Andre Rodgers for the game-ending out.

A triple by Frank Thomas brought in Vada Pinson with the first Redleg run in the second inning, and Thomas made it home when Willie Kirkland's throw from left field was wild.

Kirkland got back one run with a home run in the fourth. But Cincinnati got its big lead in the next inning when Johnny Temple walked, Pinson singled and Frank Robinson bagged his seventh homer of the season.

After a days' rest today, the Reds go to Minneapolis for an exhibition game Thursday.

Beaver Local Eliminated In Sectional, 7-2

The door was closed quickly on Beaver Local's tournament hopes when Youngstown East sidelined the Beavers, 7-2, Tuesday at Stambaugh field in Youngstown.

Beaver Local failed to hit in its Sectional AA tourney start.

Beaver Local Golfers Gain First Victory

The Beaver Local golf team gained its first victory of the season with a 3-2 win over Columbiana Tuesday. George Shaw won medalist for the Beavers.

Youngstown's Lewis held the Beavers to only three hits.

After East scored single runs in the first and second innings, Beaver Local came back to knot the score at 2-2 in the third. A three-run fifth inning for Youngstown East broke the game wide open and the winners added two more markers in the sixth.

Triples by Tubbs and Pasqua paced the winners while Dick Barnhart collected two of Beaver Local's three hits and drove in one run.

Zeigler started for Beaver Local, but was relieved by George Sachs in the fifth inning. Lewis struck out 11 Beavers in picking up the victory.

Beaver Local will entertain Newell Thursday.

Rule Changes Going Toward Two Platoon

CHICAGO (AP)—Big Ten football coaches, most of whom favor returning to the two-platoon game, see two of the three major rule changes this year as a step in that direction.

The three NCAA rule changes include the "wild card" player which gives a coach the opportunity to substitute one player at any time; an extra timeout each half; and the widening of the goal posts.

The extra timeout each half, boosting the limit from four to five, is looked upon more as an opportunity to substitute than to give the players any added rest.

Wisconsin Coach Milt Bruhn sums it up this way:

"I wish the NCAA Rules Committee had gone two-platoon all the way. The new one-player rule is okay but it doesn't go far enough. The timeout rule is real good; it'll give us one more chance to substitute and the more we can sub the better."

Minnesota Coach Murray Warmath says the substitution rule "will give us a chance to get a specialist such as a punter in there more often. But I don't think the rule will bring about any major modification in strategy or manpower handling."

Duffy Daugherty of Michigan State says the "wild card" rule will encourage coaches to try more platooning of quarterbacks —keeping one man mainly for offense.

Dykes' Magic Works Again As Detroit Wins 3rd Straight

Lepcio Hits Grand Slam In 8-3 Win Over Boston

By ED WILKS
Associated Press Sports Writer

Is it Jimmy Dykes' hot hand that has Detroit on the rebound in the American League, or is this just another of the Tigers' turnabouts for a new manager?

The rotund, cigar - smoking Dykes was plucked off the Pittsburgh coaching staff in the National League by Detroit and replaced Bill Norman as manager Sunday. The last place Tigers had won but 2 of 17 games and were 10½ games away from first.

Dykes moved fast. He pulled Charlie Maxwell off the bench and put him into the outfield. He made a starting pitcher of Don Mossi. Result: The Tigers won as many in one day under Dykes as they had in almost a month under Norman, sweeping a doubleheader from New York.

Dykes' next move was to bench third baseman Eddie Yost in favor of Ted Lepcio, acquired just last Saturday from Boston. Result: Lepcio hit his first home run of the year, a grand-slam against his late mates that hoisted the Tigers to their third straight success under Dykes with an 8-3 victory over the Red Sox Tuesday night.

Despite the victory, the Tigers are last, still 9½ games behind first place Cleveland. The Indians kept rolling with a 9-1 breeze over Baltimore. Washington gained a virtual tie for second with Baltimore and Chicago by beating the White Sox 8-3. Kansas City slipped to fifth as the seventh-place Yankees ended their losing string at five with a 3-2, 10-inning victory over the Athletics.

Southpaw Don Ferrarese (3-1) matched his victory total of last year with a four-hitter for the Indians—blanking his ex-mate Orioles without a hit until Bob Nieman homered with one out in the seventh. The Tribe, now 14-5 compared to the 12-7 record they managed in their first 19 games while setting an AL record with 111 victories in 1954, scored five in the first off loser Jack Harshman (0-4).

Bill Skowron drove in two runs for the Yankees, bringing the winner home with a sacrifice fly. Rip Coleman lost it in relief, giving up a walk and Gil McDougald's single ahead of the fly ball. Tony Kubek's first 1959 homer broke a 1-1 tie in the eighth against A's starter Ned Garver, but Kansas City chased Whitey Ford with a tying marker in the ninth on Hal Smith's single, two walks and Preston Ward's sacrifice fly. Bob Turley (3-3) won it in relief, fanning the side in the 10th.

The Senators beat Billy Pierce (3-2) for the first time in six decisions since May 3, 1956. Jim Lemon's seventh homer, a two-run shot, chased the little lefty in the third inning. Bob Allison and Harm Killebrew, the AL leader with eight, also homered for the Nats as southpaw Chuck Stobbs won his first.

Nips Dodgers 3-2 In Marathon

16-Inning Victory Gives Braves First Place Again

By The Associated Press

Milwaukee's two-edged sword—a pitching staff of quality and and quantity — has pushed the Braves into first place once more in their revolving-door battle with the San Francisco Giants for the National League lead.

Carl Willey, one of the Braves' big five with Warren Spahn, Lew Burdette, Bob Rush and Joey Jay, was locked in a 2-2 tie after eight innings of dueling Tuesday night with Don Drysdale of Los Angeles. Then Manager Fred Haney went to the bullpen and pulled out Don McMahon and Rush, who gave up just one hit between them in eight innings until Henry Aaron doubled home the winning run for a 3-2, 16-inning decision over the Dodgers.

This produced the fourth switch in four days atop the standings between the Braves and Giants. San Francisco was dealt a 5-2 defeat at Cincinnati by Don Newcombe, whose first victory slipped the Giants into a second place snarl with the Reds and Dodgers. All three are a half-game behind Milwaukee.

Chicago's Cubs reclaimed fifth, beating Pittsburgh 6-3. Philadelphia tied the Pirates for sixth, just 2½ games shy of first, with a five-run ninth inning that beat St. Louis 8-7.

The Dodgers were shut out over the last 11 innings at Milwaukee. McMahon didn't allow a hit or a walk while striking out five in his five frames. Rush, gaining his first decision, gave up but one hit, didn't walk a man and struck out four in his three innings.

Aaron, who had two of the Braves' 15 hits, rapped his break-up double with two out in the 16th off loser Clem Labine (0-3), third Dodger pitcher. Aaron had singled home the tying run in the seventh off Drysdale, who gave 10 hits in his 11 frames, striking out nine.

Newcombe (1-3) gave up five hits and rode in on Frank Robinson's three-run homer in the fifth off Sam Jones (2-4).

The Cubs shelled winless Bob Friend for his fifth defeat at Pittsburgh while Glen Hobbie (3-2) fanned seven and held the Bucs to six hits. Rookie George Altman's third homer, a solo shot in the sixth, was the clincher.

The Phillies collected half of their dozen hits in the big ninth, they scored the tying run against losing reliever Larry Jackson (0-4) on a bases-loaded walk, then put it away on Ed Bouchee's single. It was the eighth one-run defeat for the last place Cards, who have lost six games in the final inning.

Stopped In Third

SARNIA, Ont. (AP) — Jimmy O'Connell of Steubenville, Ohio, was stopped in the third round by Dave Shoulders of Detroit, and Frank Smith of Warren, Ohio, knocked out Jim Beasley of Detroit in an all-professional boxing show here Tuesday night.

Ferarese's Four-Hitter Keeps Indians Rolling

CLEVELAND (AP) — Don Ferrarese, the Cleveland Indians' 5-foot, 9 inch left-hander, says his recent success is due to the addition of several new pitches.

"I didn't have a changeup at all until I came here and it was only in the last couple of years that I learned to throw a slider," he said Tuesday night after pitching a four-hit, 9-1 victory over the Baltimore Orioles.

The little southpaw tossed about half a dozen changeups and used the curve ball effectively, but his fast ball still is his best pitch.

Ferrarese didn't allow a hit until Bob Nieman hit a home run in the seventh inning with one man out. He admitted that he had a no-hitter on his mind.

The Indians will send Gary Bell against the Orioles in the finale of a two-game series tonight. He will be opposed by Milt Pappas.

A five-run first inning wrapped up the victory early for the Tribe Tuesday night. Four more runs came home in the sixth.

Jack Harshman, the winless Baltimore starter, lasted only one-third of an inning and was charged with his fourth straight loss.

Three walks, an Oriole error, singles by Vic Power and George Strickland, and a squeeze bunt by Billy Martin accounted for the Indians' five runs in the first. Strickland's hit drove home two runs.

Singles by Martin, Jim Piersall and Dick Brown set the stage for a two-run double by Power in the sixth. Then Rocky Colavito brought Power home with another base knock.

Minors See Ray Of Hope In Aid From Television

NEW YORK (AP) — The hard-pressed minor leagues—bedeviled and bewildered by the impact of television — saw a dim ray of hope on the distant horizon today.

A committee to work out a formula for financial aid to the minors was formed Tuesday by baseball Commissioner Ford Frick. The avowed purpose was to cut the minors in on some of the television money the majors are collecting.

There are only 21 minor leagues operating. Just 10 years ago, there were 59.

Each of the major league teams get an estimated $25,000 per telecast. All told, packaging both radio and television, the majors will reap about 11 million dollars for the current season.

Frick pointed out that "no regulation of television in concert by the major league clubs is permitted by the justice department.

Yesterday's Stars

Pitching: Don McMahon, Bob Rush, Braves—combined for eight innings of one-hit, shutout relief with Rush gaining the victory after McMahon's five frames of hitless work in 3-2, 16-inning decision over Dodgers.

Hitting: Frank Robinson, Reds—his third home run in four days came with two on in fifth inning for 5-2 victory over the Giants.

Pirates Name Coach

PITTSBURGH (AP)—The Pittsburgh Pirates Tuesday announced the appointment of George F. Detore, 52, as a member of the coaching staff. He succeeds Jimmie Dykes, who resigned to become manager of the Detroit Tigers last Saturday.

Amor Wins 4th Without Loss For Tailend Havana

By The Associated Press

The Havana Sugar Kings, although in last place in the International League, can thank pitcher Vince Amor for remaining a respectable 5½ games out of first place.

Amor scattered nine Columbus Jets' hits Tuesday night for a 5-3 victory, his fourth without a loss. This represents half of Havana's victories in 22 games and has kept them within two games of seventh place Rochester.

Amor walked only two and struck out three, though requiring relief help from Raul Sanchez in the ninth inning.

In other IL games Tuesday night, Miami defeated Richmond 8-2, Buffalo got its fifth straight victory, defeating Rochester 9-5 and Toronto knocked over Montreal 6-2.

FIELD AND STREAM

By R. L. LIDE

The spring test netting at Lake Guilford has been finished, the nets being lifted last Friday.

The results were most disappointing, weather conditions having prevented the fish from circulating.

There were not enough bluegills taken to provide the information wanted in order to determine if they have shown an increase in size since the fish removal program was finished in 1958.

The weather was the controlling factor, since fish don't circulate during cold and rain.

Five walleyes were taken. They ranged from 17 to 24½ inches, so we know there are walleyes in the lake since they were stocked a couple of years ago.

Three were females, heavy with spawn, and two were males. There is still the possibility of a reproduction, but it takes about three to four years to find out if they did spawn successfully.

The Fish Management Section plans its work schedule on an annual basis, so after the schedule has been set it has to move right along regardless of the weather or the work never would be completed from one season to the next.

—:—

THE WATER temperature reached 64 degrees over the weekend and fish were biting. John Chorhucker of Salem took an 18½-inch, 3-pound largemouth bass on a night crawler. Robert McCullough of Minerva landed a 22½-inch bass weighing 6¼ pounds on his very first cast using a plug. Both fish were taken at Lake Guilford.

Crappies, bluegills and bullheads also were taken, along with some big carp.

I had visitors over the weekend from Sandusky and I was told the perch are providing plenty of action in Sandusky Bay, along with crappies and channel catfish. Fishing is reported excellent up there, but practically no walleyes have been taken.

One commercial fishing outfit hauled in 17 tons of perch in one week and perch fillets are now selling in Sandusky for 38 cents a pound. One commercial boat was overloaded with perch and went to the bottom of the lake. The boat operator was rescued fortunately.

As long as we have the kind of weather like we had over the weekend, fishing should continue to be good.

—:—

SOME NICE stringers of bluegills are being taken at Westville Lake. The gills are hitting on the surface now since moving in to the various shallow bays.

The water was a little too roily for good bass fishing over the weekend, but at present writing is clearing. Providing we do not have any excessive rains, bass fishing should reach its peak at this spot for tops in spring fishing.

I have been told that walleyes are hitting in Lake Milton, with the best fishing on the north end off the retaining wall and also below the spillway.

Crappies from 9 to 15 inches are being taken also in some of the bays. This lake is like most any other lake. The fisherman who knows the good spots to fish usually have good luck. Or would you call it luck?

ANSWERS YOUR PROBLEMS

Dear Ann: My husband accuses me of trying to "make him over."

This is not true. I love him dearly and it sickens me to see him make the same mistakes repeatedly. Why should a man resent criticism so violently. Whenever I suggest something for his improvement he freezes up and pretends not to hear.

The other evening I thought he should have insisted on paying our share of the dinner check. I think we wound up looking cheap to this other couple.

What can be done about a man who interprets every word as an attempt to belittle or "remold" him? Please help me.—NORALIE.

—:—

Dear Noralie: It's probably not what you say but the way you say it that gets his back up.

Certain phrases will snap the mind shut, like a steel trap. No matter how well meaning or how constructive the advice, it probably will be rejected if preceded by the following words:

"I'm going to tell you something for your own good."

"I've put off mentioning this to you because I know how sensitive you are."

"I don't like to make comparisons, Dear, but I'll tell you how my brother Harold would have handled the situation had he been in your place."

"I was hoping you'd learn this yourself but since you haven't, I'll have to teach you."

"You won't like what I'm about to say but please do me the courtesy of hearing me out."

Remember, too, that time and place are important. Don't give your husband the Short Course in Adult Behavior when others are present. And bear in mind a man who is hungry or tired will not welcome helpful hints on any subject.

Two-Faced Friend

Dear Ann: I'm 17, a junior in high school. A certain girl in our crowd acts sweet as pie when we're together but the minute she gets with other kids she rips me up one side and down the other. I've heard from at least a dozen people that she even makes up lies about me.

Is it best to ignore her or shall I say something? If so — what? LILLIAN.

-:-

Dear Lillian: Treat the girl nicely but let her know you are aware of her forked tongue. The next time she falls all over you, tell her there are two things you don't like about her — her face. She'll understand.

GIRLS WILL BE GIRLS .. .. ..

—:—

Dear Ann: My wife is in her middle 50s. She has an annoying habit of referring to the women in her bridge club as "the girls." Every one of them is a grandmother.

Will you please print a definition in your column so we can settle this once and for all: When do females cease to be girls and begin to be women? She'll take it from YOU, but not from me. — GRAMPA.

-:-

Dear Grampa: Give up. A woman's definition of a "girl" is any other female her own age.

Confidentially

TO STUMPED PARENTS: Tell your 19-year-old son whose feet are itchy for the wedding aisle that two CAN sometimes live as cheap as one — but THREE can't.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Methodist Men's Group Inducts New Officials

New officers were installed at a meeting of the Methodist Men of the Orchard Grove Community Methodist Church Monday night.

Seated were Paul Jones, president; Carlos Deemer, vice president; William Gibbs, secretary; Edward Green, treasurer; Frank Hopper, reporter; Fred McManus, attendance; Robert Bickars, membership; Lawrence Black, program; Hopper, projects; Deemer, publicity; Fred Neiser, devotions, and Harry Drane, refreshments.

The Rev. James Gardner was installing officer.

A film, "Americans at Work," was screened. It was taken in a local pottery and features Marion Shively turning a vase by hand. He is a member of the club.

Motorist Fined As 5 Others Forfeit Bonds

LISBON — A motorist was fined by Mayor John Todd Monday and five forfeited bonds when they failed to appear for scheduled hearings.

Thomas E. Yarwood, 51, of R. D. 4 was fined $20 and costs on a charge of reckless operation.

He was cited by village police. Forfeitures were:

John Chavis, 51, of East Liverpool M.C. 22, William E. Callaham, 20, of Warren and Willard R. Ankrom, 34, of Lakewood, $10 each for speeding.

Frank Michalski, 28, of Monongah, W. Va., $15 for speeding and Walter Gidish, 35, of Cleveland, $10 for driving left of the center line. They were cited by the State Highway Patrol.

LISBON — John W. Burton Jr. of Signal was fined $15 and costs for intoxication and disturbing the peace Monday night by Mayor John W. Todd.

Hungarian composer Franz Liszt was the first to use the symphonic poem in his music.

Sportsmen Discuss Project For Clubhouse

Improvements to the clubhouse and grounds of the Chester-Newell Farmers' and Sportsmen's Club were discussed at a meeting Monday night at the quarters at Gas Valley.

Members were to report at the grounds this afternoon at 4 to start construction of a new back porch on the clubhouse, Paul Johnston, president, announced.

Two outdoor fire places and two picnic tables are to be erected.

About 16 attended the session at which sponsorship of a boy and girl to the Hancock County Conservation Camp in June was approved. The next meeting will be June 1.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann: My husband accuses me of trying to "make him over."

This is not true. I love him dearly and it sickens me to see him make the same mistakes repeatedly. Why should a man resent criticism so violently. Whenever I suggest something for his improvement he freezes up and pretends not to hear.

The other evening I thought he should have insisted on paying our share of the dinner check. I think we wound up looking cheap to this other couple.

What can be done about a man who interprets every word as an attempt to belittle or "remold" him? Please help me.—NORALIE.

—:—

Dear Noralie: It's probably not what you say but the way you say it that gets his back up.

Certain phrases will snap the mind shut, like a steel trap. No matter how well meaning or how constructive the advice, it probably will be rejected if preceded by the following words:

"I'm going to tell you something for your own good."

"I've put off mentioning this to you because I know how sensitive you are."

"I don't like to make comparisons, Dear, but I'll tell you how my brother Harold would have handled the situation had he been in your place."

"I was hoping you'd learn this yourself but since you haven't, I'll have to teach you."

"You won't like what I'm about to say but please do me the courtesy of hearing me out."

Remember, too, that time and place are important. Don't give your husband the Short Course in Adult Behavior when others are present. And bear in mind a man who is hungry or tired will not welcome helpful hints on any subject.

Two-Faced Friend

Dear Ann: I'm 17, a junior in high school. A certain girl in our crowd acts sweet as pie when we're together but the minute she gets with other kids she rips me up one side and down the other. I've heard from at least a dozen people that she even makes up lies about me.

Is it best to ignore her or shall I say something? If so — what? LILLIAN.

-:-

Dear Lillian: Treat the girl nicely but let her know you are aware of her forked tongue. The next time she falls all over you, tell her there are two things you don't like about her — her face. She'll understand.

GIRLS WILL BE GIRLS .. .. ..

—:—

Dear Ann: My wife is in her middle 50s. She has an annoying habit of referring to the women in her bridge club as "the girls." Every one of them is a grandmother.

Will you please print a definition in your column so we can settle this once and for all: When do females cease to be girls and begin to be women? She'll take it from YOU, but not from me. — GRAMPA.

-:-

Dear Grampa: Give up. A woman's definition of a "girl" is any other female her own age.

Confidentially

TO STUMPED PARENTS: Tell your 19-year-old son whose feet are itchy for the wedding aisle that two CAN sometimes live as cheap as one — but THREE can't.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Motorist Fined As 5 Others Forfeit Bonds

LISBON — A motorist was fined by Mayor John Todd Monday and five forfeited bonds when they failed to appear for scheduled hearings.

Thomas E. Yarwood, 51, of R. D. 4 was fined $20 and costs on a charge of reckless operation.

He was cited by village police. Forfeitures were:

John Chavis, 51, of East Liverpool M.C. 22, William E. Callaham, 20, of Warren and Willard R. Ankrom, 34, of Lakewood, $10 each for speeding.

Frank Michalski, 28, of Monongah, W. Va., $15 for speeding and Walter Gidish, 35, of Cleveland, $10 for driving left of the center line. They were cited by the State Highway Patrol.

Methodist Men's Group Inducts New Officials

New officers were installed at a meeting of the Methodist Men of the Orchard Grove Community Methodist Church Monday night.

Seated were Paul Jones, president; Carlos Deemer, vice president; William Gibbs, secretary; Edward Green, treasurer; Frank Hopper, reporter; Fred McManus, attendance; Robert Bickars, membership; Lawrence Black, program; Hopper, projects; Deemer, publicity; Fred Neiser, devotions, and Harry Drane, refreshments.

The Rev. James Gardner was installing officer.

A film, "Americans at Work," was screened. It was taken in a local pottery and features Marion Shively turning a vase by hand. He is a member of the club.

A MESSAGE OF PUBLIC INTEREST

To the Citizens of East Liverpool, Chester and Newell

REGARDING THE POTTERY STRIKE

I. B. of O. P.'s PROPOSITIONS PRESENTED APRIL 30, 1959 FOR STOPPING THE STRIKE IMMEDIATELY

WAGES

1. We demand 26 cents in wages and fringes to be broken down as follows.
2. Thirteen cents per hour effective the day the strike is declared ended.
3. Four cents per hour in holiday pay. Decoration Day, Labor Day, Thanksgiving Day — 1959; New Year's Day — 1960.
4. Two cents per hour to be applied to a fund for pensions.
5. Seven cents per hour to be applied against a welfare, hospitalization and insurance program.
6. We oppose any contract for more than one year without a 60 day reopener clause.
7. We insist on no retention of Union funds for checkoff.
8. Staggered vacation weeks shall be calendar weeks.
9. Rescheduling of work week is a matter of negotiating between the employees of the plant affected and the firm.
10. We go back to the Atlantic City agreement regarding holiday pay and that Section 3 be changed to read: "Last scheduled day before holiday and the first scheduled day after holiday.
11. We do not agree to less than the cost of the $3.19 welfare package.

GRIEVANCE PROCEDURE

1. When a grievance occurs it is to be taken up between the employee and his foreman.
2. Should the grievance not be settled at this point it shall be reduced to writing, by either side, and considered by Shop Committee and Superintendent within period of 72 hours.
3. Should the grievance still exist it is to be referred to the Master Shop Committee and the General Manager or a person he designates to represent him.
4. If the Master Committee and the General Manager or person he designates to represent him cannot settle the grievance the matter is to be referred to the Standing Committee.
5. If a dispute pertaining to piece work rates is referred to the Standing Committee and that Committee is unable to agree on a settlement within ninety (90) days, this dispute shall be referred back to men and the firm involved — and if a settlement cannot be reached the work involved in such dispute shall be made day work, at 6 weeks previous hourly earnings, until a settlement can be reached between the two groups.
6. If a dispute other than one pertaining to piece work rates is referred to Standing Committee and that Committee is unable to agree on a settlement within ninety (90) days, the dispute shall be referred to the head of U.S.P.A. and I.B.O.P. — and if they cannot agree within a period of thirty (30) days, it shall go to arbitration if both sides agree. If any case is to be arbitrated the arbitrator shall be chosen as in the past.
7. The cost of the arbitrator shall be shared equally by the I.B.O.P. and U.S.P.A.
8. Settlements made by the Standing Committee; four months shall be the maximum protest money paid in addition to the time the dispute is pending before the Standing Committee.
9. No individual settlement shall be recognized.
10. That management or the Union representatives on the Standing Committee who have been involved in cases would disqualify themselves.

SENIORITY CLAUSE

All employees new to the industry shall be considered as under probationary and temporary employment for thirty (30) days from the date of employment or thirty (30) days of work, whichever is longer, and shall not be placed on the seniority list during that time.

After thirty (30) days of employment or thirty (30) days of work, whichever is longer, such employees shall be placed on the seniority list in accordance with the original date of hire.

The Company may lay off or discharge probationary employees without being limited by any of the terms of this agreement.

Seniority is broken by:—

Resignation by the employee or failure to report back to work at expiration of leave of absence.

Discharge of the employee by the Company for just cause.

Seniority shall not be broken by the following incidents, nor any deductions from seniority made for time away from work because of such incidents:—

Disability because of Industrial Accident in Company's plant.

Leave of Absence by the Company not exceeding twelve (12) months.

Absence due to illness.

While in lay-off status.

All vacancies in jobs will be placed on Bulletin Boards and employees shall have the right to bid for such job for forty-eight (48) regular working hours between Monday and Friday, if no tradesman or journeyman is available.

Where Company has more than one plant in a city, seniority shall prevail Company-wide.

When work in any job operation falls below thirty-two (32) hours per week over a period of three (3) successive weeks or ninety-six (96) hours in three (3) consecutive weeks, the work force shall be reduced by laying off the last employee employed on that job operation. Workers shall be laid off in the order of their seniority until the work for the balance of the employees on the operation equals at least thirty-two (32) hours per week. No worker shall be called back until there is forty (40) hours per week for the individual job operation. Employees will be called back in the reverse order as that in which they were laid off.

Each Company and their employees may expand any provisions of this Seniority Clause.

U. S. POTTERS ASSOCIATION OFFER:

On Tuesday, April 28, 1959, the U.S.P.A. offered a 12c wage package broken down as follows:

6c at once, 3c May 5, 1960, 3c May 5, 1961, for a 3-year contract. This later was adjusted to 6c at once and 3c May 5, 1960 for a 2-year contract.

THE CHOICE OF EITHER WAGE PACKAGE IS STILL AVAILABLE.

Both of these offers exceed in cents per hour the chinaware settlement negotiated between the I.B. of O.P. and six chinaware companies in Cleveland April 25, 1959.

GRIEVANCE - SENIORITY

Considerable concessions by the U.S.P.A. have resulted in substantial agreement on grievance and seniority between both parties.

Board Hires 3 At Palestine

EAST PALESTINE — Three new teachers were hired by the Board of Education Monday night. A teacher and custodian resigned and the 1959-60 school calendar was approved.

Hired were Miss Janice Leider of Salem, Kent State University graduate, for home economics, replacing Miss Lisa Baumgarner, who is to be married; Miss Marion Dewar of Verona, Pa., elementary vocal music instructor, and Miss Janet Anderson of Enon Valley, unassigned elementary teacher. A 1956 graduate of East Palestine High School, Miss Anderson will complete studies this summer at Geneva College.

The board accepted the resignation of Robert Firestone, commercial instructor, who plans to go into business, and the resignation of Clyde Spalding, school custodian for 27 years, who is retiring.

The calendar shows classes beginning Sept. 9 for a full day, and the spring term ending June 10.

Holidays include Oct. 30, Northeastern Ohio Teachers Association meeting; Nov. 11, Veterans Day; Nov. 26-30, Thanksgiving; Dec. 19-Jan. 3, Christmas; Feb. 22, Washington's Birthday; Feb. 27, school workshop; April 14-15, Easter, and May 30, Memorial Day.

Wellsville Churchmen Elect To Some Offices

Election of some officers was held by the Men's Organization of the Wellsville First Presbyterian Church Monday night.

The group delayed electing a president until a later date as there were no candidates.

Officers named were Ed House, vice president; Harry Myers, treasurer, and William Ferguson, secretary.

Fr. Thomas Mulhearn, assistant pastor of St. Aloysius Catholic Church, was guest speaker.

Fruit-Flavored Gelatin Glazes Fresh Pears

Ruby Pears, a gem of a dessert, are sure to bring compliments galore for the cook. Glazing poached fresh pears with fruit-flavored gelatin is a new and easy idea. The gelatin adds flavor accent to the fruit and gives each pear a beautiful rosy glow and gloss.

Ruby Pears

1 cup water
6 whole cloves
1 large cinnamon stick
6 pears, peeled
1 package strawberry-flavored gelatin
1 package apple-flavored gelatin
1½ cups hot water

Combine 1 cup of water and spices in skillet. Add pears, cover, and simmer for 15 minutes, or until tender. Dissolve strawberry and apple gelatin in hot water. Add remaining water. Then pour gelatin mixture over pears.

Broil until tender, basting often—takes about 15 to 20 minutes. Serve as meat accompaniment or as dessert. Makes six servings. For special affect, place a clove in base end of pear and place a sprig of mint at the stem before serving.

Immunization Clinic Scheduled At School

LISBON — A pre-school immunization clinic will be held Thursday at 9:30 a. m. at Leetonia High School, according to Dr. C. S. Palmer county health commissioner.

A third-round immunization for Calcutta pre-school children will be held Friday at 9:30 a. m. at the Calcutta School.

Dr. Palmer gave 21 immunizations and 4 vaccinations at a third round clinic Monday at Rogers School. He was assisted by Mrs. Viola Peterson, county health nurse, and Mrs. Virginia Torrence of East Liverpool R. D. 2, school nurse.

Forgetful Husband

SAN DIEGO, Calif. (AP) — At 7:30 a. m., Arthur Crews Wells missed his wife. He drove back to a service station where they had stopped at 11:30 the night before. There she was, to explain that she had gone into the station to freshen up. Wells thought she was asleep in the back of their station wagon.

Budget Details Completed

Most Of West Virginia's College Heads Get Raises

SHEPHERDSTOWN, W. Va. (AP) —The State Board of Education granted salary increases to most college presidents and other administrators Tuesday as it completed detail work on budgets totaling $9,083,295 it will administer during the coming fiscal year.

Left unchanged, however, were presidents' salaries at Bluefield State, where Dr. L. B. Allen was appointed only a few months ago, and at West Virginia State College.

The board's actions came at one of the business sessions it sandwiched between visits to the West Virginia Schools for the Deaf and Blind at Romney and Shepherd College here.

Board members expressed satisfaction with what their visits showed and set their next meeting for June 24-25. On those days they plan visits to Bluefield State, Concord College and West Virginia Tech.

Boosted from $10,000 to $10,500, effective July 1, were president's salaries at Concord, Fairmont State, Glenville State, Shepherd, West Liberty and Tech.

The salary of Pres. Stewart H. Smith at Marshall will go up from $13,625 to $14,000. The West Virginia State salary, to remain at $11,000, and will continue as the second highest among the nine state colleges.

The salary at Bluefield State was raised from $9,375 to $10,000 when Dr. Allen was employed. Also to remain unchanged in the coming year will be the $8,000 salary of Board Secretary J. K. Baer.

Other administrative increases included one from $6,625 to $6,900 for the superintendent of the Schools for Deaf and Blind; from $8,000 to $8,250 for the state vocational education director, and from $10,000 to $10,250 for the vocational rehabilitation director.

Salary increases for deans of instruction at the nine colleges were boosted 5 per cent, except that the post at West Virginia State will remain unchanged at $9,000. Five per cent increases also were generally the rule for college registrars; business managers and comptrollers; superintendents of buildings and grounds, and librarians.

The board held over until its next meeting a recommendation by State School Supt. R. Virgil Rohrbough that it institute an organizational study in the wake of passage last November of the Better Schools Amendment.

The Rohrbough proposal could have widespread significance. The amendment made the superintendent an appointee of the board and thus gave it supervision over the public schools as well as the state colleges.

Board Hires 3 At Palestine

EAST PALESTINE — Three new teachers were hired by the Board of Education Monday night. A teacher and custodian resigned and the 1959-60 school calendar was approved.

Hired were Miss Janice Leider of Salem, Kent State University graduate, for home economics, replacing Miss Lisa Baumgarner, who is to be married; Miss Marion Dewar of Verona, Pa., elementary vocal music instructor, and Miss Janet Anderson of Enon Valley, unassigned elementary teacher. A 1956 graduate of East Palestine High School, Miss Anderson will complete studies this summer at Geneva College.

The board accepted the resignation of Robert Firestone, commercial instructor, who plans to go into business, and the resignation of Clyde Spalding, school custodian for 27 years, who is retiring.

The calendar shows classes beginning Sept. 9 for a full day, and the spring term ending June 10.

Holidays include Oct. 30, Northeastern Ohio Teachers Association meeting; Nov. 11, Veterans Day; Nov. 26-30, Thanksgiving; Dec. 19-Jan. 3, Christmas; Feb. 22, Washington's Birthday; Feb. 27, school workshop; April 14-15, Easter, and May 30, Memorial Day.

Wellsville Churchmen Elect To Some Offices

Election of some officers was held by the Men's Organization of the Wellsville First Presbyterian Church Monday night.

The group delayed electing a president until a later date as there were no candidates.

Officers named were Ed House, vice president; Harry Myers, treasurer, and William Ferguson, secretary.

Fr. Thomas Mulhearn, assistant pastor of St. Aloysius Catholic Church, was guest speaker.

This Topsy-Turvy World

By HAL BOYLE

NEW YORK (AP)—As if our world weren't already topsy-turvy enough, now along comes a Frenchman who says the English can see the point of a joke quicker than Americans.

"The English have a very good sense of humor," said Robert Dhery, star, author and director of the hit Broadway revue, "La Plume de ma Tante."

"They love gags. It's funny, because they seem so straitlaced and serious.

"They can see a gag coming. They laugh quicker, louder—and shorter—than here. They give a sharp laugh, then quit, and you have to have another gag ready.

"The Americans laugh slower and longer."

Dhery also has found a difference between French and American audiences.

"I like it here because the audience comes to the theater ready to laugh and enjoy itself," he said. "In France they go to see whether you can make them laugh. There is a difference."

Dhery, the slender mobile-faced son of a Chablis miller, has been in some 20 films. He is also one of the busiest revue directors in Paris.

"Few revues in Paris last as long as six months," he said. "And people there book their tickets only a few days ahead at most.

"Here a man and his wife may buy their tickets as much as four months ahead. Then on the night of the show their seats are empty. When I see this it makes me mad. I can only suppose they have died in the meanwhile."

One American theatrical custom which both Dhery and Collette, his blonde wife and costar, find an utter abomination is the matinee.

"Collette has 17 costume changes. On matinee days she has to change her clothes 34 times. If she did nothing but this, she would be tired," he said.

Asked what impressed them most about America, Collette said, the smoky city streets; and Dhery said, Sunday newspapers. "They are so heavy. We have nothing like them in England or France," he said.

The Dherys have found Manhattan a cultural wonderland.

"I cannot understand your buffet parties," said Dhery. "They are so crowded there is no place to sit down.

"I went to one buffet party where there 200 or 300 guests. I glanced into a bathroom, and there was a young lady enjoying her meal all by herself. It was the only place she could find to sit down."

Explorers Review Flint Ridge Finds

Finds made at Flint Ridge near Newark were reviewed by the Aboriginal Explorers Club at a meeting Monday night with Richard S. Thompson, 535 Mulberry St.

The club visited Flint Ridge Saturday. The area was the main source of flint for local Indians. Several blanks were found. The Indians would chip out a blank and take it back to his village before making it into an arrowhead, spear or spade.

The Ohio State Historical Society owns part of the ridge. Ray Simoni of Smiths Ferry demonstrated how the Indians tied spades. He also discussed a new Indian site to be excavated.

Harry M. Cline, Harry R. Cline, Jim Woodrow and James Monte displayed flint arrowheads and pottery fragments.

William B. Patterson, treasurer, reported. Harold A. Dawson, president, reviewed a new book, "Dictionary of Anthropology," purchased by the club.

How Can I? ? ?

By ANNE ASHLEY

Q. How can I remove paint and putty stains on window glass?

A. By dipping a wet cloth into baking soda and rubbing the paste thus made thinly over the glass. Let remain fifteen minutes, and wash in warm soft water, without soap. This will bring all the stains with it. Rub dry and polish.

Q. How can I remove scorch stains from linen?

A. Cut an onion in half and rub the scorched parts well with this; then soak in cold water, and usually the scorched spot will disappear.

Q. How can I keep lemons for a long time?

A. Lemons can be kept in good condition for a long time if they are buried in a box of sawdust.

LOCKPORT, N. Y. (AP) — When a truck driver had a minor accident here, the streets ran red—with catsup. About 25 cases fell from the passing truck and the driver spent two hours cleaning up the mess.

Paratroop Jump Planned Friday Marking V-E Day

Sgt. Emuel Bosley, local Army recruiter, said today area residents will be given an opportunity to see a paratroop jump near Pittsburgh Friday, which is V-E Day.

A task force of 700 101st Airborne Division paratroopers will jump at 3 p. m. at the Woodville State Farm. To get there, turn right off the Penn Lincoln Parkway at the Carnegie exit on Route 28. At the Heidleberg Raceway there will be free public parking and free transportation by bus to the drop zone about two miles away.

Everything will be real but the bullets. The troopers will drop from the planes, and seize and destroy an aggressor missile unit that is set to extinguish Pittsburgh in an atomic holocaust.

The 101st Airborne is the same division that battled 7 German divisions to a standstill at Bastogne.

Men interested in joining this division or the equally famous 82nd Airborne Division can receive complete information at the recruiting station in the Post Office.

Bosley pointed out enlistments are for three years and all assignments are guaranteed prior to enlistment.

LOCKPORT, N. Y. (AP) — When a truck driver had a minor accident here, the streets ran red—with catsup. About 25 cases fell from the passing truck and the driver spent two hours cleaning up the mess.

Paratroop Jump Planned Friday Marking V-E Day

Sgt. Emuel Bosley, local Army recruiter, said today area residents will be given an opportunity to see a paratroop jump near Pittsburgh Friday, which is V-E Day.

A task force of 700 101st Airborne Division paratroopers will jump at 3 p. m. at the Woodville State Farm. To get there, turn right off the Penn Lincoln Parkway at the Carnegie exit on Route 28. At the Heidleberg Raceway there will be free public parking and free transportation by bus to the drop zone about two miles away.

Everything will be real but the bullets. The troopers will drop from the planes, and seize and destroy an aggressor missile unit that is set to extinguish Pittsburgh in an atomic holocaust.

The 101st Airborne is the same division that battled 7 German divisions to a standstill at Bastogne.

Men interested in joining this division or the equally famous 82nd Airborne Division can receive complete information at the recruiting station in the Post Office.

Bosley pointed out enlistments are for three years and all assignments are guaranteed prior to enlistment.

MISSING CHIMP RETURNED. Michael Blanchard, 4, feeds "Lulu," a year-old chimp from a feeding bottle which helped establish her identity after the animal was stolen March 29 from the pet shop operated by the boy's father in Oakland, Calif. Valued at $1,250, the chimp was spotted in a Glendale pet shop by a former customer who notified police. Comparisons of prints taken from her feeding bottle and her own prints proved the chimp found in Glendale and the missing "Lulu" were the same animal. (UPI Telephoto)

People Befogged, Befuddled

U.S.-Soviet Score 'Zero' On Disarm, A-Test Talks

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — You're a rare one if you are not befogged and befuddled by all the American and Soviet talk—going on for years— about disarmament, suspending nuclear tests, and abolishing nuclear weapons.

The result of all the talk so far is zero. There will be more. But here in ABC form, is an interpretation of what this government wants, doesn't want, and why.

It is based on answers given by the State Department to a series of questions from the Senate Disarmament subcommittee, headed by Sen. Hubert H. Humphrey, Minnesota Democrat.

Arms control, or disarmament, can be undertaken only to the degree that it can be enforced. This means some kind of inspection system to prevent cheating by either side.

But American scientists have not been able to develop any techniques that would make it possible to enforce an agreement outlawing nuclear weapons.

So it follows that even if there were an agreement on banning nuclear tests, it would not mean that nuclear weapons already in the hands of the United States and the U.S.S.R. would be destroyed.

Therefore, the possibility of nuclear war, even though the big powers agree not to do any more testing, will hang over the world's head a long, long time.

It would be to the disadvantage of this country to have an agreement banning the use of nuclear weapons in war—even if both sides lived up to an agreement not to use them. Why?

Because—since the Soviet, Red Chinese and satellite ground forces so hugely outnumber the Western ground forces—America's possession of nuclear weapons helps it offset the manpower advantage of the Communists. How?

Because so long as this country has nuclear weapons that can be used in swift retaliation if the Communists start a war, the Communists will be discouraged from starting one.

Therefore, the State Department says, this country has always insisted that disarmament be carried out in a balanced way so the Soviets would not be left with a military advantage.

In short, the United States refuses to go along with outlawing nuclear weapons alone. It wants balanced arms limitation, foolproof inspection and controls.

Arms limitation would include conventional weapons, because this country insists on balanced disarmament.

The State Department says: "We have insisted that each step in one field of military strength must be complemented with a similar step in other fields, and that all must be verified by international inspection."

But since the department says there is no way of knowing that the Soviet Union had destroyed its stocks of nuclear weapons—if it agreed to destroy them—it is easy to see how far off is any agreement on destroying nuclear weapons.

And since this country links all the steps in disarmament together, any disarmament looks a long way off, too.

As more nations—besides the United States, Britain and the Soviet Union—develop the ability to have a safeguarded disarmament agreement covering all types of nuclear weapons.

For instance, the department says that if Red China reached the point of being able to make nuclear weapons, no disarmament agreement based on Red Chinese commitments alone could be relied on to curb Peiping production of the weapons.

If this were a weather forecast on the prospects for world disarmament, it would have to say: outlook cloudy, temperature chilly.

Band Leader Dies

LOS ANGELES (AP) — Hal McIntyre, 44, band leader who had his own band at various times since he was 16, died Tuesday of burns suffered Sunday in an apartment fire. He played saxophone and clarinet with the Glenn Miller orchestra in the 1930s and early '40s and took it over after Miller's death.

Scientists Give Testimony

Reds Atomic-Fallout Seen Faster Than Was Expected

By JOE HALL

WASHINGTON (AP)— Radioactive fallout from huge Soviet nuclear weapons tests is concentrated in the Northern Hemisphere and reaches the earth much faster than expected, top government scientists now believe.

Their testimony on the Soviet-produced fallout was presented to a Senate-House Atomic Energy subcommittee Tuesday.

The scientists said fallout from United States and British tests also was descending faster than they had originally estimated, though not at the rate of the Soviet - produced debris.

Atomic Energy Commission Chairman John A. McCone sounded a reassuring note. In a speech to the National Press Club, McCone said a scientific advisory committee soon "will give further reassurance to the people of the world about the very small hazard resulting from fallout."

The three nuclear powers—the Soviet Union, Britain and the United States—are in the Northern Hemisphere where the fallout rate is highest. At Geneva they now are trying to reach agreement to suspend all atomic tests.

Dr. Willard F. Libby, the scientist member of the AEC, told the subcommittee in 1957 he believed the radioactive debris falls to earth in 5 to 10 years.

Tuesday he said he had modified his thinking considerably. He estimated that Soviet fallout, mostly from tests in the Far North, descends in one year. That from U.S. and British blasts, principally in the Pacific near the equator, takes four to five years, he said.

Dr. Lester Machta, U.S. Weather Bureau meteorologist, testified that strontium 90—one of the most deadly fallout substances — is much heavier in the north temperate zone.

He said that over-all fallout in the Northern Hemisphere probably is 2½ times the world average.

This spring, after the big Soviet blasts of last October, "promises to produce the highest fallout rate of any spring this far," the meteorologist said.

Tax Difference One Problem In Europe's Common Market

By SAM DAWSON
AP Business News Analyst

BONN (AP)—Americans shopping for a plant site in the European common market will find the six nations differ widely in many respects — taxes, labor costs, material costs, restrictions in importation of raw materials, and in the consumer market they offer.

The six also have many squabbles among themselves yet to be solved.

"Americans should take into account all the factors," says West German Finance Minister Franz Etzel. "Low wages alone doesn't justify a factory site."

He refers to the often heard charge that Germany is a high wage country compared, say, with Italy. Other members of the common market are France, Holland, Belgium and Luxembourg.

"There are wage differentials in Germany, too," Etzel notes. "Bavaria has a lower scale than does the Ruhr."

Germany has higher direct taxes than some of the others, but lower indirect taxes—the partially hidden taxes that add to the cost of living in the long run but not necessarily to the initial production of goods.

This has been giving German steel producers a headache.

"French steel is a problem," Etzel admits, "since it can be sold here cheaper than German steel can be produced. The reasons are many. French steel mills may be more modern. Devaluation of the franc gave them an advantage.

"But tax differences are the chief stumbling block. German direct taxes are high and French low. The French try to balance their federal budget by high indirect taxes, while ours are low.

"Because of the low direct tax on steel production in France compared with the high one here, the European coal and steel community has put a 6 per cent tax on French steel exported here, or some 30 to 40 marks per ton. We think the tax should be 10 per cent.

"But this is another of the common market's growing pains that will be eased in time."

Still another problem is the differing currencies of the six. Common money is the ultimate goal.

Democrat Grady Beats McKeldin In Baltimore Race

BALTIMORE (AP)— Democrat J. Harold Grady offered a modest explanation today for his rocketing from political obscurity to mayor of Baltimore in a few short months.

"You can't attribute this to any political organization," he said after Tuesday night's thumping victory over Republican Theodore R. McKeldin, former mayor and governor of Maryland.

"It just showed the people are turning away the old faces," Grady suggested.

McKeldin is the second old face turned away by Baltimoreans in favor of Grady this year. The 42-year-old lawyer and former FBI agent, elected to a four-year term as state's attorney only last November, defeated three-time Mayor D'Alesandro in the March 3 Democratic primary.

Until then Grady's only political experience had been as an unopposed 1958 candidate for the prosecutor's job to which he had been appointed a short time earlier.

Returns from 567 of 572 polling places gave Grady 144,025 votes, McKeldin 71,981.

MISSING CHIMP RETURNED. Michael Blanchard, 4, feeds "Lulu," a year-old chimp from a feeding bottle which helped establish her identity after the animal was stolen March 29 from the pet shop operated by the boy's father in Oakland, Calif. Valued at $1,250, the chimp was spotted in a Glendale pet shop by a former customer who notified police. Comparisons of prints taken from her feeding bottle and her own prints proved the chimp found in Glendale and the missing "Lulu" were the same animal. (UPI Telephoto)

People Befogged, Befuddled

U.S.-Soviet Score 'Zero' On Disarm, A-Test Talks

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — You're a rare one if you are not befogged and befuddled by all the American and Soviet talk—going on for years— about disarmament, suspending nuclear tests, and abolishing nuclear weapons.

The result of all the talk so far is zero. There will be more. But here in ABC form, is an interpretation of what this government wants, doesn't want, and why.

It is based on answers given by the State Department to a series of questions from the Senate Disarmament subcommittee, headed by Sen. Hubert H. Humphrey, Minnesota Democrat.

Arms control, or disarmament, can be undertaken only to the degree that it can be enforced. This means some kind of inspection system to prevent cheating by either side.

But American scientists have not been able to develop any techniques that would make it possible to enforce an agreement outlawing nuclear weapons.

So it follows that even if there were an agreement on banning nuclear tests, it would not mean that nuclear weapons already in the hands of the United States and the U.S.S.R. would be destroyed.

Therefore, the possibility of nuclear war, even though the big powers agree not to do any more testing, will hang over the world's head a long, long time.

It would be to the disadvantage of this country to have an agreement banning the use of nuclear weapons in war—even if both sides lived up to an agreement not to use them. Why?

Because—since the Soviet, Red Chinese and satellite ground forces so hugely outnumber the Western ground forces—America's possession of nuclear weapons helps it offset the manpower advantage of the Communists. How?

Because so long as this country has nuclear weapons that can be used in swift retaliation if the Communists start a war, the Communists will be discouraged from starting one.

Therefore, the State Department says, this country has always insisted that disarmament be carried out in a balanced way so the Soviets would not be left with a military advantage.

In short, the United States refuses to go along with outlawing nuclear weapons alone. It wants balanced arms limitation, foolproof inspection and controls.

Arms limitation would include conventional weapons, because this country insists on balanced disarmament.

The State Department says: "We have insisted that each step in one field of military strength must be complemented with a similar step in other fields, and that all must be verified by international inspection."

But since the department says there is no way of knowing that the Soviet Union had destroyed its stocks of nuclear weapons—if it agreed to destroy them—it is easy to see how far off is any agreement on destroying nuclear weapons.

And since this country links all the steps in disarmament together, any disarmament looks a long way off, too.

As more nations—besides the United States, Britain and the Soviet Union—develop the ability to have a safeguarded disarmament agreement covering all types of nuclear weapons.

For instance, the department says that if Red China reached the point of being able to make nuclear weapons, no disarmament agreement based on Red Chinese commitments alone could be relied on to curb Peiping production of the weapons.

If this were a weather forecast on the prospects for world disarmament, it would have to say: outlook cloudy, temperature chilly.

Band Leader Dies

LOS ANGELES (AP) — Hal McIntyre, 44, band leader who had his own band at various times since he was 16, died Tuesday of burns suffered Sunday in an apartment fire. He played saxophone and clarinet with the Glenn Miller orchestra in the 1930s and early '40s and took it over after Miller's death.

Scientists Give Testimony

Reds Atomic-Fallout Seen Faster Than Was Expected

By JOE HALL

WASHINGTON (AP)— Radioactive fallout from huge Soviet nuclear weapons tests is concentrated in the Northern Hemisphere and reaches the earth much faster than expected, top government scientists now believe.

Their testimony on the Soviet-produced fallout was presented to a Senate-House Atomic Energy subcommittee Tuesday.

The scientists said fallout from United States and British tests also was descending faster than they had originally estimated, though not at the rate of the Soviet - produced debris.

Atomic Energy Commission Chairman John A. McCone sounded a reassuring note. In a speech to the National Press Club, McCone said a scientific advisory committee soon "will give further reassurance to the people of the world about the very small hazard resulting from fallout."

The three nuclear powers—the Soviet Union, Britain and the United States—are in the Northern Hemisphere where the fallout rate is highest. At Geneva they now are trying to reach agreement to suspend all atomic tests.

Dr. Willard F. Libby, the scientist member of the AEC, told the subcommittee in 1957 he believed the radioactive debris falls to earth in 5 to 10 years.

Tuesday he said he had modified his thinking considerably. He estimated that Soviet fallout, mostly from tests in the Far North, descends in one year. That from U.S. and British blasts, principally in the Pacific near the equator, takes four to five years, he said.

Dr. Lester Machta, U.S. Weather Bureau meteorologist, testified that strontium 90—one of the most deadly fallout substances — is much heavier in the north temperate zone.

He said that over-all fallout in the Northern Hemisphere probably is 2½ times the world average.

This spring, after the big Soviet blasts of last October, "promises to produce the highest fallout rate of any spring this far," the meteorologist said.

Tax Difference One Problem In Europe's Common Market

By SAM DAWSON
AP Business News Analyst

BONN (AP)—Americans shopping for a plant site in the European common market will find the six nations differ widely in many respects — taxes, labor costs, material costs, restrictions in importation of raw materials, and in the consumer market they offer.

The six also have many squabbles among themselves yet to be solved.

"Americans should take into account all the factors," says West German Finance Minister Franz Etzel. "Low wages alone doesn't justify a factory site."

He refers to the often heard charge that Germany is a high wage country compared, say, with Italy. Other members of the common market are France, Holland, Belgium and Luxembourg.

"There are wage differentials in Germany, too," Etzel notes. "Bavaria has a lower scale than does the Ruhr."

Germany has higher direct taxes than some of the others, but lower indirect taxes—the partially hidden taxes that add to the cost of living in the long run but not necessarily to the initial production of goods.

This has been giving German steel producers a headache.

"French steel is a problem," Etzel admits, "since it can be sold here cheaper than German steel can be produced. The reasons are many. French steel mills may be more modern. Devaluation of the franc gave them an advantage.

"But tax differences are the chief stumbling block. German direct taxes are high and French low. The French try to balance their federal budget by high indirect taxes, while ours are low.

"Because of the low direct tax on steel production in France compared with the high one here, the European coal and steel community has put a 6 per cent tax on French steel exported here, or some 30 to 40 marks per ton. We think the tax should be 10 per cent.

"But this is another of the common market's growing pains that will be eased in time."

Still another problem is the differing currencies of the six. Common money is the ultimate goal.

Democrat Grady Beats McKeldin In Baltimore Race

BALTIMORE (AP)— Democrat J. Harold Grady offered a modest explanation today for his rocketing from political obscurity to mayor of Baltimore in a few short months.

"You can't attribute this to any political organization," he said after Tuesday night's thumping victory over Republican Theodore R. McKeldin, former mayor and governor of Maryland.

"It just showed the people are turning away the old faces," Grady suggested.

McKeldin is the second old face turned away by Baltimoreans in favor of Grady this year. The 42-year-old lawyer and former FBI agent, elected to a four - year term as state's attorney only last November, defeated three - time Mayor D'Alesandro in the March 3 Democratic primary.

Until then Grady's only political experience had been as an unopposed 1958 candidate for the prosecutor's job to which he had been appointed a short time earlier.

Returns from 567 of 572 polling places gave Grady 144,025 votes, McKeldin 71,981.

FOR SALE REAL ESTATE

58 CITY-SUBURBAN PROPERTY

BUY NOW!

We have an old 2 story home on OHIO AVENUE, but you will never know its age by its condition. The outside is finished in DOUBLE Cedar Shingles. The windows are all new, with combination storms and screens throughout. The inside is remodeled from bow to stern and port to starboard. The walls are paneled and the entire home is done over. Better see it now for the best deal in town. $12,600.00

The replacement cost on this 4 bedroom brick home at 144 W. 4th St. would be beyond reach of a $25,000.00 budget, but this home can be bought for $17,000.00. There are carpeted living and dining rooms, front and back stairway, gas hot-water furnace, and a location so convenient to town that you could walk to the Diamond in 5 minutes. You are further protected by a good residential neighborhood and buying a home that will outlast the youngest of us. SEE IT NOW.

Would you like to own a 3 bedroom, 2 story brick home in a convenient location on a 100 foot lot, and still close to town? We have it. There is $1,800 in new downstairs carpet plus a new gas hot-water heating system and full basement. For a family home in excellent condition you can't afford to miss this one for $14,800.00

BUY NOW!

We have an old 2 story home on OHIO AVENUE, but you will never know its age by its condition. The outside is finished in DOUBLE Cedar Shingles. The windows are all new, with combination storms and screens throughout. The inside is remodeled from bow to stern and port to starboard. The walls are paneled and the entire home is done over. Better see it now for the best deal in town. $12,600.00

The replacement cost on this 4 bedroom brick home at 144 W. 4th St. would be beyond reach of a $25,000.00 budget, but this home can be bought for $17,000.00. There are carpeted living and dining rooms, front and back stairway, gas hot-water furnace, and a location so convenient to town that you could walk to the Diamond in 5 minutes. You are further protected by a good residential neighborhood and buying a home that will outlast the youngest of us. SEE IT NOW.

Would you like to own a 3 bedroom, 2 story brick home in a convenient location on a 100 foot lot, and still close to town? We have it. There is $1,800 in new downstairs carpet plus a new gas hot-water heating system and full basement. For a family home in excellent condition you can't afford to miss this one for $14,800.00

'No Legal Basis'

Mental Health Head Says She Won't Attend Hearing

CHARLESTON (AP)—Dr. Margaret Ross has decided not to attend the hearing Gov. Underwood plans for Saturday to consider charges against her of misconduct and incompetence.

She explained that she thought such a hearing had no legal basis.

The governor said in announcing it Monday that the purpose was to decide whether or not she should be removed as director of the State Department of Mental Health. He wanted her present.

Earlier, Underwood had asked her to resign to make way for Dr. Richard Lilly. This was in accordance with a plan worked out when a technicality forced Lilly's appointment to be canceled in January. Dr. Ross promised to serve temporarily. The constitution made it impossible to give her special status, and she was confirmed by the Senate for a term running through June of 1962.

An indication that something had gone amiss came when Dr. Ross announced that she disapproved of the policies for the department she believed the non-eligible Dr. Lilly intended to put into effect. She wound up by refusing to resign.

The governor could not simply dismiss her as he might the heads of other departments. Her tenure is secure unless she can be found guilty of misconduct or incompetence.

Underwood announced Monday, after she had taken her stand, that the hearing would be held. He admitted that the law on such proceedings was "somewhat vague." He did not name whoever brought the charges against Dr. Ross.

At first, she was silent. Then she revealed yesterday a letter to him in which she made her denial that there was a legal basis for the hearing.

She objected to "the additional fact that you obviously intend to act as prosecutor, judge and jury."

Underwood was away and could not be reached for comment. He is not expected back until tomorrow night.

His problem is complicated by the present status of Dr. Lilly, a 36-year-old psychiatrist he brought in to take the $20,000 a year directorship. Dr. Lilly said he'd been fired by Dr. Ross from the subordinate jobs in which he has been serving while awaiting his appointment.

Dr. Ross told the governor in her letter, "I am confident that I am taking the right position in this whole matter and will be prepared to justify it before proper tribunal."

Jack E. Phillips Named Chairman Of Homecoming

Jack E. Phillips, secretary, has been named chairman of the annual homecoming celebration for the ninth consecutive year, Wellsville volunteer firemen announced today.

The department's homecoming will be held June 22-27 at Central Park. A parade Friday, June 26, will climax the affair.

Phillips has served as homecoming chairman since 1951. Three co-chairmen named to assist him this year are George Cornwell, Charles Leatherberry and Danny Hitt.

Fire Chief Robert Lewis, Earl Mundy, president, and Phillips have signed a contract with the Gambill Amusement Co. of Wintersville to provide rides.

They will include a merry-go-round, ferris wheel, octupus, roller coaster, childrens' airplanes, cars, train and live ponies.

The department will operate all concessions and games, firemen said.

Other officers of the department are Cornwell, vice president; Lon Phillips, treasurer; Leatherberry, assistant chief, and Thomas Lanam, three - year trustee, Donald Miller, two-year, and Leatherberry, one-year.

The greatest of the ancient geographers was Ptolemy of Alexandria, who lived in the second century A.D. and who for many centuries was the great authority. His map of the world was universally used and it was the one on which Columbus relied in his voyages to the New World.

Post Fills Office At Lawrenceville

John Grimes was appointed assistant service officer when Lawrenceville American Legion Post 163 met Monday night. Graven Lyle, post service officer, is a patient at the Veterans Hospital at Pittsburgh.

Victor Reed, manager of the Post 163 team in the City Baseball League, said 18 have reported for tryouts. Robert Shroades, manager of an independent team sponsored by the post for younger boys, said helmets, balls, bats and other equipment has been bought for the team.

Charles Huffman, commander, read a letter of appreciation from parents of a youngster the post aided in attending a King and Queen-For-a-Day event at Charleston in April. John Merriman, commander of the Hancock County 40 & 8, thanked the post for its aid in the event.

Lunch was served. The next meeting will be May 18.

Firemen At Industry To Plan Fair Thursday

The Industry Township volunteer fire department will meet in the fire hall Thursday night at 8 instead of the regular meeting night, May 14, to plan the department's fair at Industry Heights ball field May 12-16.

The midway attraction will be Heck's Amusements. Cotton candy, hot dog and pop booths will be featured.

A house-to-house canvass is being made throughout Industry Township to sell concession tickets. Tickets purchased in this way will cost 15 cents less than those bought at the fair. The advance tickets are also on sale at Petrosky's Clover Farm store and Craft's Service station and at the home of Roy Hohenshell.

Boy, 15, Given Week's Term For Auto Theft

LISBON — A 15-year-old Salem boy was sentenced to a week in the detention room at the County Jail Monday by Juvenile Judge Louis Tobin in connection with the theft of an auto.

The boy and a Salem companion, 11, were apprehended in the stolen auto Sunday by the State Highway Patrol. The older boy was ordered to pay $25 and must remain home at night for 4 months, unless accompanied by his parents.

The younger boy was placed in the custody of his parents, and ordered not to associate with the other youth.

'Because They Were Bad'

Mother, Boy Friend Relate Murder Of Her Two Sons

SAN DIEGO, Calif., (AP)—A mother and her unemployed boy friend calmly told officers Tuesday how they planned and carried out the murder of her two young sons.

The couple, who had been in San Diego only two weeks, were quoted by sheriff's deputies as saying they killed the boys last Saturday "because they were bad" and left their bodies in the mountains east of here.

Kenneth Archie Merriam, 36, an unemployed painter, told officers and reporters he strangled the boys at the suggestion of their mother, Wanda Brogdon, 33.

"She talked me into it," Merriam said. "It's a shame." He had been asked to explain why he strangled David Wayne Brogdon, 3, and Virgil Brogdon Jr., 5.

Dist. Atty. Don Keller said Merriam and Mrs. Brogdon would be arraigned on two counts of murder.

They are accused of taking the boys—along with a 19-month-old sister, Cynthia, who was not harmed—into the Laguna Mountains about 50 miles east of here where Merriam confessed he took first the older boy and then the younger boy from the car and strangled them.

The couple, after a round of bars early Tuesday, returned to the murder scene, put the bodies in their car, and drove to the home of Merriam's sister, Margaret Schmitter, in suburban Spring Valley.

When Mrs. Schmitter learned what had happened she telephoned the sheriff's office, saying: "There are two dead kids in the car and they're going to get me."

Mrs. Schmitter said later she served Merriam and Mrs. Brogdon coffee to keep them from leaving before deputies arrived.

Merriam, Mrs. Brogdon and the three children came here from Rockford, Ill., where Merriam said they met when both lived in the same apartment.

In Rockford, Virgil Brogdon, 42, father of the boys, said he and his wife had been separated a year. He filed suit for divorce, charging his wife with desertion, April 16.

75 Marksmen Receive Prizes For Accuracy

LISBON — About 75 marksmen from the tri-state area received prizes — 12 hams and 20 slabs of bacon — for winning top scores in the rifle and shotgun shoot sponsored Sunday by the Columbiana County Fish and Game association at its range.

A unit of the 778th Tank Battalion, Army Reserve, will use the range May 22, for small arms training exercises and the range will be closed to all members. The Reserve has its headquarters in East Liverpool.
